INTRODUCTION

This Plan is offered by your Employer as one of the benefits of your employment. The benefits provided are intended to assist you with many of your health care expenses for Medically Necessary services and supplies. Coverage under this Plan is provided regardless of your race, color, national origin, disability, age, sex, gender identity or sexual orientation. There are provisions throughout this Benefit Booklet that affect your health care coverage. Changes in state or federal law or regulations, or interpretation thereof, may change the terms and conditions of coverage. It is important that you read the Benefit Booklet carefully so you will be aware of the benefits and requirements of this Plan. In the event of any conflict between any components of this Plan, the *Benefit Program Application* provided to your Employer by BCBSTX prevails.

The defined terms in this Benefit Booklet are capitalized and shown in the appropriate provision in the Benefit Booklet or in the **DEFINITIONS** section of the Benefit Booklet. Whenever these terms are used, the meaning is consistent with the definition given. Terms in italics may be section headings describing provisions or they may be defined terms.

The terms “you” and “your” as used in this Benefit Booklet refer to the Employee. Use of the masculine pronoun “his,” “he,” or “him” will be considered to include the feminine unless the context clearly indicates otherwise.

Managed Health Care – In–Network Benefits

To receive In–Network Benefits as indicated on your Schedule of Coverage, **you must** choose Providers within the Network for all care (**other than for emergencies**). The Network has been established by BCBSTX and consists of Physicians, Specialty Care Providers, Hospitals, and other health care facilities to serve Participants throughout the Network Plan Service Area. Refer to your Provider directory or visit the BCBSTX website at www.bcbstx.com to make your selections. The listing may change occasionally, so make sure the Providers you select are still Network Providers. An updated directory will be available at least annually or you may access our website, www.bcbstx.com, for the most current listing to assist you in locating a Provider.

To receive In–Network Benefits for Mental Health Care, Serious Mental Illness, or treatment of Chemical Dependency, all care should be pre-authorized by calling the toll-free Mental Health Helpline indicated on your Identification Card and in this Benefit Booklet. Services and supplies for Mental Health Care, Serious Mental Illness, or treatment of chemical dependency must be provided by Network Providers that have specifically contracted with BCBSTX to furnish services and supplies for these types of conditions to be considered for In–Network Benefits.

If you choose a Network Provider, the Provider will bill BCBSTX – not you – for services provided.

The Provider has agreed to accept as payment in full the least of...

- The billed charges, or
- The Allowable Amount as determined by BCBSTX, or
- Other contractually determined payment amounts.

You are responsible for paying any Deductibles, Copayment Amounts, and Coinsurance Amounts. You may be required to pay for limited or non-covered services. No claim forms are required.

Managed Health Care – Out–of–Network Benefits

If you choose Out–of–Network Providers, only Out–of–Network Benefits will be available. If you go to a Provider outside the Network, benefits will be paid at the Out–of–Network Benefits level. If you choose a health care Provider outside the Network, you may have to submit claims for the services provided.

INTRODUCTION

You will be responsible for...

- Billed charges above the Allowable Amount as determined by BCBSTX,
- Coinsurance Amounts and Deductibles,
- Preauthorization, and
- Limited or non-covered services.

Pharmacy Benefits

Benefits are provided for those Covered Drugs as explained in the **PHARMACY BENEFITS** section and shown on your Schedule of Coverage in this Benefit Booklet.

WHO GETS BENEFITS

Eligibility Requirements for Coverage

The Eligibility Date is the date a person becomes eligible to be covered under the Plan. A person becomes eligible to be covered when he becomes an Employee or a Dependent and is in a class eligible to be covered under the Plan. The Eligibility Date is:

1. The date the Employee, including any Dependents to be covered, completes the Waiting Period, if any, for coverage;
2. Described in the *Dependent Enrollment Period* section for a new Dependent of an Employee already having coverage under the Plan.

No eligibility rules or variations in premium will be imposed based on your health status, medical condition, claims experience, receipt of health care, medical history, genetic information, evidence of insurability, disability, or any other health status related factor. Coverage under this Plan is provided regardless of your race, color, national origin, disability, age, sex, gender identity or sexual orientation. Variations in the administration, processes or benefits of this Plan that are based on clinically indicated, reasonable medical management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination.

Employee Eligibility

Any person eligible under this Contract and covered by the Employer's previous Health Benefit Plan on the date prior to the Contract Date, including any person who has continued group coverage under applicable federal or state law, is eligible on the Contract Date. Otherwise, you are eligible for coverage under the Plan when you satisfy the definition of an Employee and you reside or work in the Plan Service Area.

If applicable to your Plan, *Employees* who have retired under the Large Employer's established procedures, whether by either individual selection by the Large Employer or the Employee to be included in a retiree classification, may continue coverage under this Contract.

Dependent Eligibility

If you apply for coverage, you may include your Dependents. Eligible Dependents are:

1. Your spouse or Domestic Partner (Note: Domestic Partner coverage is available at your Employer's discretion. Contact your Employer for information on whether Domestic Partner coverage is available for your Group.);
2. A child under the limiting age shown in the definition of Dependent;
3. A child of any age who is medically certified as Disabled and dependent on the parent;
4. A child of your child who is your Dependent for federal income tax purposes at the time application for coverage of the child is made;
5. Any other child included as an eligible Dependent under the Contract. A detailed description of Dependent is in the **DEFINITIONS** section of this Benefit Booklet.

An Employee must be covered first in order to cover his eligible Dependents. No Dependent shall be covered hereunder prior to the Employee's Effective Date.

Effective Dates of Coverage

In order for an Employee's coverage to take effect, the Employee must submit enrollment for coverage for himself and any Dependents.

WHO GETS BENEFITS

The Effective Date is the date the coverage for a Participant actually begins. The Effective Date under the Contract is shown on your Identification Card. It may be different from the Eligibility Date.

Timely Applications

It is important that your application for coverage under the Plan is received timely by the Carrier.

