

BlueCross BlueShield of Texas

DISCLOSURE NOTICE **May 29, 2007**

In accordance with Texas law and regulation, Blue Cross and Blue Shield of Texas (BCBSTX) hereby gives notice that changes will be made to the claims processing system that affects our bundling logic. We will be upgrading to McKesson ClaimCheck Version 39, effective on or after August 27, 2007 for all lines of business.

Due to our licensing agreement with McKesson, mass lists or spreadsheets of bundling combinations cannot be distributed. For further information about current payment policies or Medical Policy please access our Web site at <https://www.bcbstx.com/provider>.

For further information about current bundling methodologies, or to request specific code to code bundling, you may access this information via the online tool, Clear Claim Connection™ (CCC). This web-based code auditing reference tool is available to all contracted Blue Cross and Blue Shield of Texas (BCBSTX) providers. It is available through a secure provider portal at https://www.bcbstx.com/provider/clear_claim_connection.
