BlueCross BlueShield  
of Texas

### Blue Advantage Plus Silver<sup>SM</sup> 202

### Blue Advantage HMO<sup>SM</sup> Network

The following Benefit Highlights summarizes the coverage available under the offered HMO Plan. The Evidence of Coverage (EOC) documents You will receive after You enroll will provide more detailed information about this plan. This summary should be reviewed along with the Limitations and Exclusions.

All Covered Services (except in emergencies) must be provided by or through Member's Participating Primary Care Physician/Practitioner, who may refer them for further treatment by Providers in the applicable network of Participating Specialists and Hospitals. Female members may visit a participating OB/GYN physician in their Primary Care Physician's/Practitioner's provider network for diagnosis and treatment without a Referral from their Primary Care Physician/Practitioner. Urgent Care, Retail Health Clinics and Virtual Visits do not require Primary Care Physician/Practitioner Referral. Some services may require Preauthorization by HMO.

**IMPORTANT NOTE:** Copayment/Coinsurance shown below indicates the amount You are required to pay, are expressed as either a fixed dollar amount or a percentage of the Allowable Amount and will be applied for each occurrence unless otherwise indicated. Copayments/Coinsurance, Deductibles and out-of-pocket maximums may be adjusted for various reasons as permitted by applicable law.

38. Prescription Orders written by a member of Your immediate family, or a self-prescribed Prescription Order.
39. Institutional packs and drugs which are repackaged by anyone other than the original manufacturer.
40. Drugs determined by BCBSTX to have inferior efficacy or significant safety issues.
41. Bulk powders.
42. Diagnostic agents (except for diabetic testing supplies or test strips as described in this Policy).
43. Any portion of Covered Services or Covered Drugs paid for through Prohibited Third-Party cost sharing Payments, such as drug cards or rebates.

## **MEDICALLY NECESSARY COVERED SERVICES AND BENEFITS**

The EOC contains specific information regarding health care benefits, copayments, any other amounts due, limitations and exclusions. You will receive this document after you enroll. To obtain the most from your health care coverage, please take time to review your EOC, Benefit Highlights and attachments carefully and keep them for reference. A Benefit Highlights also accompanies this **Plan Description and Member Handbook**. During enrollment, you will select a primary care physician/practitioner (PCP) for yourself and one for each of your covered dependents. Your PCP can provide most of your health care needs. A PCP may be a family or general practitioner, Advanced Practice Nurse, Physician Assistant, internist, pediatrician or Obstetrician/Gynecologist (OB/GYN). Please see the "Receiving Care" section below for more information about PCPs.

### **Hospitalization**

If you need to be hospitalized, your PCP or participating OB/GYN can arrange for your care at a local participating hospital. Your PCP or participating OB/GYN will make the necessary arrangements (including referrals) and keep you informed. HMO shall review the referral request and issue a determination indicating whether proposed services are preauthorized within 24 hours of the request by the PCP or participating OB/GYN. You may have to pay a copayment and any other applicable coinsurance or deductibles for some of these services, depending on your plan.

When you think you need hospital care, in non-emergency situations, first call your PCP. Special rules apply in emergency situations or in cases where you are out of the area (see "Emergency Care" section).

### **Other Medical Services**

In addition to PCPs, specialists, and hospitals, the network includes other health care professionals to meet your needs. If you need diagnostic testing, laboratory services or other health care services, your PCP or participating OB/GYN will coordinate your care or refer you to an appropriate setting. You may have to pay a copayment and any other applicable coinsurance or deductibles for some of these services, depending on your plan.

### **Preventive Care**

Preventive care is a key part of your plan, which emphasizes staying healthy by covering:

- Well-child care, including immunizations
- Prenatal and postnatal care
- Hearing loss screenings through 24 months
- Periodic health assessments
- Eye and ear screenings
- Annual well-woman exams, including, but not limited to, a conventional Pap smear
- Annual screening mammograms for females over age 35, or females with other risk factors
- Bone mass measurement for osteoporosis
- Prostate cancer screening for males at least age 50, or at least age 40 with a family history of prostate cancer
- Colorectal cancer screening for persons 50 years of age and older
- Any other evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Task Force ("USPSTF") or as required by state law.

### **Behavioral Health Care**

Your mental health benefits include outpatient and inpatient visits for crisis intervention and evaluation. Please refer to your EOC for additional information. To access mental health services, call the designated behavioral health vendor listed on the back of your ID card.

### **Prescription Drugs**

To find out which prescription drugs are covered under a plan, you can review the applicable drug list at <https://www.bcbstx.com/member/prescription-drug-plan-information/drug-lists>. You may also request a drug list exception. For information on how to request a drug list exception please refer to your Evidence of Coverage.

#### **REMEMBER:**

- Your PCP or participating OB/GYN will arrange for specialty care or hospitalization.
- Preventive care is an important part of your program to help you stay healthy. These services can be provided or arranged by your PCP.
- Usually a copayment and any applicable coinsurance or deductible is all you will be responsible for when you obtain services provided or arranged by your PCP.
- You won't have to file claims for services received from participating providers.

## **EMERGENCY CARE, AFTER HOURS CARE AND URGENT CARE**

### **Medical Emergencies**

Emergency care is defined as health care services provided in a participating or non-participating hospital emergency facility, freestanding emergency medical care facility, or comparable facility to evaluate and stabilize medical conditions of a recent onset and severity, including but not limited to severe pain, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that his or her condition, sickness, or injury is of such a nature that failure to get immediate medical care could result in placing the patient's health in serious jeopardy, cause serious impairment to bodily function, cause serious dysfunction of any organ or part of the body, cause serious disfigurement or, in the case of a pregnant woman, cause serious jeopardy to the health of the fetus.

In a medical emergency, seek care immediately. Present your ID card to the hospital emergency room or comparable facility. You or a family member should call your PCP within 48 hours or as soon as possible after receiving emergency care. This call is important so that your PCP can coordinate or provide any follow-up care required as a result of a medical emergency.

#### **REMEMBER:**

- In an emergency, seek care immediately.
- You or a family member should call your PCP within 48 hours or as soon as possible after receiving emergency care.

If post stabilization care is required after an Emergency Care condition has been treated and stabilized, the treating physician or provider will contact HMO or its designee, who must approve or deny such treatment within the time appropriate to the circumstances relating to the delivery of the services and the condition of the patient, but in no case shall approval or denial exceed one hour from the time of the request.

### **After Hours Care**

HMO participating providers have systems in place to respond to your needs when their business offices are closed. These systems may include the use of an answering service or a recorded telephone message informing patients how to access further care.

### **Urgent Care Services**

Urgent care services are covered when rendered by a participating urgent care center provider for the immediate treatment of a medical condition that requires prompt medical attention but where a brief time lapse before receiving services will not endanger life or permanent health and does not require emergency care services.

### **Retail Health Clinics**

Retail health clinics provide diagnosis and treatment of uncomplicated minor conditions in situations that can be handled without a traditional PCP office visit, urgent care visit or emergency care visit. A PCP referral is not required to obtain covered services.

### **Virtual Visits**

Virtual visits provide you with access to virtual network providers that can provide diagnosis and treatment of non-emergency medical and behavioral health conditions in situations that can be handled without a traditional PCP office visit, behavioral health office visit, urgent care visit or emergency care visit. Covered services may be provided via a consultation with a licensed medical professional through interactive audio via telephone or interactive audio-video via online portal or mobile application. For information on accessing this service, you may access the website at [www.bcbstx.com](http://www.bcbstx.com) or contact customer service at the toll-free number on the back of your identification card. A PCP referral is not required to obtain covered services.