If you apply for coverage and pay any required premium for yourself or for yourself and your eligible Dependents and if you:

1. Are eligible on the Contract Date and the application is received by the Carrier prior to or within 31 days following such date, your coverage will become effective on the Contract Date;
2. Enroll for coverage for yourself or for yourself and your Dependents during an Open Enrollment Period, coverage shall become effective on the Contract Anniversary; and
3. Become eligible after the Contract Date and if the application is received by the Carrier within the first 31 days following your Eligibility Date, the coverage will become effective as provided in the Contract (see your Employer for this Effective Date information).

Effective Dates - Delay of Benefits Provided

Coverage becomes effective for you and/or your Dependents on the Contract Date upon completion of an application for coverage. If you or your eligible Dependent(s) are confined in a Hospital or Facility Other Provider on the Contract Date, your coverage is effective on the Contract Date. However, if this Contract is replacing a discontinued Health Benefit Plan or self-funded Health Benefit Plan, benefits for any Employee or Dependent may be delayed until the expiration of any applicable extension of benefits provided by the previous Health Benefit Plan or self-funded Health Benefit Plan.

Effective Dates - Late Enrollee

If your application is not received within 31 days from the Eligibility Date, you will be considered a Late Enrollee. You will become eligible to apply for coverage during your Employer's next Open Enrollment Period. Your coverage will become effective on the Contract Anniversary.

Loss of Other Health Insurance Coverage

An Employee who is eligible, but not enrolled for coverage under the terms of the Plan (or/and a Dependent, if the Dependent is eligible but not enrolled for coverage under such terms) shall become eligible to apply for coverage if each of the following conditions are met:

1. The Employee or Dependent were covered under a Health Benefit Plan, self-funded Health Benefit Plan, or had other health insurance coverage at the time this coverage was previously offered; and
2. Coverage was declined under this Plan in writing, on the basis of coverage under another Health Benefit Plan or self-funded Health Benefit Plan; and
3. There is a loss of coverage under such prior Health Benefit Plan or self-funded Health Benefit Plan as a result of:
 - a. Under Title X of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985, as amended, or the applicable continuation provisions of the *Texas Insurance Code* have been exhausted; or
 - b. Cessation of Dependent status (such as divorce or attaining the maximum age to be eligible as a dependent child under the Plan), termination of employment, a reduction in the number of hours of employment, or employer contributions toward such coverage were terminated; or

WHO GETS BENEFITS

- c. Termination of the other plan's coverage, a situation in which an individual incurs a claim that would meet or exceed a lifetime limit on all benefits, a situation in which the other plan no longer offers any benefits to the class of similarly situated individuals that include you or your Dependent, or, in the case of coverage offered through an HMO, you or your Dependent no longer reside, live, or work in the service area of that HMO and no other benefit option is available; and
4. You request to enroll no later than 31 days after the date coverage ends under the prior Health Benefit Plan or self-funded Health Benefit Plan or, in the event of the attainment of a lifetime limit on all benefits, the request to enroll is made not later than 31 days after a claim is denied due to the attainment of a lifetime limit on all benefits. Coverage will become effective the first day of the calendar month following receipt of the application by the Carrier.

If all conditions described above are not met, you will be considered a Late Enrollee.

Loss of Governmental Coverage

An individual who is eligible to enroll and who has lost coverage under Medicaid (Title XIX of the Social Security Act), other than coverage consisting solely of benefits under Section 1928 of that Act (42 U.S.C. Section 1396s) or under the Texas Children's Health Insurance Program (CHIP), Chapter 62, Health and Safety Code, is not a late enrollee provided appropriate enrollment application/change forms and applicable Premium payments are received by the Carrier within sixty (60) days after the date on which such individual loses coverage. Coverage will be effective the day after prior coverage terminated.

Health Insurance Premium Payment (HIPP) Reimbursement Program

An individual who is eligible to enroll and who is a recipient of medical assistance under the state of Texas Medicaid Program or enrolled in CHIP, and who is a participant in the state of Texas HIPP Reimbursement Program may enroll with no enrollment period restrictions. If the individual is not eligible unless a family member is enrolled, both the individual and family member may enroll. The Effective Date of Coverage is on the first day of the month after the Carrier receives (i) written notice from the Texas Health and Human Services Commission, or (ii) enrollment forms, from you, provided such forms and applicable Premium payments are received by the Carrier within sixty (60) days after the date the individual becomes eligible for participation in the HIPP Reimbursement Program.

Dependent Enrollment Period

1. Special Enrollment Period for Newborn Children

Coverage of a newborn child will be automatic for the first 31 days following the birth of your newborn child or your Dependent daughter's newborn child. For coverage to continue beyond this time, you or your Dependent daughter must notify the Carrier within 31 days of birth and pay any required premium within that 31-day period or a period consistent with the next billing cycle. Coverage will become effective on the date of birth. If the Carrier is notified after that 31-day period, the newborn child's coverage will become effective on the Contract Anniversary following the Employer's next Open Enrollment Period.

2. Special Enrollment Period for Adopted Children or Children Involved in a Suit for Adoption

Coverage of an adopted child or child involved in a suit for adoption will be automatic for the first 31 days following the adoption or date on which a suit for adoption is sought. For coverage to continue beyond this time, the Carrier must receive all necessary forms and the required premium within the 31-day period or a period consistent with the next billing cycle. Coverage will become effective on the date of adoption or date on which a suit for adoption is sought. If you notify the Carrier after that 31-day period, the child's coverage will become effective on the Contract Anniversary following the Employer's next Open Enrollment Period.

3. Court Ordered Dependent Children

If a court has ordered an Employee to provide coverage for a child, coverage will be automatic for the first 31 days after the date the Employer receives notification of the court order. To continue coverage

WHO GETS BENEFITS

beyond the 31 days, the Carrier must receive all necessary forms and the required premium within the 31-day period. If you notify the Carrier after that 31-day period, the Dependent child's coverage will become effective on the Contract Anniversary following the Employer's next Open Enrollment Period.

4. *Court Ordered Coverage for a Spouse*

If a court has ordered you, the Employee, to provide coverage for a spouse, enrollment must be received within 31 days after issuance of the court order. Coverage will become effective on the first day of the month following the date the application for coverage is received and the required premium is paid within the 31-day period. If application is not made within the initial 31 days, your spouse's coverage will become effective on the Contract Anniversary following the Employer's next Open Enrollment Period.

