The **Affordable Care Act (ACA)** includes a provision that gives Health Insurance Marketplace members who receive advanced premium tax credits (APTC) also known as subsidies, a three-month grace period to pay their premium.

Grace Period Overview:

- The three-month grace period is only required for enrollees who have made one full premium payment during the benefit year and who are receiving the APTC.
- The health plan is responsible for adjudicating claims during the first month after a member enters the grace period. The claims adjudicated are for dates of service rendered within the first month of this grace period.
- During the second and third months of the grace period, issuers have the choice of either pending the claims or adjudicating the claims and seeking a refund if the member doesn't pay all outstanding premium payments.
- If a member fails to pay all outstanding premiums by the end of the three-month grace period, the health plan must terminate the member's coverage.
- For additional details, go to [www.Healthcare.gov](http://www.Healthcare.gov).
