Key Services

Medical Search and Referral: GGA will assist you in finding physicians, dentists and medical facilities.

Medical Monitoring: During the course of a medical emergency, professional case managers, including physicians and nurses, will monitor your case to determine whether the care is appropriate or if evacuation/repatriation is required.

Medical Evacuation/Return Home: In the event of a medical emergency, when a physician designated by GGA determines that it is medically necessary for you to be transported under medical supervision to the nearest hospital or treatment facility or be returned to your place of residence for treatment, GGA will arrange and pay for the transport under proper medical supervision.

Traveling Companion Assistance: If a travel companion loses previously made travel arrangements due to your medical emergency, GGA will arrange for your traveling companion’s return home.

Dependent Children Assistance: If any qualifying dependent children under the age of 18 traveling with you are left unattended because you are hospitalized, GGA will arrange and pay for their economy class transportation home. Should transportation with an attendant be necessary, GGA will arrange for a qualified escort to accompany the children.

Visit by Family Member/Friend: If you are traveling alone and must be or are likely to be hospitalized for at least seven consecutive days or in critical condition, GGA will arrange and pay for round-trip transportation for one member of your immediate family, or one friend designated by you, from his or her home to the place where you are hospitalized.

Return of Mortal Remains: In the event of your death while traveling, GGA will arrange and pay for all necessary government authorization, including a container appropriate for transportation and for the return of the remains to the place of residence for burial.