5. *Other Dependents*

Application must be received within 31 days of the date that a spouse or Domestic Partner or child first qualifies as a Dependent. If the application is received within 31 days, coverage will become effective on the date the child or spouse or Domestic Partner first becomes an eligible Dependent. If application is not made within the initial 31 days, then your Dependent's coverage will become effective on the Contract Anniversary following the Employer's Open Enrollment Period.

If you ask that your Dependent be insured after having canceled his or her coverage while your Dependent was still entitled to coverage, your Dependent's coverage will become effective in accordance with the provisions for Late Enrollees.

In no event will your Dependent's coverage become effective prior to your Effective Date.

Other Employee Enrollment Period

1. As a special enrollment period event, if you acquire a Dependent through birth, adoption, or through suit for adoption, and you previously declined coverage for reasons other than under ***Loss of Other Health Insurance Coverage***, as described above, you may apply for coverage for yourself, your spouse or Domestic Partner, and a newborn child, adopted child, or child involved in a suit for adoption. If the application is received within 31 days of the birth, adoption, or suit for adoption, coverage for the child, you, or your spouse or Domestic Partner will become effective on the date of the birth, adoption, or date suit for adoption is sought.

If you marry or enter into a domestic partnership and you previously declined coverage for reasons other than under ***Loss of Other Health Insurance Coverage***, as described above, you may apply for coverage for yourself and your spouse or Domestic Partner. If the application is received within 31 days of the marriage or establishment of a domestic partnership, coverage for you and your spouse or Domestic Partner will become effective on the first day of the month following receipt of the application by the Carrier.

2. If you are required to provide coverage for a child as described in ***Court Ordered Dependent Children*** above, and you previously declined coverage for reasons other than under ***Loss of Other Health Insurance Coverage***, you may apply for coverage for yourself. If the application is received within 31 days of the date your Employer receives notification of the court order, coverage for you will become effective on the date your Employer receives notification of the court order.

WHO GETS BENEFITS

Employee Application/Change Form

Use this form to...

- Notify the Plan and BCBSTX of a change to your name
- Add Dependents (other than a newborn child where notification only is required)
- Drop Dependents
- Cancel all or a portion of your coverage
- Notify BCBSTX of all changes in address for yourself and your Dependents. An address change may result in benefit changes for you and your Dependents if you move out of the Plan Service Area of the Network.

You may obtain this form from your Employer, by calling the BCBSTX Customer Service Helpline telephone number shown in this Benefit Booklet or on your Identification Card, or by accessing the BCBSTX website. If a Dependent's address and zip code are different from yours, be sure to indicate this information on the form. After you have completed the form, return it to your Employer.

Changes in Your Family

You should promptly notify the Carrier in the event of a birth or follow the instructions below when events, such as but not limited to, the following take place:

- If you are adding a Dependent due to marriage or establishment of domestic partnership, adoption, or a child being involved in a suit for which an adoption of the child is sought, or your Employer receives a court order to provide health coverage for a Participant's child or your spouse, you must submit an *Employee Application/Change Form* and the coverage of the Dependent will become effective as described in *Dependent Enrollment Period*.
- When you divorce or terminate a domestic partnership, your child reaches the age indicated in the definition of Dependent, or a Participant in your family dies, coverage under the Plan terminates in accordance with the **Termination of Coverage** provisions selected by your Employer.

Notify your Employer promptly if any of these events occur. Benefits for expenses incurred after termination are not available. If your Dependent's coverage is terminated, premium refunds will not be made for any period before the date of notification. If benefits are paid prior to notification to BCBSTX, refunds will be required.

Please refer to the **Continuation Privilege** subsection in this Benefit Booklet for additional information.

HOW THE PLAN WORKS

Allowable Amount

The Allowable Amount is the maximum amount of benefits BCBSTX will pay for Eligible Expenses you incur under the Plan. BCBSTX has established an Allowable Amount for Medically Necessary services, supplies, and procedures provided by Providers that have contracted with BCBSTX or any other Blue Cross and/or Blue Shield Plan, and Providers that have not contracted with BCBSTX or any other Blue Cross and/or Blue Shield Plan. When you choose to receive services, supplies, or care from a Provider that does not contract with BCBSTX, you will be responsible for any difference between the BCBSTX Allowable Amount and the amount charged by the non-contracting Provider. You will also be responsible for charges for services, supplies, and procedures limited or not covered under the Plan, Deductibles, any applicable Coinsurance Amounts, Out-of-Pocket Maximum amounts and Copayment Amounts.

Review the definition of Allowable Amount in the **DEFINITIONS** section of this Benefit Booklet to understand the guidelines used by BCBSTX.

Case Management

Under certain circumstances, the Plan allows BCBSTX the flexibility to offer benefits for expenses which are not otherwise Eligible Expenses. BCBSTX, at its sole discretion, may offer such benefits if:

- The Participant, his family, and the Physician agree;
- Benefits are cost effective; and
- BCBSTX anticipates future expenditures for Eligible Expenses which may be reduced by such benefits.

Any decision by BCBSTX to provide such benefits shall be made on a case-by-case basis. The case coordinator for BCBSTX will initiate case management in appropriate situations.

Continuity of Care

SAMPLE

In the event a Participant is under the care of a Network Provider at the time such Provider stops participating in the Network and at the time of the Network Provider's termination, the Participant has *special circumstances* such as a (1) disability, (2) acute condition, (3) life-threatening illness, or (4) is past the 24th week of pregnancy and is receiving treatment in accordance with the dictates of medical prudence, BCBSTX will continue providing coverage for that Provider's services at the In-Network Benefit level.

Special circumstances means a condition such that the treating Physician or health care Provider reasonably believes that discontinuing care by the treating Physician or Provider could cause harm to the Participant. *Special circumstances* shall be identified by the treating Physician or health care Provider, who must request that the Participant be permitted to continue treatment under the Physician's or Provider's care and agree not to seek payment from the Participant of any amounts for which the Participant would not be responsible if the Physician or Provider were still a Network Provider.