Note: not all medical or behavioral health conditions can be appropriately treated through virtual visits. The virtual network provider will identify any condition for which treatment by an in-person Provider is necessary.

## **Out-of-Area Services and Benefits**

### **Emergency Services Outside the Service Area**

In an emergency, go directly to the nearest hospital. If you are outside the service area and require medical care, you are covered for emergency services only.

### **Urgent Care Outside the Service Area**

When you are traveling outside of Texas and you need urgent care that cannot be postponed until you return home, the BlueCard® Program gives you the ability to obtain health care services through a Blue Cross and Blue Shield-affiliated physician or hospital outside of Texas.

Follow these easy steps:

1. Locate a participating provider by calling BlueCard Access at 1-800-810-BLUE (2583) or visit the BlueCard Doctor and Hospital Finder website ([www.bcbs.com](http://www.bcbs.com)).
2. Call your PCP for referrals and for care requiring preauthorization.
3. Schedule an appointment directly with the provider.
4. Present your ID card.
5. Pay any applicable copayments, coinsurance or deductible.
6. Discuss follow-up care with your PCP.

## **YOUR FINANCIAL RESPONSIBILITIES**

BCBSTX requires a premium from you as a condition of coverage. A copayment and any applicable coinsurance or deductible may be due at the time a participating provider renders service. Certain copayment amounts and any applicable coinsurance or deductible and the corresponding types of services are listed on your ID card. For a complete list, refer to the Schedule of Copayments and Benefit Limits in your EOC. The copayment and any other coinsurance or deductible amount is determined by your plan. Consumer Choice plans do not include all state mandated health insurance benefits which means these plans may include deductibles and benefit limits that are not included on other plans. Also, you will have to pay for services that are not covered by HMO.

HMO network physicians and providers have agreed to look only to HMO and not to its members for payment of covered services. Usually, you are expected to pay nothing more than a copayment and any applicable coinsurance or deductible to participating providers. You should not receive a bill for services received from participating providers. If this occurs, call Customer Service to help determine if the service is a covered benefit and/or to correct the problem.

## **LIMITATIONS AND EXCLUSIONS**

Your EOC contains specific information including limitations and exclusions. Your EOC will include prescription drug benefit exclusions and limitations. The Benefit Highlights also include a summary of limitations and exclusions.

## **PREAUTHORIZATION REQUIREMENTS, REFERRAL PROCEDURES AND OTHER REVIEW REQUIREMENTS**

Except for emergency care, your PCP or OB/GYN must authorize all referrals in advance. When your PCP refers you for care, this helps ensure that you receive care that is medically necessary and appropriate. If your PCP or OB/GYN cannot render the services you require, then the PCP or OB/GYN will refer you to the provider(s) you need. Any referral services will be subject to all of the terms, conditions, limitations and exclusions of the HMO plan. Please see the "Receiving Care" section below for more information about PCPs.

Emergency care services for screening and stabilization do not require preauthorization. Routine requests for inpatient admissions are preauthorized by registered nurses who utilize a system of clinical protocols and criteria to determine the following:

- Medical necessity of the requested care;
- Appropriateness of the location and level of care;
- Appropriateness of the length of stay; and/or
- Assignment of the next anticipated review point.

### **Concurrent Review**

HMO supports the review of requests for continued services including inpatient hospital admissions. Concurrent review is conducted both telephonically and via onsite review at selected facilities. Reviews are conducted by registered nurses and include the following:

- Evaluation for appropriateness (medical necessity/level of care/length of stay);
- Evaluation and coordination of discharge planning requirements;
- Referral to Case Management or Disease Management Programs; and/or

- Identification of potential quality of care issues.

### **Retrospective Review**

HMO may conduct reviews after services have been provided to the patient. Retrospective review includes a medical necessity evaluation of the care/service provided to the member, and of physician compliance to the Utilization/Case Management Program Requirements.

### **Case Management Review**

The Case Management Department facilitates a collaborative process to access, plan, implement, coordinate, monitor, and evaluate options and/or service to meet a member's health care needs through communication and available resources to promote appropriate, cost-effective outcomes.

## **CONTINUITY OF TREATMENT IN THE EVENT OF TERMINATION OF A NETWORK PROVIDER**

If you receive notice that your provider is no longer participating with HMO, it is important to understand that there are special circumstances that allow the provider to continue treatment for a limited time. Except for reasons of medical competence or professional behavior, termination does not release HMO from the obligation to reimburse a provider who is treating you if you have a disability, acute condition, life-threatening illness, or a pregnancy which has passed the 13th week.

If your provider reasonably believes that discontinuing the care that he or she is providing may cause harm to you, he or she must identify the special circumstances to HMO and request that you be allowed to continue treatment. Continuity of treatment may last (i) for up to 90 days from the provider's termination date, (ii) for up to nine months in the case of a member who at the time of provider termination has been diagnosed with a terminal illness, or (iii) for a member who at the time of the termination is past the 13th week of pregnancy, through the delivery of the child, immediate postpartum care, and the follow-up checkup within the first six weeks of delivery.

## **COMPLAINT PROCEDURE FOR ENROLLEES: APPEAL OF ADVERSE DETERMINATION; INDEPENDENT REVIEW ORGANIZATION PROCESS; AND NON-RETALIATION**

### **Claim or Benefit Reconsideration**

If a claim or request for benefits is partially or completely denied, you will receive a written explanation of the reason for the denial and be entitled to a full review. If you wish to request a review or have a question regarding the explanation of benefits, call or write Customer Service at the telephone number or address on the back of your ID card. If you are still not satisfied, you may request an appeal of the decision or file a complaint. You may obtain a review of the denial by following the procedures set forth below and more fully in the Complaint and Appeal Procedures in the EOC.

### **Complaints**

There may be times when you find that you don't agree with a particular HMO policy or procedure or benefit decision, or you are not satisfied with some aspect of the treatment by a participating provider. We encourage you to communicate your dissatisfaction promptly and directly to the source of the problem.

The goal of Customer Service is to prevent small problems from becoming large issues. To express a complaint regarding any aspect of the HMO program, call or write Customer Service.

If an inquiry is not resolved promptly to your satisfaction, it will be handled according to the complaint procedure described below.

## **Enrollee Complaint Procedure**

A complaint is any dissatisfaction expressed orally or in writing, made by an enrollee or by someone designated to act on behalf of an enrollee, to HMO regarding any aspect of our operation, such as plan administration; procedures related to review or appeal of an adverse determination; the denial, reduction, or termination of a service for reasons not related to medical necessity; the way a service is provided; or disenrollment decisions. A complaint is not a misunderstanding or problem of misinformation that is resolved promptly by clearing up the misunderstanding or supplying the appropriate information to your satisfaction.

Also, a complaint does not include your oral or written dissatisfaction or disagreement with an adverse determination (a denial of care or service based on a lack of medical necessity or appropriateness of care).

Within five days of receiving your oral or written complaint, HMO will send you a letter acknowledging the complaint, together with a description of our complaint process and timeframes. If the complaint was received orally, we send a complaint form that you must fill out and return for prompt resolution.

After receiving your written complaint or the written complaint form, HMO will investigate your concerns and send you a letter outlining and explaining the resolution. The letter includes a statement of the specific medical and contractual reasons for the resolution including any benefit exclusion, limitation or medical circumstance; additional information required to adjudicate a claim, if applicable, and the specialization of any provider consulted. The total time for acknowledging, investigating and resolving your written complaint will not exceed thirty calendar days from the date HMO receives your written complaint or complaint form.

If the complaint is not resolved to your satisfaction, you have the right to dispute the resolution by following the complaint appeals process. A full description of the complaint appeals process will accompany the complaint resolution.

