Limited Provider Networks

Your primary care practitioner is part of a provider network or association of health care professionals who work together to provide a full range of health care services. That means, when you choose your primary care practitioner, you are also choosing a limited provider network and in most instances, for services to be covered by your health care benefit plan, you are not allowed to receive services from any practitioner or health care professional that is not also part of your primary care practitioner's network. You will not be able to select any practitioner or provider outside of your primary care practitioner's network, even if that practitioner or provider is participating in Blue Premier Access. All of your care will be provided by or arranged for within the limited provider network to which your primary care practitioner belongs, so make sure that your primary care practitioner's network includes the specialists and hospitals that you prefer.

ATTENTION FEMALE ENROLLEES: Choosing OB/GYN Services

In selecting your primary care practitioner, remember that your primary care practitioner's network affects your choice of an OB/GYN. For preventive care (well-woman exams), gynecological conditions, or maternity care, female members may see a network OB/GYN without first obtaining a referral from their primary care practitioner. If you choose to select an OB/GYN, the OB/GYN you select must belong to the same limited provider network as your primary care practitioner. This is another reason to make certain that your primary care practitioner's network includes the specialists, particularly the OB/Gyn, and hospitals that you prefer. You are not required to select an OB/GYN; you may elect to receive your OB/GYN services from your primary care practitioner.

A. Introduction

Welcome to Blue Essentials

Blue Cross and Blue Shield of Texas (BCBSTX) offers an HMO plan designed to give you access to a statewide network of contracting practitioners and hospitals in all 254 Texas counties. With Blue Essentials, members select a Primary Care Provider (PCP) to partner with to help coordinate care with specialists, help coordinate care and make referrals to specialists and other Blue Essentials providers when needed.

Members are covered for emergency services even when out of network or out of state, through the BlueCard® Program. Like other BCBSTX network products, support and guidance tools are available to help our members make informed decisions and maximize their health care benefits.

Whether choosing a new Primary Care Provider (PCP) or locating a specialist or other health care professional, this directory can help. It lists the doctors, specialists, hospitals, and other professionals who participate in the Blue Essentials network. Like other BCBSTX network products, support and guidance tools are available to help our members make informed decisions and maximize their health care benefits.

You can also use “Find a Doctor or Hospital”, available at www.bcbstx.com, for the most up-to-date list of Blue Essentials independently contracted network doctors, hospitals and other health care providers.

Just visit www.bcbstx.com and follow these steps:

- Select “Find a Doctor or Hospital”.
- Under the Guest search section, refer to the Step-by-Step PDF.
Or
- Use Member Login, once registered – all you need are your group and identification numbers, found on your BCBSTX member ID card.
 - Select “Doctors & Hospitals”
 - You can search by category or search by Name or Specialty

If you need help finding a network provider or have questions about your benefits, call the toll-free number on the back of your ID card.

A2. Member Notice of Rights

You have the right to:

- Select and/or change your primary care physician/provider (PCP), and know the qualifications, titles, and responsibilities of the professionals responsible for your health care.
- Be provided with information about your HMO, health care benefits, copayments, copayment limitations and/or other charges, service access, changes and/or termination in benefits and participating providers, exclusions, and limitations.
- Receive prompt and appropriate treatment for physical or emotional disorders and participate with your providers in decisions regarding your care.
- Express opinions, concerns, complaints and appeals regarding any aspect of the HMO program in a constructive manner.
- Be treated with dignity, compassion, and respect for your privacy.
- Receive timely resolution of complaints or appeals through Customer Service and the HMO complaint procedure.
- Have all medical and other information held confidential unless disclosure is required by law or requested in writing by you.
- Have access to review by an Independent Review Organization.
- Make recommendations regarding your HMO rights and responsibilities policies.
- Right to refuse treatment and be informed of the medical consequences as a result of this decision.
- Have a candid discussion of appropriate or medically necessary treatment options for your condition, regardless of cost or benefit coverage.

A3. Notice of Rights Out-of-Network Physicians and Providers

A health maintenance organization (HMO) plan provides no benefits for services you receive from out-of-network physicians or providers, with specific exceptions as described in your evidence of coverage and below.

- You have the right to an adequate network of in-network physicians and providers (known as network physicians and providers).
- If you believe that the network is inadequate, you may file a complaint with the Texas Department of Insurance at: www.tdi.texas.gov/consumer/file-health-cmplnt.html.
- If your HMO approves a referral for out-of-network services because no network physician or provider is available, or if you have received out-of-network emergency care, the HMO must, in most cases, resolve the out-of-network physician's or provider's bill so that you only have to pay any applicable in-network copayment, coinsurance, and deductible amounts.
- You may obtain a current directory of network physicians and providers at the following website www.bcbstx.com, or by calling **1-800-451-0287** for assistance in finding available network providers. If you relied on materially inaccurate directory information, you may be entitled to have a claim by an out-of-network physician or provider paid as if it were from a network physician or provider, if you present a copy of the inaccurate directory information to the HMO, dated not more than 30 days before you received the service.

