## Information Provided in this Provider Manual

This Provider Manual has been created for network physicians, professional providers, facility and ancillary providers. The member identification (ID) card furnishes information about **Plan** health care providers need to effectively serve their **Plan** members/subscribers. Give special attention to the member/subscriber ID number. Each card has a toll-free number to call for information and assistance. Obtaining the correct information will save your staff time and effort.

This manual will assist you in the day-to-day administration of the **Plan** networks, providing needed information including:

- Characteristics of the health benefit plans
- Instructions for obtaining patient eligibility information
- Referral authorizations
- Select Outpatient Prior Authorizations, and
- Inpatient Admissions

This manual has been developed to provide pertinent information about the **Plans**. Updates to this manual will be provided periodically, when changes occur.

---

## Modifications

The **Plans** may amend this Agreement or may modify the Provider Manual where such amendment or modification is materially adverse to physician, other professional provider or medical group and is not required by the applicable laws only upon ninety (90) days prior written notice to physician, other professional provider or medical group. Physician, other professional provider or medical group may terminate this Agreement by giving written notice of such termination to the health care provider or medical group within thirty (30) days of its receipt of such notice of amendment or modification, effective no earlier than the end of such amendment or modification notice period unless within sixty-five (65) days following the date of such amendment or modification notice **Plan** gives written notice to health care provider or medical group that it will not carry into effect such amendment or modification. Health care provider's or medical group's failure to give notice of termination to the **Plan** within thirty (30) days of its receipt of such notice of amendment or modification shall constitute agreement to and acceptance of such amendment or modification by health care or medical group.