Investigation and resolution of complaints concerning emergencies or denials of the continued hospitalization are concluded in accordance with the medical or dental immediacy of the case, not to exceed one business day from receipt of the complaint.

HMO is prohibited from retaliating against an individual because the individual has filed a complaint against or appealed a decision of HMO. Also, we are prohibited from retaliating against a physician or provider because the physician or provider has, on your behalf, reasonably filed a complaint against or appealed a decision of HMO.

## **Enrollee Complaint Appeals to HMO**

The complaint appeals process allows an enrollee to dispute the complaint resolution before a complaint appeal panel. Following receipt of your written request for a complaint appeal, you have the opportunity to dispute the complaint resolution in person, in writing, by telephone, or by other technological methods. HMO will send you an acknowledgement letter no later than five business days after the date of receipt of your written request for appeal.

The complaint appeal panel is an advisory committee composed of an equal number of HMO staff, physicians or other providers, and others covered by HMO. Participants of the complaint appeal panel will not have been involved in the previously disputed decisions related to the complaint. Experienced physicians or other providers review the case; the resolution recommended by the panel is independent of any prior physician or provider determinations. If you are disputing specialty care, the appeal panel must include a person who is a specialist in the field of care being disputed. Persons selected to participate on the complaint appeal panel are not HMO staff. The appeals process will not exceed thirty calendar days from the date HMO receives the written request for appeal.

No later than the fifth business day before the scheduled meeting of the panel, HMO will supply you or your designated representative with:

- Any documents to be presented to the panel by HMO staff;
- The specialization of any physicians or providers consulted during the investigation;
- The name and affiliation of each HMO representative on the panel; and
- The date and location of the hearing.

You are entitled to:

- Appear in person by conference call or other appropriate technology or through a representative, if the complainant is a minor or disabled, before the complaint appeal panel;
- Present written or oral information to the appeal panel;
- Present alternative expert testimony; and
- Request the presence of and question any person responsible for making the prior determination that resulted in the appeal.

You will receive a written decision of the complaint appeal. When appropriate, it includes specific medical determination, clinical basis, contractual criteria used to reach the final decision and the toll-free telephone number and address of the Texas Department of Insurance.

Upon request and free of charge, you are provided reasonable access to, and copies of all documents, records and other information relevant to the claim or appeal, including:

- Information relied upon in making the benefit determination;
- Information submitted, considered or generated in the course of making the benefit determination, whether or not it was relied upon in making the benefit determination;
- Descriptions of the administrative process and safeguards used in making the benefit determination;
- Records of any independent reviews conducted by HMO;
- Medical judgments, including determinations about whether a particular service is experimental, investigational or not medically necessary or appropriate; and
- Expert advice and consultation obtained by HMO in connection with the denied claim, whether or not the advice was relied upon in making the benefit determination.

### **Filing Complaints with the Texas Department of Insurance**

Any person, including those who have attempted to resolve complaints through HMO's enrollee complaint process, who is dissatisfied with the resolution, may report their dissatisfaction to the Texas Department of Insurance, Consumer Protection (111-1A), P.O. Box 149091, Austin, Texas 78714-9091 or fax to (512)490-1007.

There are three methods of filing a TDI complaint:

- via mail
- via fax
- via online at [www.TDI.texas.gov](http://www.TDI.texas.gov)

The Texas Department of Insurance will investigate complaints against HMO within sixty (60) days of receiving the complaint. The time necessary to complete an investigation may be extended if:

- additional information is needed;
- an on-site review is necessary;
- complainant, HMO, or the physician or provider does not provide all documentation necessary to complete the investigation; or

- other circumstances beyond the control of the Texas Department of Insurance occur.

### **Appeal of Adverse Determinations**

An adverse determination is a determination made by HMO or a utilization review agent physician that health care services provided or proposed to be provided are experimental, investigational or not medically necessary. An adverse determination is not a denial of health care services due to the failure to request prospective or concurrent utilization review. In life-threatening or urgent care circumstances, if HMO has discontinued coverage of prescription drugs or intravenous infusions for which you were receiving health benefits under this Evidence of Coverage, or if you do not receive a timely decision, you are entitled to an immediate appeal to an Independent Review Organization (“IRO”) and are not required to comply with HMO’s appeal of an Adverse Determination process. An IRO is an organization independent of the HMO which may perform a final administrative review of an Adverse Determination made by HMO.

HMO maintains an internal appeal system that provides reasonable procedures for the resolution of an oral or written appeal concerning dissatisfaction or disagreement with an adverse determination. The appeal of an adverse determination process is not part of the complaint process. You, your designated representative or your physician or provider may initiate an appeal of an adverse determination.

When services provided or proposed to be provided are deemed experimental, investigational or not medically necessary, HMO or a utilization review agent will regard the expression of dissatisfaction or disagreement as an appeal of an adverse determination.

Within five working days of your appeal request, HMO will send you a letter acknowledging the date of receipt of the appeal and a list of documents you must submit. For oral appeals, we will also send you a one-page appeal form for completion that must be returned to HMO. HMO will provide a review by a board certified physician or provider who has not already reviewed your case and who is of the same or similar specialty as typically manages the medical condition, procedure or treatment under review. We have thirty days from your appeal request to provide you written notice of the appeal determination.

Note: If HMO is seeking to discontinue coverage of prescription drugs or intravenous infusions for which you are receiving health benefits under the EOC, you will be notified no later than the 30th day before the date on which coverage will be discontinued.

You will receive a written decision of the appeal that will include dental, medical and contractual reasons for the resolution; clinical basis for the decision; specialization of provider consulted; notice of your right to have an independent review organization review the denial; and TDI’s toll free telephone number and address.

### **Expedited Appeal of Adverse Determination Procedures**

Investigation and resolution of appeals relating to ongoing emergencies or denials of continued hospital stays, or the discontinuance by HMO of prescription drugs or intravenous infusions for which you were receiving health benefits under the Evidence of Coverage, are referred directly to an expedited appeal process and will be concluded in accordance with the medical or dental immediacy of the case. In no event will the request for an expedited appeal exceed one business day from the date all information necessary to complete the appeal request is received or three calendar days of the appeal request, whichever is sooner. HMO will provide a review by a board certified physician or provider who has not already reviewed your case and who is of the same or similar specialty as typically manages the medical condition, procedure or treatment under review. That physician or provider may interview you and will render a decision on the appeal. The initial notice of the decision may be made orally with written notice of the determination following within three days.

## **Appeals Process to Independent Review Organization**

An independent review organization is an organization independent of HMO that may perform a final administrative review of an adverse determination made by us.

In a circumstance involving a life-threatening or urgent care circumstances, if HMO has discontinued coverage of prescription drugs or intravenous infusions for which you were receiving health benefits under the Evidence of Coverage, or if you do not receive a timely decision, you are entitled to an immediate appeal to an independent review organization rather than going through HMO's appeal of an adverse determination process.

The independent review organization process is not part of the complaint process, but is available only for appeals of adverse determination.

You may request a review of an appeal of an adverse determination by the independent review organization. HMO will adhere to the following guidelines/criteria:

- Provide you, your designated representative, or your provider of record, information on how to appeal the denial of an adverse determination to an independent review organization;
- Provide this information at the initial adverse determination and the denial of the appeal;
- Provide the appropriate form to complete;
- You, a designated representative, or your provider of record must complete the form and return it to HMO to begin the independent review process;
- In life-threatening or urgent care situations, or if HMO has discontinued coverage of prescription drugs or intravenous infusions for which you were receiving health benefits under the Evidence of Coverage, you, your designated representative, or provider of record, may contact HMO by telephone to request the review;
- Submit medical records, names of providers and any documentation pertinent to the adverse determination to the independent review organization;
- Comply with the determination by the independent review organization; and
- Pay for the independent review.