The continuity of coverage under this subsection will not extend for more than ninety (90) days, or more than nine (9) months if the Participant has been diagnosed with a terminal illness, beyond the date the Provider's termination from the Network takes effect. However, for Participants past the 24th week of pregnancy at the time the Provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six (6) weeks of delivery.

Identification Card

The Identification Card tells Providers that you are entitled to benefits under your Employer’s Health Benefit Plan with BCBSTX. The card offers a convenient way of providing important information specific to your coverage including, but not limited to, the following:

- **Your Subscriber identification number.** This unique identification number is preceded by a three character alpha prefix that identifies Blue Cross and Blue Shield of Texas as your Carrier.
- **Your group number.** This is the number assigned to identify your Employer’s Health Benefit Plan with BCBSTX.
- **Important telephone numbers.**

SAMPLE

Always remember to carry your Identification Card with you and present it to your Providers when receiving health care services or supplies.

Please remember that any time a change in your family takes place it may be necessary for a new Identification Card to be issued to you (refer to the **WHO GETS BENEFITS** section for instructions when changes are made). Upon receipt of the change in information, the Carrier will provide a new Identification Card.

Unauthorized, Fraudulent, Improper, or Abusive Use of Identification Cards

1. The unauthorized, fraudulent, improper, or abusive use of Identification Cards issued to you and your covered Dependents will include, but not be limited to, the following actions, when intentional:
 - a. Use of the Identification Card prior to your Effective Date;
 - b. Use of the Identification Card after your date of termination of coverage under the Plan;
 - c. Obtaining prescription drugs or other benefits for persons not covered under the Plan;

HOW THE PLAN WORKS

- d. Obtaining prescription drugs or other benefits that are not covered under the Plan;
 - e. Obtaining Covered Drugs for resale or for use by any person other than the person for whom the Prescription Order is written, even though the person is otherwise covered under the Plan;
 - f. Obtaining Covered Drugs without a Prescription Order or through the use of a forged or altered Prescription Order;
 - g. Obtaining quantities of prescription drugs in excess of Medically Necessary or prudent standards of use or in circumvention of the quantity limitations of the Plan;
 - h. Obtaining prescription drugs using Prescription Orders for the same drugs from multiple Providers;
 - i. Obtaining prescription drugs from multiple Pharmacies through use of the same Prescription Order.
2. The fraudulent or intentionally unauthorized, abusive, or other improper use of Identification Cards by any Participant can result in, but is not limited to, the following sanctions being applied to all Participants covered under your coverage:
- a. Denial of benefits;
 - b. Cancellation of coverage under the Plan for **all** Participants under your coverage;
 - c. Limitation on the use of the Identification Card to one designated Physician, Other Provider, or Participating Pharmacy of your choice;
 - d. Recoupment from you or any of your covered Dependents of any benefit payments made;
 - e. Pre-approval of drug purchases and medical services for all Participants receiving benefits under your coverage;
 - f. Notice to proper authorities of potential violations of law or professional ethics.

Medical Necessity

All services and supplies for which benefits are available under the Plan must be Medically Necessary as determined by BCBSTX. Charges for services and supplies which BCBSTX determines are not Medically Necessary will not be eligible for benefit consideration and may not be used to satisfy Deductibles or to apply to the Coinsurance Stop-Loss Amount.

ParPlan

When you consult a Physician or Professional Other Provider who does not participate in the Network, you should inquire if he participates in the Carrier's *ParPlan* – a simple direct-payment arrangement. If the Physician or Professional Other Provider participating in *ParPlan*, he agrees to

- File all claims for you;
- Accept the Carrier's Allowable Amount determination as payment for Medically Necessary services, and
- Not bill you for services over the Allowable Amount determination.

You will receive Out-of-Network Benefits and be responsible for:

- Any Deductibles,
- Coinsurance Amounts, and
- Services that are limited or not covered under the Plan.

Note: If you have a question regarding a Physician's or Professional Other Provider's participation in *ParPlan*, please contact the BCBSTX Customer Service Helpline.

Specialty Care Providers

A wide range of Specialty Care Providers is included in the Network. When you need a specialist's care, In-Network Benefits will be available, but only if you use a Network Provider.

There may be occasions however, when you need the services of an Out-of-Network Provider. This could occur if you have a complex medical problem that cannot be taken care of by a Network Provider.

HOW THE PLAN WORKS

- If the services you require are not available from Network Providers, In-Network Benefits will be provided when you use Out-of-Network Providers. Refer to the Allowable Amount Notice in the **NOTICES** section of this Benefit Booklet for additional information.
- If you elect to see an Out-of-Network Provider and if the services could have been provided by a Network Provider, only Out-of-Network Benefits will be available.

Use of Non-Contracting Providers

When you choose to receive services, supplies, or care from a Provider that does not contract with BCBSTX (a non-contracting Provider), you receive Out-of-Network Benefits (the lower level of benefits). Benefits for covered services will be reimbursed based on the BCBSTX non-contracting Allowable Amount, which in most cases is less than the Allowable Amount applicable for BCBSTX contracted Providers. Please see the definition of non-contracting Allowable Amount in the **DEFINITIONS** section of this Benefit Booklet. **The non-contracted Provider is not required to accept the BCBSTX non-contracting Allowable Amount as payment in full and may balance bill you for the difference between the BCBSTX non-contracting Allowable Amount and the non-contracting Provider's billed charges. You will be responsible for this balance bill amount, which may be considerable.** You will also be responsible for charges for services, supplies and procedures limited or not covered under the Plan and any applicable Deductibles, Coinsurance Amounts, and Copayment Amounts.

PREAUTHORIZATION REQUIREMENTS

Preauthorization Requirements

Preauthorization establishes in advance the Medical Necessity or Experimental/Investigational nature of certain care and services covered under this Plan. It ensures that the Preauthorized care and services described below will not be denied on the basis of Medical Necessity or Experimental/Investigational. However, Preauthorization does not guarantee payment of benefits. Actual availability of benefits is always subject to other requirements of the Plan, such as limitations and exclusions, payment of premium, and eligibility at the time care and services are provided.

