Liberty Medical Supply		(888) 306-7337	Diabetic Supplies
Medtronics		(800) 933-3322 Outside Texas	

When using one of these providers, you should call the company directly to determine whether or not they carry your supply. After confirming that the provider carries your supply, you should set up an account by providing your name, address, group number (38000 or 38001), subscriber identification number and your physician's name and number. The company will typically verify coverage with BCBSTX and obtain the medically necessary information from your physician.

Please note, that as a HealthSelect member, you can use any provider (ex., local drug store or pharmacy) for your diabetic supplies; however, if the provider does not have a contract with BCBSTX, you will be responsible for filing your claims and will be responsible for the difference between the billed and the allowable amount.

If you have any questions about contracting DME providers and your benefits, please contact our Customer Service Department at (800) 252-8039.

*This is not a complete list of all contracting DME providers who may carry your supplies. To view a complete listing of contracting DME providers, visit the online Provider Directory found on the HealthSelect website, www.bcbstx.com/hs/providers. To determine whether a provider carries your particular supply, please contact that provider directly.