Upon request and free of charge you are provided reasonable access to, and copies of all documents, records and other information relevant to the claim or appeal, including:

- Information relied upon in making the benefit determination;
- Information submitted, considered or generated in the course of making the benefit determination, whether or not it was relied upon in making the benefit determination;
- Descriptions of the administrative process and safeguards used in making the benefit determination;
- Records of any independent reviews conducted by HMO;
- Medical judgments, including determinations about whether a particular service is experimental, investigational or not medically necessary or appropriate; and
- Expert advice and consultation obtained by HMO in connection with the denied claim, whether or not the advice was relied upon in making the benefit determination.

The appeal process does not prohibit you from pursuing other appropriate remedies, including injunctive relief, a declaratory judgment, or relief available under law, if exhausting the procedures of HMO's process for appeal and review places your health in serious jeopardy.

## **NETWORK PROVIDERS**

To find out more about HMO participating providers, refer to the website at <https://www.bcbstx.com/find-a-doctor-or-hospital> for Provider Finder<sup>®</sup>, an Internet-based provider directory. It has important

information about the locations and availability of providers, restrictions on accessibility and referrals to specialists, and information about limited provider networks. You may also request a hard copy or electronic copy of the provider directory, which is updated quarterly, by calling or writing Customer Service. The directories can also be found at [www.bcbstx.com](http://www.bcbstx.com). Upon admission to an inpatient facility, (e.g. hospital or skilled nursing facility), a participating physician other than your PCP may direct and oversee your care.

Your PCP will be the one you call when you need medical advice, when you are sick and when you need preventive care such as immunizations.

Your PCP will play a key role in the delivery of your health care. The network to which your PCP belongs will provide or arrange for all of your care, so make sure that your PCP's network includes the specialists and hospitals that you prefer.

If your PCP changes networks, you will be notified and will receive an updated ID card. You and your covered dependents may select the same or a different provider network, and the same or a different PCP within the network.

#### **DIRECT ACCESS FOR OBSTETRICIAN/GYNECOLOGIST (OB/GYN) CARE**

**ATTENTION FEMALE MEMBERS:** Your HMO plan provides direct access to participating OB/GYNs for gynecologic and obstetric conditions, including annual well-woman exams and maternity care, without first obtaining a referral from a PCP or calling HMO. Your PCP or participating OB/GYN will establish a referral for you for any required obstetric/gynecologic specialty care.

Your HMO has opted not to limit your selection of an OB/GYN to your PCP's network. It is not required that you select an OB/GYN; you may choose to receive your OB/GYN services from your PCP.

If you need help in locating a participating OB/GYN in your area, refer to the online provider directory (an Internet-based provider directory available on our website at [www.bcbstx.com](http://www.bcbstx.com)), or to your provider directory, or call Customer Service at the telephone number on the back of your ID card for assistance.

#### **SERVICE AREA**

For a map of the HMO service area, refer to the website at <https://www.bcbstx.com/find-a-doctor-or-hospital> for Provider Finder, an Internet-based provider directory, or request a hard copy or electronic copy of the provider directory by calling Customer Service.

#### **GENERAL INFORMATION**

##### **Identification (ID) Card**

Once enrolled, you and each of your covered dependents will receive an ID card. Please take a moment to check the following information on the card for accuracy, and call Customer Service if changes are needed.

- Identification number
- Coverage effective date
- Your and/or your covered dependents' names
- Primary care physician/practitioner (or "PCP") name
- PCP telephone number

Your ID card also shows certain copayments and any other amounts due for services that are part of the plan you selected. The back of your ID card includes the toll-free Customer Service telephone number.

Be sure to take your ID card with you when you seek health care. It has important information on it that your PCP or other health care professional will need to know. Always present your ID card to the medical office staff, so they can verify eligibility and collect the appropriate copayment and any other amounts due.

If your ID card is lost or stolen, call Customer Service immediately and a new ID card will be sent to you. Or you may go to the website at [www.bcbstx.com](http://www.bcbstx.com), and print a temporary ID card or order a replacement under the Blue Access for Members section. You will also receive an updated ID card if you change your PCP, or if your PCP changes to another network.

**REMEMBER:**

- Your EOC contains important details about your health care benefits. Please review them carefully. Contact Customer Service if you have questions about your plan.
- Your provider directory gives you a complete listing of participating providers in your area. Contact Customer Service if you need assistance in locating a PCP in your area.
- Take your ID card with you when you seek care. It has important information your provider needs to know.

## **RECEIVING CARE**

### **Your Primary Care Physician/Practitioner (PCP)**

We encourage you to make an appointment with your PCP before you need health care so that you can establish yourself as a patient. One of the advantages of establishing a physician/patient relationship with your PCP is that your PCP becomes familiar with you and your medical history, which helps make sure you receive the care that is right for you.

It is very important to visit or contact your PCP first when seeking medical care. Your PCP will either treat you or refer you for specialty care. Your PCP will also coordinate any required hospital admissions.

**REMEMBER:**

Always see your PCP first when you need health care. Services received from any provider without a referral from your PCP will not be covered, except in emergency situations or for OB/GYN services provided by a participating OB/GYN in your network, as described below.

### **Changing PCPs**

Changing your PCP is easy. Simply use the online provider directory at [www.bcbstx.com](http://www.bcbstx.com), refer to your provider directory, or call Customer Service for assistance in selecting a new PCP in your area.

Sometimes a PCP may not be accepting new patients. When selecting a new PCP, you may call Customer Service or the PCP's office and ask about availability. If the PCP is unavailable, Provider Finder or Customer Service can help you find another physician in your area.

Once you've made your decision, either call Customer Service or complete a change form and submit it to the Membership Department, P.O. Box 3238 Naperville, Illinois 60566-7235. You may also request the transfer of your medical records from your previous PCP to the newly selected physician.

PCP changes become effective the first day of the month following HMO's receipt and approval of your request. You will receive an updated ID card that shows your new PCP's name and phone number. If you need health care but have not received your new ID card with your new PCP's name, call Customer Service to verify that your request has been processed. You may also go to the website at [www.bcbstx.com](http://www.bcbstx.com), and print a temporary ID card under the Blue Access for Members section.

### **Making Appointments**

You may make appointments for periodic health assessments at a time convenient for you.

If the nature of an illness warrants an urgent appointment, your PCP can generally fit you into his or her schedule within a reasonable period of time. If your PCP cannot fit you in, he or she may direct you to a designated back-up physician. If you need assistance, you may call Customer Service at the telephone number on the back of your ID card.

If you need to change or cancel an appointment, be sure to call your PCP as soon as you can. When you visit your PCP's office for covered services, you will pay only a copayment and any other applicable coinsurance or deductibles for the office visit. There are no claims to file. If you need the care of a specialist, your PCP will refer you and will handle any preauthorization requirements for you.

#### **REMEMBER:**

- Have your health care provided or arranged by your PCP.
- For obstetric or gynecologic conditions, you may directly access a participating OB/GYN (in the same provider network as your PCP).
- Contact Customer Service for assistance in changing your PCP.
- It is important to schedule an appointment with your PCP as soon as you can. Contact Customer Service if your PCP cannot fit you in.

### **ADDITIONAL INFORMATION**

#### **Status Changes**

Your records are very important to us. Incorrect records can delay membership verification or medical care, create problems in continuing coverage for a dependent, and possibly cost you money. To keep your coverage up to date notify us of changes and notify the Exchange if this plan is purchased through the Exchange. Completed forms must be received by HMO within 60 days from the date of any change listed below:

- Birth of a child;
- Adoption or becoming a party in a suit for adoption, or legal guardianship;
- Change of dependency status of a child;
- Court-ordered dependents;
- Loss of other health coverage;
- Marriage;
- Divorce;
- Death;
- Change of address; and
- Change of telephone number.