The following types of services require Preauthorization:

- All inpatient Hospital Admissions,
- Extended Care Expense,
- Home Infusion Therapy,
- All inpatient treatment of Chemical Dependency, Serious Mental Illness, and Mental Health Care,
- If you transfer to another facility or to or from a specialty unit within the facility.
- The following outpatient treatment of Chemical Dependency, Serious Mental Illness, and Mental Health Care:
 - Psychological testing;
 - Neuropsychological testing;
 - Electroconvulsive therapy;
 - Repetitive transcranial magnetic stimulation;
 - Intensive Outpatient Program.

Intensive Outpatient Program means a freestanding or Hospital-based program that provides services for at least three hours per day, two or more days per week, to treat mental illness, drug addiction, substance abuse or alcoholism, or specializes in the treatment of co-occurring mental illness with drug addiction, substance abuse or alcoholism. These programs offer integrated and aligned assessment, treatment and discharge planning services for treatment of severe or complex co-occurring conditions which make it unlikely that the Participant will benefit from programs that focus solely on mental illness conditions.

SAMPLE

You are responsible for satisfying Preauthorization requirements. This means that you must ensure that you, your family member, your Physician, Behavioral Health Practitioner or Provider of services must comply with the guidelines below. Failure to Preauthorize services will require additional steps and/or benefit reductions as described in the section entitled *Failure to Preauthorize*.

Preauthorization for Inpatient Hospital Admissions

In the case of an elective inpatient Hospital Admission, the call for Preauthorization should be made at least two working days before you are admitted unless it would delay Emergency Care. In an emergency, Preauthorization should take place within two working days after admission, or as soon thereafter as reasonably possible.

To satisfy Preauthorization requirements, on business days between 7:30 a.m. and 6:00 p.m. Central Time, you, your Physician, Provider of services, or a family member should call one of the Customer Service toll-free numbers listed on the back of your Identification Card. After working hours or on weekends, please call the **Medical Preauthorization Helpline** toll-free number listed on the back of your Identification Card. Your call will be recorded and returned the next working day. A benefits management nurse will follow up

PREAUTHORIZATION REQUIREMENTS

with your Provider's office. All timelines for Preauthorization requirements are provided in keeping with applicable state and federal regulations.

In-Network Benefits will be available if you use a Network Provider or Network Specialty Care Provider. If you elect to use Out-of-Network Providers for services and supplies available In-Network, Out-of-Network Benefits will be paid. In-Network and Out-of-Network Providers may Preauthorize services for you, when required, but it is your responsibility to ensure Preauthorization requirements are satisfied.

However, if care is not available from Network Providers as determined by BCBSTX, and BCBSTX authorizes your visit to an Out-of-Network Provider to be covered at the In-Network Benefit level **prior to the visit**, In-Network Benefits will be paid; otherwise, Out-of-Network Benefits will be paid.

When an inpatient Hospital Admission is Preauthorized, a length-of-stay is assigned. If you require a longer stay than was first Preauthorized, your Provider may seek an extension for the additional days. Benefits will not be available for room and board charges for medically unnecessary days.

Preauthorization not Required for Maternity Care and Treatment of Breast Cancer Unless Extension of Minimum Length of Stay Requested

Your Plan is required to provide a minimum length of stay in a Hospital facility for the following:

- Maternity Care
 - 48 hours following an uncomplicated vaginal delivery
 - 96 hours following an uncomplicated delivery by caesarean section
- Treatment of Breast Cancer
 - 48 hours following a mastectomy
 - 24 hours following a lymph node dissection

You or your Provider will not be required to obtain Preauthorization from BCBSTX for a length of stay less than 48 hours (or 96 hours) for Maternity Care or less than 48 hours (or 24 hours) for Treatment of Breast Cancer. If you require a longer stay, you or your Provider must seek an extension for the additional days by obtaining Preauthorization from BCBSTX.

Preauthorization for Extended Care Expense and Home Infusion Therapy

Preauthorization for Extended Care Expense and Home Infusion Therapy may be obtained by having the agency or facility providing the services contact BCBSTX to request Preauthorization. The request should be made:

- Prior to initiating Extended Care Expense or Home Infusion Therapy;
- When an extension of the initially Preauthorized service is required; and
- When the treatment plan is altered.

BCBSTX will review the information submitted prior to the start of Extended Care Expense or Home Infusion Therapy and will send a letter to you and the agency or facility confirming Preauthorization or denying benefits. If Extended Care Expense or Home Infusion Therapy is to take place in less than one week, the agency or facility should call the BCBSTX **Medical Preauthorization Helpline** telephone number indicated in this Benefit Booklet or shown on your Identification Card.

If BCBSTX has given notification that benefits for the treatment plan requested will be denied based on information submitted, claims will be denied.

Preauthorization for Chemical Dependency, Serious Mental Illness, and Mental Health Care

In order to receive maximum benefits, all inpatient treatment for Chemical Dependency, Serious Mental Illness and Mental Health Care must be Preauthorized by the Plan. Preauthorization is also required for

PREAUTHORIZATION REQUIREMENTS

certain outpatient services. Outpatient services requiring Preauthorization include psychological testing, neuropsychological testing, Intensive Outpatient Programs and electroconvulsive therapy. Preauthorization is not required for therapy visits to a Physician, Behavioral Health Practitioner and/or Professional Other Provider.

To satisfy Preauthorization requirements, you, a family member, or your Behavioral Health Practitioner must call the **Mental Health/Chemical Dependency Preauthorization Helpline** toll-free numbers indicated in this Benefit Booklet or shown on your Identification Card. The **Mental Health/Chemical Dependency Preauthorization Helpline** is available 24 hours a day, 7 days a week. All timelines for Preauthorization requirements are provided in keeping with applicable state and federal regulations.

In-Network Benefits will be available if you use a Network Provider or Network Specialty Care Provider. If you elect to use Out-of-Network Providers for services and supplies available In-Network, Out-of-Network Benefits will be paid. In-Network and Out-of-Network Providers may Preauthorize services for you, when required, but it is your responsibility to ensure Preauthorization requirements are satisfied.