A4. Using This Directory to Select a PCP

Primary Care Providers

Primary Care Provider (PCP) means the Participating Physician Assistant (PA) or Advanced Practice Registered Nurse (APN) who primarily provides a member's health care. PCP specialties include family practice, general practice, internal medicine, obstetrics & gynecology and pediatrics.

As a Blue Essentials member, you should first select a PCP who participates in the Blue Essentials network. Your PCP is important because he or she provides or coordinates your health care. The PCP oversees your routine care and refers you to a specialist if necessary. Members must live or work in the network coverage area to enroll in this plan.

Blue Essentials offers members access to a select set of hospitals and doctors in the county coverage area above. This directory can be used to select a PCP by following these steps:

- Use the "Primary Care Providers" section to locate PCPs by city and specialty or use the index to search alphabetically by name. You may choose a different PCP for each covered family member, or you may select the same one for the entire family. Important note: In addition to selecting a PCP, a woman may also select an obstetrician or gynecologist to provide both gynecological and obstetrical care. However, a woman may choose to receive gynecology and/or obstetrical care from the PCP, provide the PCP is qualified to provide gynecological and/or obstetrical services. Additionally, women can obtain services without PCP referral from a network obstetrician or gynecologist for health care services within the scope of the professional specialty practice of a properly credentialed obstetrician or gynecologist.
- Call the PCP's office to confirm that they are accepting new patients.
- Make note of the PCP number that's shown in the doctor's listing – you'll need it when you enroll or change your PCP.
- To select a PCP for the first time, just follow your enrollment instructions. To change your PCP, log into your Blue Access for Members (BAM) account, go to My Coverage and update the PCP box or call Customer Service at **1-877-299-2377** (Monday through Friday from 8 a.m. – 8 p.m. Central time). Your change will be effective on the first day of the month after your request is received.

OR

- Visit **www.bcbstx.com**, select "Find a Doctor or Hospital". Use Member Login, once registered — all you need are your group and identification numbers, found on your BCBSTX member ID card.
 - Select "Doctors & Hospitals"
 - You can browse by category or search by Name or Specialty.

If you need help finding a network provider or have questions about benefits call the toll-free number on the back of your ID card.

A5. What You Should Know About Provider Networks

Specialty Care

A PCP referral is required to receive covered care from hospitals, specialists and other providers listed in this directory. However, there are a few instances where self-referral can be made to specialists or other providers:

- Emergencies (see “What To Do In An Emergency” section below)
- Obstetrical and gynecological services (The OB/GYN must be in the same Provider Network as your PCP.)
- Behavioral health/chemical dependency services
- Annual diabetic retinal eye exams

Getting Health Care When You Need It

Before you get sick, it's a good idea to make an appointment with your PCP to establish a doctor-patient relationship. By doing so, your PCP can get to know you and your medical history.

When care is needed, just follow these steps:

1. Call your PCP's office to make an appointment.
2. If it's the first visit, get to the appointment early to complete any required paperwork.
3. Pay the applicable copayment at the time of your visit. This will be the only out-of-pocket expense for the visit. However, if a bill is received for any covered services from any physician or provider, please contact Customer Service at **1-877-299-2377** (Monday through Friday from 8 a.m. – 8 p.m. Central Time).
4. If your PCP determines that specialty care is necessary, he or she will coordinate the referral process.

A6. Hospital and Facility-Based Providers

Hospital admissions may include services rendered by an anesthesiologist, pathologist, radiologist, emergency medicine physician, or neonatologist. BCBSTX makes every effort to contract with facility-based providers that routinely provide services at Blue Essentials network facilities.

The information in this directory can help determine which facility has contracted facility-based providers, which can help minimize out-of-pocket costs. These costs will be higher if care is received from anesthesiologists, pathologists, radiologists, emergency medicine physicians and/or neonatologists who do not participate in the Blue Essentials network.

Although Health Care Services may be or have been provided at a Health Care Facility that is in network with your health benefit plan, other professional services may be or have been provided at or through the facility by physicians and other health care practitioners who are not contracted with that network. The non-network facility-based physician or other health care practitioner may balance bill you for amounts not paid by the health benefit plan; if you receive a balance bill, please contact BCBSTX at the number on the back of the ID card.

To confirm the hospital you may choose includes anesthesiologists, pathologists, radiologists, emergency medicine physicians and neonatologists that participate in the Blue Essentials network, refer to the Hospital-Based Physicians section of this directory.

In addition, your physician or provider may refer to laboratory or diagnostic imaging service providers that are not in network. The non-network laboratory or diagnostic imaging service may balance bill you for amounts not paid by the health benefit plan. If you receive a balance bill, please contact BCBSTX at the number on the back of the ID card.

