

Performance Data on Quality Measures

Reporting Years 2021-2023

The tables below summarize percentages of our members who received care related to selected quality measures for reporting years 2021, 2022 and 2023, as measured by the National Committee for Quality Assurance's [Quality Compass®](#). Quality Compass is a national benchmarking tool. The charts reflect the 50th percentile, which is the national average on these measures.

Rates for HMO and PPO Commercial Plans

Care Provided	50 th Percentile National Average	HMO Rates			PPO Rates		
		2021	2022	2023	2021	2022	2023