However, if care is not available from Network Providers as determined by BCBSTX, and BCBSTX authorizes your visit to an Out-of-Network Provider to be covered at the In-Network Benefit level **prior to the visit**, In-Network Benefits will be paid; otherwise, Out-of-Network Benefits will be paid.

When treatment or service is Preauthorized, a length-of-stay or length of service is assigned. If you require a longer stay or length of service than was first Preauthorized, your Behavioral Health Practitioner may seek an extension for the additional days or visits. Benefits will not be available for medically unnecessary treatment or services.

Failure to Preauthorize

If Preauthorization for inpatient Hospital Admissions, Extended Care Expense, Home Infusion Therapy, all inpatient and the above specified outpatient treatment of Chemical Dependency, Serious Mental Illness and Mental Health Care is not obtained:

- BCBSTX will review the Medical Necessity of your treatment or service prior to the final benefit determination.
- If BCBSTX determines the treatment or service is not Medically Necessary or is Experimental/Investigational, benefits will be reduced or denied.
- You may be responsible for a penalty in connection with the following Covered Services, if indicated on your Schedule of Coverage:
 - Inpatient Hospital Admission
 - Inpatient treatment of Chemical Dependency, Serious Mental Illness, or Mental Health Care.

The penalty charge will be deducted from any benefit payment which may be due for the Covered Services.

If an inpatient Hospital Admission, Extended Care Expense, Home Infusion Therapy, any treatment of Chemical Dependency, Serious Mental Illness, and Mental Health Care or extension for any treatment or service described above is not Preauthorized and it is determined that the treatment, service, or extension was not Medically Necessary or Experimental/Investigational, benefits will be reduced or denied.

CLAIM FILING AND APPEALS PROCEDURES

CLAIM FILING PROCEDURES

Filing of Claims Required

Notice of Claim

You must give written notice to BCBSTX within 20 days, or as soon as reasonably possible, after any Participant receives services for which benefits are provided under the Plan. Failure to give notice within this time will not invalidate or reduce any claim if you show that it was not reasonably possible to give notice and that notice was given as soon as it was reasonably possible.

Claim Forms

When BCBSTX receives notice of claim, it will furnish to you, or to your Employer for delivery to you, the Hospital, or your Physician or Professional Other Provider, the claim forms that are usually furnished by it for filing Proof of Loss. If the forms are not furnished within 15 days after receipt of notice by BCBSTX, you have complied with the requirements of the Plan for Proof of Loss by submitting, within the time fixed under the Plan for filing Proof of Loss, written proof covering the occurrence, the character, and the extent of the loss for which claim is made.

BCBSTX must receive claims prepared and submitted in the proper manner and form, in the time required, and with the information requested before it can consider any claim for payment of benefits.

Who Files Claims

Providers that contract with BCBSTX and some other health care Providers (such as *ParPlan* Providers) will submit your claims directly to BCBSTX for services provided to you or any of your covered Dependents. At the time services are provided, inquire if they will file claim forms for you. To assist Providers in filing your claims, you should carry your Identification Card with you.

Contracting Providers

When you receive treatment or care from a Provider or Covered Drugs dispensed from a Pharmacy that contracts with BCBSTX, you will generally not be required to file claim forms. The Provider will usually submit the claims directly to BCBSTX for you.

Non-Contracting Providers

When you receive treatment or care from a health care Provider or Covered Drugs dispensed from a Pharmacy that does not contract with BCBSTX, you may be required to file your own claim forms. Some Providers, however, will do this for you. If the Provider does not submit claims for you, refer to the subsection entitled *Participant-filed claims* below for instruction on how to file your own claim forms.

Mail-Order Program

When you receive Covered Drugs dispensed through the Mail-Order Program, you must complete and submit the mail service prescription drug claim form to the address on the claim form. Additional information may be obtained from your Employer, from the Carrier, off of the BCBSTX website at www.bcbstx.com/member/rx_drugs.html, or by calling the Customer Service Helpline.

CLAIM FILING AND APPEALS PROCEDURES

Participant-filed claims

- Medical Claims

If your Provider does not submit your claims, you will need to submit them to BCBSTX using a Subscriber-filed claim form provided by BCBSTX. Your Employer should have a supply of claim forms or you can obtain copies from the BCBSTX website. Follow the instructions on the reverse side of the form to complete the claim. Remember to file each Participant's expenses separately because any Deductibles, maximum benefits, and other provisions are applied to each Participant separately. Include itemized bills from the health care Providers, labs, etc., printed on their letterhead and showing the services performed, dates of service, charges, and name of the Participant involved.

- Prescription Drug Claims

When you receive Covered Drugs dispensed from a Non-Participating Pharmacy, a *Prescription Reimbursement Claim Form* must be submitted. This form can be obtained from the Carrier or your Employer. This claim form, accompanied by an itemized bill obtained from the Pharmacy showing the prescription services you received, should be mailed to the address shown below or on the claim form.

Instructions for completing the claim form are provided on the back of the form. You may need to obtain additional information, which is not on the receipt from the pharmacist, to complete the claim form.

Bills for Covered Drugs should show the name, address and telephone number of the pharmacy, a description and quantity of the drug, the prescription number, the date of purchase and most importantly, the name of the Participant using the drug.

Who Receives Payment

Benefit payments will be made directly to contracting Providers when they bill BCBSTX. Written agreements between BCBSTX and some Providers may require payment directly to them. Any benefits payable to you, if unpaid at your death, will be paid to your beneficiary or to your estate, if no beneficiary is named.

CLAIM FILING AND APPEALS PROCEDURES

Except as provided in the section **Assignment and Payment of Benefits**, rights and benefits under the Plan are not assignable, either before or after services and supplies are provided.

Benefit Payments to a Managing Conservator

Benefits for services provided to your minor Dependent child may be paid to a third party if:

- the third party is named in a court order as managing or possessory conservator of the child; and
- BCBSTX has not already paid any portion of the claim.

In order for benefits to be payable to a managing or possessory conservator of a child, the managing or possessory conservator must submit to BCBSTX, with the claim form, proof of payment of the expenses and a certified copy of the court order naming that person the managing or possessory conservator.