A7. What to do in an Emergency

If an emergency occurs, call **911** or go to the nearest emergency care facility. Emergency care means health care services provided in a hospital emergency facility (emergency room), freestanding emergency medical care facility or comparable emergency facility to evaluate and stabilize medical conditions of a recent onset and severity, including, but not limited to, severe pain that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that the person's condition, sickness, or injury is of such a nature that failure to get immediate care could result in:

- Placing the patient's health in serious jeopardy
- Serious impairment of bodily functions
- Serious dysfunction of any bodily organ or part
- Serious disfigurement
- In the case of a pregnant woman, serious jeopardy to the health of the fetus

Call your PCP within 48 hours of the emergency treatment or when admitted to the hospital from the emergency room. For behavioral health emergency care, call **BCBSTX** at **1-800-528-7264**.

Please note: Emergency room services that are part of the initial medical screening exam or that are necessary to stabilize the emergency condition are covered benefits. Additional services provided after the emergency condition has been stabilized that are not preapproved by your PCP or authorized by Blue Essentials may not be covered benefits.

Care When You're Away From Home

In an HMO, care that is not coordinated by the PCP is generally not covered. However, there may be times when members are traveling away from home and need emergency or urgent care that can't wait until they return home. Through the BlueCard® Program, covered members and their covered family members can receive covered care almost anywhere in the country from Blue Cross and Blue Shield participating doctors, hospitals and other health care providers.

Emergency and Urgent Care

When a member or a covered family member needs emergency care, go immediately to the nearest emergency facility. When traveling out of Texas and needing urgent care (care that can't wait until you get home), go online to the BlueCard Doctor and Hospital Finder at bcbs.com. Our dedicated BlueCard line can be reached at **1-800-810-BLUE (2583)** and a customer service representative will be able to assist.

Away From Home Care® Program

If a member or a covered family member will be outside of Texas for at least 90 days, they may be eligible to become a guest member of another Blue Cross and Blue Shield Association-affiliated HMO. However, affiliated HMOs are not available in all locations, and not all Blue Cross and Blue Shield Association HMOs participate in the Away From Home Care Program.

When arriving at your new location, you'll receive information about your host HMO, including a list of providers and the guest member benefits. The benefits and the way services are accessed may not be the same as with Blue Essentials.

A8. Laboratory Services

Statewide In-Network Clinical Labs for members include:

- Clinical Pathology Laboratory (CPL) – contact CPL at **1-800-595-1275** or visit CPS' website at www.cpllabs.com
- Laboratory Corporation of America® (LabCorp) – contact LabCorp at **1-888-522-2677** or visit LabCorp's website at www.labcorp.com
- Quest Diagnostics, Inc.® - contact Quest at **1-888-277-8772** or visit Quest's website at www.questdiagnostics.com

A9. Vision Care

Blue Essentials members will receive eye screenings which may be performed in the PCP's office. For health plans requiring a referral, eye screenings, medically related eye care provided by an ophthalmologist or by a therapeutic optometrist, must be referred by your PCP. You can call EyeMed Vision Care at **1-844-684-2255** for assistance in selecting a participating provider or go to the BCBSTX website at www.bcbstx.com and select "Find Care".

Pediatric Vision Care

Pediatric Vision Care may be part of your Blue Essentials health care plan for children under age 19. You can call EyeMed Vision Care at **1-844-684-2255** for assistance in selecting a participating provider. If Pediatric Vision Care is part of your plan, children under age 19 will receive their annual eye exam and eye wear (exams, lenses and contacts) from EyeMed Vision Care. A referral from your PCP is required for routine vision care.

For medically related eye care provided by an ophthalmologist or by a therapeutic optometrist, you must be referred by your PCP.

A10. Pharmacy

If the Blue Essentials Prescription Drug Program was selected as an additional benefit of your health care plan, always have covered prescriptions filled by one of the participating pharmacies. A participating pharmacy can be located by calling the number on the back of the Member ID card or go to the BCBSTX website at www.bcbstx.com and select "Find Care". In most instances, prescriptions must be written by contracted providers to be covered.

A11. Independent Contractors

The contracted health care practitioners listed in this directory are independent contractors. They are not employees or agents of BCBSTX. BCBSTX enters into contracts under which these providers agree to provide certain covered health care services to Blue Essentials members. In making decisions about member care and in providing or recommending health care services to members, these providers use their independent professional judgment, for which they are solely responsible.

A12. Helping You Stay Healthy and Control Costs

Blue Essentials encourages preventive care that can help identify health problems at an early stage. Preventive care benefits include coverage for services such as physical exams, well-woman exams and immunizations. If you aren't sure of the preventive services that are right for you, talk to your PCP.

Blue Essentials also offers a variety of resources to help members stay healthy and use their benefits wisely, such as Web and mobile tools, wellness programs, a social media community and Blue365[®], a program that offers discounts on fitness gear, eyewear, hearing aids, dental products and other health and wellness products and services.

And there's more...

Quality Improvement Program:

Your Blue Essentials plan also offers a variety of programs and services that help members with chronic illness, preventive and women's health and behavioral health. Program initiatives include satisfaction surveys and birthday cards mailed to members in targeted age ranges as a reminder to obtain preventive services such as immunizations and mammography. Blue Essentials monitors the types of services received by members and evaluates member satisfaction with these services.
