

Your prescription, your choice.

~~\$83~~*

Thirty-day
brand name prescription

~~\$30~~*

Thirty-day prescription
of its generic equivalent

* National average cost

The generic drug can be just as effective. Both medicines have the same active ingredients, the same strength and the same dosage. Choosing generic drugs whenever possible can not only save you money at the pharmacy, but will help keep costs down for everyone in your health plan. Talk with your doctor to determine what's best for you.