BCBSTX may deduct from its benefit payment any amounts it is owed by the recipient of the payment. Payment to you or your Provider, or deduction by BCBSTX from benefit payments of amounts owed to BCBSTX, will be considered in satisfaction of its obligations to you under the Plan.

An *Explanation of Benefits* summary is sent to you so you will know what has been paid.

When to Submit Claims

All claims for benefits under the Plan must be properly submitted within 90 days of the date you receive the services or supplies. Claims not submitted and received by BCBSTX within twelve (12) months after that date will not be considered for payment of benefits except in the absence of legal capacity.

Receipt of Claims by BCBSTX

A claim will be considered received by BCBSTX for processing upon actual delivery to the BCBSTX Administrative Office in the proper manner and form and with all of the information required. If the claim is not complete, it may be denied or BCBSTX may contact either you or the Provider for the additional information.

REVIEW OF CLAIM DETERMINATIONS

Claim Determinations

When BCBSTX receives a properly submitted claim, it has authority and discretion under the Plan to interpret and determine benefits in accordance with the Plan provisions. BCBSTX will render an initial decision to pay or deny a claim within 30 days of receipt of the claim. If BCBSTX requires further information in order to process the claim, we will request it within that 30-day period.

You have the right to seek and obtain a full and fair review by BCBSTX of any determination of a claim, any determination of a request for preauthorization, or any other determination made by BCBSTX of your benefits under the Plan.

If a Claim Is Denied or Not Paid in Full

On occasion, BCBSTX may deny all or part of your claim. There are a number of reasons why this may happen. We suggest that you first read the *Explanation of Benefits* summary prepared by BCBSTX; then review this Benefit Booklet to see whether you understand the reason for the determination. If you have additional information that you believe could change the decision, send it to BCBSTX and request a review of the decision. Include your full name, group and subscriber numbers with the request.

If the claim is denied in whole or in part, you will receive a written notice from BCBSTX with the following information, if applicable:

CLAIM FILING AND APPEALS PROCEDURES

- The reasons for denial;
- A reference to the health care plan provisions on which the denial is based;
- A description of additional information which may be necessary to complete the claim and an explanation of why such information is necessary; and
- An explanation of how you may have the claim reviewed by BCBSTX if you do not agree with the denial.

Right to Review Claim Determinations

If you believe BCBSTX incorrectly denied all or part of your benefits, you may have your claim reviewed. BCBSTX will review its decision in accordance with the following procedure:

- Within 180 days after you receive notice of a denial or partial denial, write to BCBSTX's Administrative Office. BCBSTX will need to know the reasons why you do not agree with the denial or partial denial. Send your request to:

Claim Review Section
Blue Cross and Blue Shield of Texas
P. O. Box 660044
Dallas, Texas 75266-0044

- You may also designate a representative to act for you in the review procedure. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative.
- BCBSTX will honor telephone requests for information, however, such inquiries will not constitute a request for review.
- You and your authorized representative may ask to see relevant documents and may submit written issues, comments and additional medical information within 180 days after you receive notice of a denial or partial denial. BCBSTX will give you a written decision within 60 days after it receives your request for review.
- If you have any questions about the claims procedures or the review procedure, write to BCBSTX's Administrative Office or call the toll-free Customer Service Helpline number shown in this Benefit Booklet or on your Identification Card.
- If you have a claim for benefits which is denied or ignored, in whole or in part, and your Plan is governed by the Employee Retirement Income Security Act (ERISA), you may file suit under 502 (a) of ERISA.

Preauthorization Appeal Procedure

If you or your Physician disagree with the determination of the preauthorization process or while receiving services, you may appeal that decision by contacting BCBSTX's Administrative Office.

In some instances, the resolution of the appeal process will not be completed until your inpatient admission or service has occurred and/or your assigned length of stay/service has elapsed. If you disagree with a decision after claim processing has taken place or upon receipt of the notification letter from BCBSTX, you may appeal that decision by having your Physician call the contact person indicated in the notification letter or by submitting a written request to:

Claim Review Section
Blue Cross and Blue Shield of Texas
P. O. Box 660044
Dallas, Texas 75266-0044

Once you have requested this review, you may submit additional information and comments on your claim to BCBSTX as long as you do so within 30 days of the date you ask for a review. Also, during this 30-day period, you may review any documents relevant to your claim held by BCBSTX, if you request an appointment in writing.

CLAIM FILING AND APPEALS PROCEDURES

Within 30 days of receiving your request to review, BCBSTX will send you its decision on the claim. In unusual situations, an additional 15 days may be needed for the review and you will be notified of this during the first 30-day period.

Interpretation of Employer's Plan Provisions

The operation and administration of the Plan require uniformity regarding the intent of the Plan and the interpretation of the Plan provisions. Your Employer has given BCBSTX full and complete authority and discretion to make decisions regarding the Plan provisions and determining questions of eligibility and benefits. Any decision by BCBSTX which is not arbitrary or capricious shall be final and conclusive, subject to any applicable Texas and federal law.

Actions Against BCBSTX

No lawsuit or action in law or equity may be brought by you or on your behalf prior to the expiration of 60 days after Proof of Loss has been filed in accordance with the requirement of the Plan and no such action will be brought at all unless brought within three years from the expiration of the time within which Proof of Loss is required by the Plan.

SAMPLE

ELIGIBLE EXPENSES, PAYMENT OBLIGATIONS, AND BENEFITS

Eligible Expenses

The Plan provides coverage for the following categories of Eligible Expenses:

- Inpatient Hospital Expenses,
- Medical-Surgical Expenses,
- Extended Care Expenses,
- special provisions expenses,
- pharmacy expenses

Wherever Schedule of Coverage is mentioned, please refer to the Schedule(s) in this Benefit Booklet. Your benefits are calculated on a Calendar Year benefit period basis unless otherwise stated. At the end of a Calendar Year, a new benefit period starts for each Participant.