Coverage will be automatic for subscriber or subscriber's spouse's newborn child for the first thirty-one (31) days following the date of birth. Coverage will continue beyond the thirty-one (31) days only if the child is an eligible dependent and You notify HMO (verbally or in writing) or submit an enrollment

application/change form to HMO timely and make or agree to make any additional premium payments.

### **Duplication of Coverage and Coordination of Benefits**

Injuries and sometimes illnesses may be covered by other types of insurance such as auto, homeowners or workers' compensation. Please call Customer Service in cases such as these for information on what steps to take.

#### **REMEMBER:**

- Notify BCBSTX and the Exchange (if purchased through the Exchange) of changes within 60 days of a change to your coverage.
- Be sure to indicate any other health coverage you have, or contact Customer Service with this information.

It is important that you provide this information to us to allow coordination of payment of your claims to ensure that claims are not paid twice. This helps keep your health care costs down.

### **New Medical Technology**

HMO keeps abreast of medical breakthroughs, experimental treatments and newly approved medication. The medical policy department evaluates new technologies, medical procedures, drugs and devices for potential inclusion in the benefit packages we offer. Clinical literature and accepted medical practice standards are assessed thoroughly with ongoing reviews and determinations made by our Medical Policy Group.

## **YOUR RIGHTS AND RESPONSIBILITIES**

You have certain rights and responsibilities when receiving health care services and should expect the best possible care available. We have provided the following information, so you can be an informed customer and active participant in your plan.

### **Your Rights**

#### **You have the right to:**

- Select or change your PCP and know the qualifications, titles and responsibilities of the professionals responsible for your health care;
- Receive prompt and appropriate treatment for physical or emotional disorders and participate with your providers in decisions regarding your care;
- Be treated with dignity, compassion and respect for your privacy;
- Have a candid discussion of appropriate or medically necessary treatment options for your condition, regardless of cost or benefit coverage;
- Have all medical and other information held confidential unless disclosure is required by law or authorized in writing by you;
- Be provided with information about:
  - HMO,
  - Health care benefits,
  - Copayments, copayment limitations, and/or other charges,
  - Service access,
  - Changes and/or termination in benefits and participating providers,
  - Exclusions and limitations;
- Express opinions, concerns, and complaints in a constructive manner or appeal regarding any aspect of the HMO;

- Receive timely resolution of complaints or appeals through Customer Service and the complaint procedure;
- Have access to review by an Independent Review Organization;
- Refuse treatment and be informed of the medical consequences that may be a result of your decision; and
- Make recommendations regarding your HMO rights and responsibilities policies.

## **Your Responsibilities**

### **You have the responsibility to:**

- Meet all eligibility requirements;
- Identify yourself by presenting your ID card and pay the copayment and any other applicable amount due at the time of service for network benefits;
- Establish a physician/patient relationship with your PCP and seek your PCP's medical advice/referral for network services prior to receiving medical care, unless it is an emergency situation or services are performed by your HMO participating OB/GYN;
- Understand the medications you are taking and receive proper instructions on how to take them;
- Communicate complete and accurate medical information to health care providers;
- Call in advance to schedule appointments with network providers and notify them prior to canceling or rescheduling appointments;
- Ask questions and follow instructions and guidelines given by providers to achieve and maintain good health;
- Discuss disagreements and/or misunderstandings regarding treatment from providers;
- Notify your PCP or HMO within 48 hours or as soon as reasonably possible after receiving emergency care services;
- Provide, to the extent possible, information that HMO needs in order to administer your benefit plan, including changes in your family status, address and phone numbers within 60 days of the change;
- Read your EOC for information about HMO benefits, limitations, and exclusions; and
- Understand your health conditions, and participate to the degree possible in the development of treatment goals mutually agreed upon between you and your provider.

## **CONFIDENTIALITY AND ACCESS TO RECORDS**

We are required by federal and state law to maintain the privacy of your protected health information. "Protected health information" (PHI) is information about you that may identify you and that relates to your past, present or future physical or mental health or condition and related health care services. With limited exceptions, your medical records may not be disclosed to others, including your employer, without your written consent. You, or an individual acting on your behalf, may request medical records for the purpose of providing care or resolving disputes related to coverage, reimbursement, or complaints.

Routine consent signed at the time of enrollment permits us to release information for purposes of quality assessment and measurement, treatment, coordination of care, accreditation, billing and other uses. Identifiable information is minimized and protected from inappropriate disclosure.

You have a right to specifically approve the release of information beyond the uses identified in the routine consent that you sign upon enrollment and, at other times, as needed for worker's compensation claims, auto insurance claims, marketing or data used for research studies.

You may give us written authorization to use your PHI or to disclose it to another person only for the purpose you designate. PHI may not be disclosed to your spouse or family without written authorization from you or an authorized representative. Information regarding children under 18 years of age may be released to a parent or legal guardian. If an adult is incapacitated, a legally appointed guardian may act

on their behalf. Unless you give us written authorization, we cannot use or disclose your PHI for any reason except those described in the HIPAA Notice.

Participating providers must comply with applicable HIPAA laws, professional standards and policies regarding the confidential treatment of medical information, including security measures to control access to confidential information maintained in computer systems. Access to electronic files containing information is to be protected and restricted to employees who have a business-related need to know. Oral, written and electronic personal health information across the organization will be kept confidential in accordance with applicable law.

Blue Cross Blue Shield of Texas understands the importance of confidentiality and respects your right to privacy. A summary of our privacy practices is available on the BCBSTX website at [http://www.bcbstx.com/important\\_info/index.html](http://www.bcbstx.com/important_info/index.html) or you may call Customer Service at the telephone number on the back of your ID card to obtain a paper copy.

## **CUSTOMER SERVICE**

### **Questions**

If you have questions about your benefits, Customer Service representatives are available to help you at the telephone number on the back of your ID card. Customer Service can also help if you want to change your PCP. They will have an up-to-date list of participating providers in your area.

Customer Service can also assist you with special communications needs. If your first language is not English, you can ask to speak to a bilingual staff member (English or Spanish). Some written materials (including this HMO handbook) are available in Spanish. Members may also ask for access to a telephone-based translation service to assist with other languages.

BCBSTX provides TDD/TYY services and language assistance for incoming callers for deaf, hard-of-hearing and speech-disabled members. Members can utilize their TeleTypewriter (TTY) or Telecommunication Device (TDD) to access a teletype operator.

If you are not satisfied with service you have received, HMO has a formal complaint process you can follow to advise us of issues related to quality of care or service. We monitor the care you receive and follow through on all complaints and inquiries, because your satisfaction is important to us.

## **HMO EVIDENCE OF COVERAGE (EOC) MAJOR MEDICAL EXPENSE POLICY (POLICY)**

The EOC contains specific information regarding Blue Advantage HMO network health care benefits, copayments, any other amounts due, limitations and exclusions. The Policy contains specific information regarding your non-Blue Advantage HMO health care benefits, copayments, any other amounts due, limitations and exclusions as well as any preauthorization requirements. You will receive these documents after you enroll. The **Benefit Highlights** will also include a summary of covered services and payment obligations. To obtain the most from your health care coverage, please take time to review these documents and any attachments carefully and keep them for reference.

Your plan allows you to choose between Blue Advantage HMO network providers or providers outside of the Blue Advantage HMO network each time services are needed. BCBSTX coordinates your coverage both for services received from network providers and from providers outside of the Blue Advantage HMO network.

