

# Performance Data on Quality Measures

Reporting Years 2022-2024

The tables below summarize percentages of our members who received care related to selected quality measures for reporting years 2022, 2023 and 2024 as measured by the National Committee for Quality Assurance's [Quality Compass®](#). Quality Compass is a national benchmarking tool. The charts reflect the 50th percentile, which is the national average on these measures.

## Rates for HMO and PPO Commercial Plans

Care Provided	50 <sup>th</sup> Percentile National Average	HMO Rates			PPO Rates		
		2022	2023	2024	2022	2023	2024
