The company you order from will set up an account for you. Have your HealthSelect medical ID card handy, which includes your group number (38000 or 38001) and subscriber ID number. The company will usually verify your coverage with BCBSTX and contact your physician.

As a HealthSelect participant, you can buy supplies from any durable medical equipment provider, such as your local pharmacy. However, if the provider is not contracted with BCBSTX, you will have to pay up front and file a claim for reimbursement. You will also be responsible for paying the difference between the billed and the allowable amount.

If you have any questions, please contact BCBSTX Customer Service at (800) 252-8039.