If you have questions about how your coverage will be coordinated within your Blue Advantage Plus plan or any other questions, you can call Customer Service Monday through Friday from 7:30 a.m. to 6:00 p.m. CST at 1-877-697-0683. You may also write BCBSTX at:

## **HOSPITALIZATION**

If you need to be hospitalized, your Blue Advantage HMO PCP or your participating OB/GYN can arrange for your care at a local participating hospital that contracts with Blue Advantage HMO, in order for you to receive the highest level of benefits.

In non-emergency situations when you think you may need hospital care, call your Blue Advantage HMO PCP first. Special rules apply in emergency situations or in cases where you are out of the service area (see the "Emergency Care, After Hours Care and Urgent Care" section in your HMO Plan Description and Member Handbook). Your Blue Advantage HMO PCP will make the necessary arrangements and keep you informed, in order for you to receive the highest level of benefits. Or, you may choose to have someone other than your Blue Advantage HMO PCP arrange your care or receive treatment from a facility not in the Blue Advantage HMO network and receive a lower level of benefits. You must call BCBSTX to obtain a Preauthorization before any admission, except emergencies.

## **EMERGENCY CARE**

Emergency services received from a non-Blue Advantage HMO provider will be covered at the Blue Advantage HMO benefit level.

## **URGENT CARE SERVICES**

Urgent care services are covered when rendered by a non-Blue Advantage HMO urgent care center provider for the immediate treatment of a medical condition that requires prompt medical attention but where a brief time lapse before receiving services will not endanger life or permanent health and does not require emergency care services. These services will be covered as shown in the **SCHEDULE OF COPAYMENTS AND BENEFIT LIMITS** in your Policy.

## **YOUR FINANCIAL RESPONSIBILITIES**

### **Deductible and Coinsurance for Non-Blue Advantage HMO Benefits**

Your plan allows you to choose between Blue Advantage HMO network providers or using providers outside of the Blue Advantage HMO network each time services are needed. When using providers outside the Blue Advantage HMO network, you will be responsible for any deductible, coinsurance and/or copays shown in the **SCHEDULE OF COPAYMENTS AND BENEFIT LIMITS** in your Policy.

If you choose non-Blue Advantage HMO network providers, you will be responsible for billed charges above the BCBSTX allowable amount, any deductibles, coinsurance and/or copay amounts shown in the Schedule of Copayments and Benefit Limits in your Policy. Any Deductible amounts applied toward satisfying the Major Medical Expense Policy will not apply towards the HMO deductible. Any Deductible amounts applied toward satisfying the HMO deductible will not apply towards the Major Medical Expense policy deductible.

For hospitals, doctors and other non-Blue Advantage HMO network providers, the Allowable Amount will be the lesser of: (i) the Provider's billed charges, or; (ii) the BCBSTX non- contracting Allowable Amount. Except as otherwise provided in this section, the non- contracting Allowable Amount is developed from base Medicare Participating reimbursements adjusted by a predetermined factor established by BCBSTX. Such factor shall be not less than 75% and will exclude any Medicare adjustment(s) which is/are based on information on the claim.

When a Medicare reimbursement rate is not available or is unable to be determined based on the information submitted on the claim, the Allowable Amount for non- contracting Providers will represent an average contract rate in aggregate for Network Providers adjusted by a predetermined factor established by BCBSTX. Such factor shall be not less than 75% and shall be updated not less than every two years.

BCBSTX will utilize the same claim processing rules and/or edits that it utilizes in processing Participating Provider claims for processing claims submitted by non- contracted Providers which may also alter the Allowable Amount for a particular service. In the event BCBSTX does not have any claim edits or rules, BCBSTX may utilize the Medicare claim rules or edits that are used by Medicare in processing the claims. The Allowable Amount will not include any additional payments that may be permitted under the Medicare laws or regulations which are not directly attributable to a specific claim, including, but not limited to, disproportionate share and graduate medical education payments.

Any change to the Medicare reimbursement amount will be implemented by BCBSTX within ninety (90) days after the effective date that such change is implemented by the Centers for Medicaid and Medicare Services, or its successor.

The non- contracting Allowable Amount does not equate to the Provider's billed charges and Members receiving services from a non- contracted Provider will be responsible for the difference between the non- contracting Allowable Amount and the non- contracted Provider's billed charge, and this difference may be considerable. To find out the BCBSTX non- contracting Allowable Amount for a particular service, Members may call customer service at the number on the back of your BCBSTX identification card.

Notwithstanding the above, where applicable state or federal law requires another standard for a non- contracting claim, the Allowable Amount shall be the lessor of billed charge or the amount prescribed by law.

### **LIMITATIONS AND EXCLUSIONS**

Your Policy contains specific information including limitations and exclusions. Your Policy will also include prescription drug benefit exclusions and limitations. The **Benefit Highlights** will also include a summary of limitations and exclusions.

## RECEIVING CARE

Your Blue Advantage Plus benefit gives you a choice every time you seek medical care. You may choose your plan's highest level of benefits by receiving care within the Blue Advantage HMO network provided or arranged by your Blue Advantage HMO PCP. Or, you may choose to see a provider that is not in the Blue Advantage HMO network or a Blue Advantage HMO provider on your own without a referral from your PCP, and receive a lower level of benefits. Refer to your Policy for a listing of services that can be received out of network.

If you choose to receive care from a provider that is not in the Blue Advantage HMO network, your Blue Advantage Plus benefit will reimburse you for a percentage of your covered charges after you meet your deductible.

## PARPLAN PROVIDERS

If you plan to seek care outside the Blue Advantage HMO network, refer to the website at <https://www.bcbstx.com/find-a-doctor-or-hospital> for Provider Finder® a directory of providers who participate in the ParPlan program. ParPlan providers are a statewide group of physicians and other practitioners who have contracted with BCBSTX. By seeking care from a ParPlan provider for non-HMO Blue Advantage network services, you receive the added benefit of having your physician file your claims for you and not bill for charges over the allowable amount.

## CLAIMS

When you receive care that is provided or arranged by your Blue Advantage HMO primary care physician/practitioner, you will not have to file any claims, except for out-of-area emergencies. If you receive care from a provider that is not in the Blue Advantage HMO network, you or your doctor will be responsible for filing your claim. You are required to submit a completed claim form to the claims address listed in the Policy. Claim forms are available by calling the Customer Service number listed on the back of the ID card or by visiting our website at [bcbstx.com](http://bcbstx.com).

## THE REFERRAL PROCESS

Your Blue Advantage Plus plan allows you to see any specialist you wish. If you see a Blue Advantage HMO network specialist referred by your Blue Advantage HMO PCP, you will receive the highest level of benefits. If you see a specialist who is not in the Blue Advantage HMO network or self-refer to a Blue Advantage HMO network provider, you will be responsible for any deductible, coinsurance and/or copays shown in the **SCHEDULE OF COPAYMENTS AND BENEFIT LIMITS** in your Policy as well as any preauthorization requirements.

Please refer to your **HMO Plan Description and Member Handbook** for information regarding in-network OB/GYN direct access (self-referrals) and limited provider networks.

## PREAUTHORIZATION REQUIREMENTS

Preauthorization establishes in advance the medical necessity or experimental/investigational nature of certain care and services covered under the Policy. It ensures that the preauthorized care and services described in the **COVERED SERVICES AND BENEFITS** section of the Policy will not be denied on the basis

of medical necessity or experimental/investigational. However, preauthorization does not guarantee payment of benefits. Actual availability of benefits is always subject to other requirements of the Policy, such as limitations and exclusions, payment of premium, and eligibility at the time care and services are provided.

When a hospital admission is preauthorized, a length-of-stay is assigned. The Policy provides a minimum length-of-stay in a hospital with no preauthorization required for the following:

Maternity Care

- 48 hours following an uncomplicated vaginal delivery
- 96 hours following an uncomplicated delivery by Caesarean section.

Treatment of Breast Cancer

- 48 hours following a mastectomy
- 24 hours following a lymph node dissection.

You are responsible for satisfying preauthorization requirements. This means that you must ensure that you, your family member, your physician, behavioral health practitioner or provider of services must comply with the guidelines in the Policy. Please see your policy for a list of benefits that require preauthorization. All timelines for preauthorization requirements are provided in keeping with applicable state and federal regulations. Failure to preauthorize services will require additional steps and/or benefit reductions.

# **NOTICES**

# NOTICE

## Adverse Benefit Determinations

This Notice is to advise You that in addition to the processes outlined in HMO COMPLAINT AND APPEAL PROCEDURES section of the **Evidence of Coverage (EOC)** and in the **Plan Description and Member Handbook**, You have the right to seek and obtain a review by HMO of any Adverse Benefit Determinations made by HMO in accordance with the benefits and procedures detailed in Your Evidence of Coverage.

### Review of Claim Determinations

**Claim Determinations.** When HMO receives a properly submitted claim, it has authority and discretion under the plan to interpret and determine benefits in accordance with the plan provisions. You have the right to seek and obtain a review by HMO of any determination of a claim, any determination of a request for preauthorization, or any other determination made by HMO in accordance with the benefits and procedures detailed in Your plan.

**If a Claim is Denied or Not Paid in Full.** If the claim is denied in whole or in part, You will receive a written notice from HMO with the following information, if applicable:

- The reasons for the determination;
- A reference to the benefit Plan provisions on which the determination is based, or the contractual, administrative or protocol basis for the determination;
- A description of additional information which may be necessary to perfect the claim and an explanation of why such material is necessary;
- Subject to privacy laws and other restrictions, if any, the identification of the claim, date of service, health care provider, claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
- An explanation of HMO's internal review/appeals and external review processes (and how to initiate a review/appeal or external review);
- In certain situations, a statement in non-English language(s) that written notice of claim denials and certain other benefit information may be available (upon request) in such non-English language(s);
- In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by HMO;
- The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the claim for benefits;
- Any internal rule, guideline, protocol or other similar criterion relied on in the determination, and a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
- An explanation of the scientific or clinical judgment relied on in the determination as applied to claimant's medical circumstances, if the denial was based on medical necessity, experimental treatment or similar exclusion, or a statement that such explanation will be provided free of charge upon request;
- In the case of a denial of an urgent care clinical claim, a description of the expedited review procedure applicable to such claim. An urgent care clinical claim decision may be provided orally, so long as a written notice is furnished to the claimant within 3 days of oral notification; and
- Contact information for applicable office of health insurance consumer assistance or ombudsman.

**Timing of Required Notices and Extensions.** Separate schedules apply to the timing of required notices and extensions, depending on the type of claim. There are three types of claims as defined below.

- **Urgent Care Clinical Claim** is any pre-service claim that requires preauthorization, as described in this Certificate, for benefits for medical care or treatment with respect to which the application of regular time periods for making health claim decisions could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or, in the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment.
- **Pre-Service Claim** is any non-urgent request for benefits or a determination with respect to which the terms of the benefit Plan condition receipt of the benefit on approval of the benefit in advance of obtaining medical care.
- **Post-Service Claim** is notification in a form acceptable to HMO that a service has been rendered or furnished to You. This notification must include full details of the service received, including Your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or

furnished, the date of service, the diagnosis, the claim charge, and any other information which HMO may request in connection with services rendered to You.

### Urgent Care Clinical Claims\*

Type of Notice or Extension	Timing
If Your claim is incomplete, HMO must notify You within:	<b>24 hours</b>
If You are notified that Your claim is incomplete, You must then provide completed claim information to HMO within:	<b>48 hours</b> after receiving notice
<i>HMO must notify You of the claim determination (whether adverse or not):</i>	
if the initial claim is complete as soon as possible (taking into account medical exigencies), but no later than:	<b>72 hours</b>
after receiving the completed claim (if the initial claim is incomplete), within:	<b>48 hours</b>

\* You do not need to submit Urgent Care Clinical Claims in writing. You should call HMO at the toll-free number listed on the back of Your identification card as soon as possible to submit an Urgent Care Clinical Claim.

### Pre-Service Claims

Type of Notice or Extension	Timing
If Your claim is filed improperly, HMO must notify You within:	<b>5 days</b>
If Your claim is incomplete, HMO must notify You within:	<b>15 days</b>
If You are notified that Your claim is incomplete, You must then provide completed claim information to HMO within:	<b>45 days</b> after receiving notice
<i>HMO must notify You of the claim determination (whether adverse or not):</i>	
if the initial claim is complete, within:	<b>15 days*</b>
after receiving the completed claim (if the initial claim is incomplete), within:	<b>30 days</b>
If You require post-stabilization care after an Emergency within:	<b>the time appropriate to the circumstance not to exceed one hour after the time of request</b>

\* This period may be extended one time by HMO for up to 15 days, provided that HMO both (1) determines that such an extension is necessary due to matters beyond the control of the Plan and (2) notifies You, prior to the expiration of the initial 15-day period, of the circumstances requiring the extension of time and the date by which HMO expects to render a decision.

### Post-Service Claims

Type of Notice or Extension	Timing
If Your claim is incomplete, HMO must notify You within:	<b>30 days</b>
If You are notified that Your claim is incomplete, You must then provide completed claim information to HMO within:	<b>45 days</b> after receiving notice
<i>HMO must notify You of any adverse claim determination:</i>	
if the initial claim is complete, within:	<b>30 days*</b>
after receiving the completed claim (if the initial claim is incomplete), within:	<b>45 days</b>

\* This period may be extended one time by HMO for up to 15 days, provided that HMO both (1) determines that such an extension is necessary due to matters beyond the control of the Plan and (2) notifies You in writing, prior to the expiration of the initial 30-day period, of the circumstances requiring the extension of time and the date by which HMO expects to render a decision.

**Concurrent Care.** For benefit determinations relating to care that is being received at the same time as the determination, such notice will be provided no later than 24 hours after receipt of Your claim for benefits.

**Note:** If HMO is seeking to discontinue coverage of prescription drugs or intravenous infusions for which You are receiving health benefits under the plan, You will be notified no later than the 30<sup>th</sup> day before the date on which coverage will be discontinued. This notice will explain Your rights to expedited appeal and immediate review by an Independent Review Organization.

### Claim Appeal Procedures

**Claim Appeal Procedures – Definitions.** An “Adverse Benefit Determination” means a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be Experimental/Investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by HMO and HMO reduces or terminates such treatment (other than by amendment or termination of the Employer’s benefit Plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A rescission of coverage is also an Adverse Benefit Determination. A rescission does not include a termination of coverage for reasons related to non-payment of premium.

A “Final Internal Adverse Benefit Determination” means an Adverse Benefit Determination that has been upheld by HMO at the completion of HMO’s internal review/appeal process.

**Expedited Clinical Appeals.** If Your situation meets the definition of an expedited clinical appeal, You may be entitled to an appeal on an expedited basis. An “expedited clinical appeal” is an appeal of a clinically urgent nature related to health care services, including but not limited to, procedures or treatments ordered by a health care provider, the denial of emergency care or continued hospitalization, or the discontinuance by HMO of prescription drugs or intravenous infusions for which You were receiving health benefits under the plan. Before authorization of benefits for an ongoing course of treatment/continued hospitalization is terminated or reduced, HMO will provide You with notice and an opportunity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, HMO will notify the party filing the appeal, as soon as possible, but in no event later than 24 hours after submission of the appeal, of all the information needed to review the appeal. HMO will render a decision on the appeal within 24 hours after it receives the requested information, but no later than 72 hours after the appeal has been received by HMO.

## Adverse Benefit Determinations

**How to Appeal to an Adverse Benefit Determination.** You have the right to seek and obtain a review of any determination of a claim, any determination of a request for preauthorization, or any other determination made by HMO in accordance with the benefits and procedures detailed in Your Plan. An appeal of an Adverse Benefit Determination may be filed by You or a person authorized to act on Your behalf. In some circumstances, a health care provider may appeal on his/her own behalf. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about You except to Your authorized representative. To obtain an Authorized Representative Form, You or Your representative may call HMO at the number on the back of Your identification card. If You believe HMO incorrectly denied all or part of Your benefits, You may have Your claim reviewed. HMO will review its decision in accordance with the following procedure:

- Within 180 days after You receive notice of an Adverse Benefit Determination, You may call or write to HMO to request a claim review. HMO will need to know the reasons why You do not agree with the Adverse Benefit Determination. Send Your request to:

Claim Review Section  
Blue Cross and Blue Shield of Texas  
P. O. Box 660044  
Dallas, Texas 75266-0044

- HMO will honor telephone requests for information; however, such inquiries will not constitute a request for review.
- In support of Your claim review, You have the option of presenting evidence and testimony to the HMO. You and Your authorized representative may ask to review Your file and any relevant documents and may submit written issues, comments and additional medical information within 180 days after You receive notice of an Adverse Benefit Determination or at any time during the claim review process.

During the course of Your internal appeal(s), HMO will provide You or Your authorized representative (free of charge) with any new or additional evidence considered, relied upon or generated by HMO in connection with the appealed claim, as well as any new or additional rationale for a denial at the internal appeals stage. Such new or additional evidence or rationale will be provided to You or Your authorized representative as soon as possible and sufficiently in advance of the date a final decision on appeal is made in order to give You a reasonable opportunity to respond. BCBSTX may extend the time period described in this Evidence of Coverage for its final decision on appeal to provide You with a reasonable opportunity to respond to such new or additional evidence or rationale. If the initial benefit determination regarding the claim is based in whole or in part on a medical judgment, the appeal will be conducted by individuals associated with HMO and/or by external advisors, but who were not involved in making the initial denial of Your claim. No deference will be given to the initial Adverse Benefit Determination. Before You or Your authorized representative may bring a cause of action pursuant to Chapter 88 of the Texas Civil Practice and Remedies Code, the claimant must exhaust the appeal process and must raise all issues with respect to a claim and must file an appeal or appeals and the appeals must be finally decided by the HMO.

- If You have any questions about the claims procedures or the review procedure, write to the HMO's Administrative Office or call the toll-free Customer Service Helpline number shown on Your identification card.

### Timing of Appeal Determinations

HMO will render a determination of the non-urgent concurrent or pre-service appeal as soon as practical, but in no event more than 30 days after the appeal has been received by HMO.

HMO will render a determination of the post-service appeal as soon as practical, but in no event more than 60 days after the appeal has been received by HMO.

**If You Need Assistance.** If You have any questions about the claims procedures or the review procedure, write or call the HMO at 1-888-697-0683. The Customer Service Helpline is accessible from 8:00 A.M. to 8:00 P.M., Monday through Friday.

# **NOTICE**

## **Adverse Benefit Determinations**

### **Notice of Appeal Determination**

HMO will notify the party filing the appeal, You, and, if a clinical appeal, any health care provider who recommended the services involved in the appeal, orally of its determination followed-up by a written notice of the determination.

The written notice to You or Your authorized representative will include:

- The reasons for the determination;
- A reference to the benefit plan provisions on which the determination is based on and or the contractual, administrative or protocol for the determination;
- Subject to privacy laws and other restrictions, if any, the identification of the claim, date of service, health care provider, claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
- An explanation of HMO's external review processes (and how to initiate an external review) ;
- In certain situations, a statement in non-English language(s) that written notice of claim denials and certain other benefit information may be available (upon request) in such non-English language(s);
- In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by HMO;
- The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the claim for benefits;
- Any internal rule, guideline, protocol or other similar criterion relied on in the determination, and a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
- An explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request;
- A description of the standard that was used in denying the claim and a discussion of the decision; and
- Contact information for applicable office of health insurance consumer assistance or ombudsman.

If HMO denies Your appeal, in whole or in part or You do not receive timely decision, You may be able to request an external review of Your claim by an independent third party, who will review the denial and issue a final decision.

**Note:** You have the right to immediate review by an Independent Review Organization and do not have to comply with the internal appeal process in life-threatening or urgent care circumstances, if HMO has discontinued prescription drugs or intravenous infusions for which You were receiving health benefits under the plan, or if You do not receive a timely decision on Your appeal.

### **How to Appeal a Final Adverse Determination to an Independent Review Organization (IRO)**

For information regarding HMO external reviews of an Adverse Determination (as defined in **COMPLAINT AND APPEAL PROCEDURES; How to Appeal an Adverse Determination**), refer to **COMPLAINT AND APPEAL PROCEDURES, How to Appeal to an Independent Review Organization (IRO)** of your HMO EOC.

# **NOTICE FACILITY BASED PHYSICIANS**

ALTHOUGH HEALTH CARE SERVICES MAY BE OR HAVE BEEN PROVIDED TO YOU AT A HEALTH CARE FACILITY THAT IS A MEMBER OF THE PROVIDER NETWORK USED BY YOUR HEALTH BENEFIT PLAN, OTHER PROFESSIONAL SERVICES MAY BE OR HAVE BEEN PROVIDED AT OR THROUGH THE FACILITY BY PHYSICIANS AND OTHER HEALTH CARE PRACTITIONERS WHO ARE NOT MEMBERS OF THAT NETWORK. YOU MAY BE RESPONSIBLE FOR PAYMENT OF ALL OR PART OF THE FEES FOR THOSE PROFESSIONAL SERVICES THAT ARE NOT PAID OR COVERED BY YOUR HEALTH BENEFIT PLAN. IF YOU RECEIVE SUCH A BILL, PLEASE CONTACT HMO.

# NOTICE

## OUT-OF-NETWORK PHYSICIANS AND PROVIDERS

**This notice is to advise you of your rights regarding services from out-of-network physicians and providers. Out-of-network physicians and providers are not part of HMO's network of participating providers.**

A health maintenance organization (HMO) plan provides no benefits for services you receive from out-of-network physicians or providers, with specific exceptions as described in your Evidence of Coverage and below.

- You have the right to an adequate network of in-network physicians and providers (known as *network physicians and providers*).
- If you believe that the network is inadequate, you may file a complaint with the Texas Department of Insurance at: [www.tdi.texas.gov/consumer/complfrm.html](http://www.tdi.texas.gov/consumer/complfrm.html).
- If your HMO approves a referral for out-of-network services because no network physician or provider is available, or if you have received out-of-network emergency care, the HMO must, in most cases, resolve the out-of-network physician's or provider's bill so that you only have to pay any applicable in-network copayment, coinsurance, and deductible amounts.
- You may obtain a current directory of network physicians and providers at the following website: <https://www.bcbstx.com/find-a-doctor-or-hospital> or by calling 1-888-697-0683 for assistance in finding available network physicians and providers. If you relied on materially inaccurate directory information, you may be entitled to have a claim by an out-of-network physician or provider paid as if it were from a network physician or provider, if you present a copy of the inaccurate directory information to the HMO, dated not more than 30 days before you received the service.