Deductible(s)

The benefits of the Plan will be available after satisfaction of the applicable Deductible(s) as shown on your Schedule of Coverage. The Deductible(s) are explained as follows:

Upfront Deductible: If an “Upfront Deductible” is shown under “Deductibles” on your Schedule of Coverage, the Upfront Deductible is a combined In and Out-of-Network annual Deductible that must be satisfied by each individual before any benefits under the plan are available. This Deductible will be applied to all categories of Eligible Expenses before certain benefits are available under the Plan.

Per-admission Deductible: The per-admission Deductible shown under “Deductibles” on your Schedule of Coverage will apply to **each** inpatient Hospital Admission of a Participant.

Calendar Year Deductible: The individual Deductible amount shown under “Deductibles” on your Schedule of Coverage must be satisfied by each Participant under your coverage each Calendar Year. This Deductible, unless otherwise indicated, will be applied to all categories of Eligible Expenses before benefits are available under the Plan.

The following are exceptions to the Deductible(s) described above.

If you have several covered dependents, all charges used to apply toward an “individual” Deductible amount will be applied toward the “family” Deductible amount shown on your Schedule of Coverage. When that family Deductible amount is reached, no further individual deductibles will have to be satisfied for the remainder of that Calendar Year. No Participant will contribute more than the individual Deductible amount to the “family” Deductible amount.

Coinsurance Stop-Loss Amount

Most of your Eligible Expense payment obligations are considered Coinsurance Amounts and are applied to the Coinsurance Stop-Loss Amount maximum.

Your Coinsurance Stop-Loss Amount will **not** include:

- Services, supplies, or charges limited or excluded by the Plan;
- Expenses not covered because a benefit maximum has been reached;
- Any Eligible Expenses paid by the Primary Plan when BCBSTX is the Secondary Plan for purposes of coordination of benefits;
- Penalties applied for failure to obtain Preauthorization;
- Any remaining unpaid Medical-Surgical Expense in excess of the benefits provided for Covered Drugs if “Pharmacy Benefits” is shown on your Schedule of Coverage;

ELIGIBLE EXPENSES, PAYMENT OBLIGATIONS, AND BENEFITS

- Any Deductibles.

Individual Coinsurance Stop-Loss Amount

When the Coinsurance Amount for the In-Network or Out-of-Network Benefits level for a Participant in a Calendar Year equals the “individual” “Coinsurance Stop-Loss Amount” shown on your Schedule of Coverage for that level, the benefit percentages automatically increase to 100% for purposes of determining the benefits available for additional Eligible Expenses incurred by that Participant for the remainder of that Calendar Year for that level.

Family Coinsurance Stop-Loss Amount

When the Coinsurance Amount for the In-Network or Out-of-Network Benefits level for all Participants under your coverage in a Calendar Year equals the “family” “Coinsurance Stop-Loss Amount” shown on your Schedule of Coverage for that level, the benefit percentages automatically increase to 100% for purposes of determining the benefits available for additional Eligible Expenses incurred by all family Participants for the remainder of that Calendar Year for that level. No Participant will be required to contribute more than the individual Coinsurance Amount to the family Coinsurance Stop-Loss Amount.

The following are exceptions to the Coinsurance Stop-Loss Amounts described above:

There are separate Coinsurance Stop-Loss Amounts for In-Network Benefits and Out-of-Network Benefits.

Eligible Expenses applied toward satisfying the “individual” and “family” In-Network Coinsurance Stop-Loss Amount maximum will only apply to the In-Network Coinsurance Stop-Loss Amount maximum. Eligible Expenses applied toward satisfying the “individual” and “family” Out-of-Network Coinsurance Stop-Loss Amount maximum will only apply to the Out-of-Network Coinsurance Stop-Loss Amount maximum.

Changes in Benefits

Changes to covered benefit will apply to all services provided to each Participant under the Plan. Benefits for Eligible Expenses incurred during an admission in a Hospital or Facility Other Provider that begins before the change will be those benefits in effect on the day of admission.

SAMPLE

COVERED MEDICAL SERVICES

Inpatient Hospital Expenses

The Plan provides coverage for Inpatient Hospital Expense for you and eligible Dependents. Each inpatient Hospital Admission requires Preauthorization. Refer to the **PREAUTHORIZATION REQUIREMENTS** subsection of this Benefit Booklet for additional information.

The benefit percentage of your total eligible Inpatient Hospital Expense, in excess of any Deductible, shown under “Inpatient Hospital Expenses” on the Schedule of Coverage is BCBSTX’s obligation under the Plan. The remaining unpaid Inpatient Hospital Expense, in excess of any Deductible, is your obligation to pay.

Services and supplies provided by an Out-of-Network Provider will receive In-Network Benefits when those services and supplies are not available from a Network Provider provided BCBSTX acknowledges your visit to an Out-of-Network Provider **prior** to the visit. Otherwise, Out-of-Network Benefits will be paid and the claim will have to be resubmitted for review and adjustment, if appropriate.

Refer to the Schedule of Coverage for information regarding Deductibles, coinsurance percentages and penalties for failure to preauthorize that may apply to your coverage.

To calculate your benefits, subtract any applicable Deductibles from your total eligible Medical–Surgical Expense and then multiply the difference by the benefit percentage shown on your Schedule of Coverage under “Medical–Surgical Expenses.” Most remaining unpaid Medical–Surgical Expense in excess of the Deductible is your Coinsurance Amount.

Participating Pharmacies have agreed to accept as payment in full the least of:

If you have a Prescription Order filled or obtain a covered vaccination at a non-Participating Pharmacy, you must pay the Pharmacy the full amount of its bill and submit a claim form to the Carrier with itemized receipts verifying that

PHARMACY BENEFITS

the Prescription Order was filled or a covered vaccination was provided. The Plan will reimburse you for Covered Drugs and covered vaccinations equal to:

- Our share of the Allowable Amount indicated on your Schedule of Coverage,
- less any Deductible.

You will not be reimbursed for any charges over the Allowable Amount of the Covered Drugs.

Mail-Order Program

The mail-order program provides delivery of Covered Drugs directly to your home address. If you and your covered Dependents elect to use the mail-order service, refer to your Schedule of Coverage for applicable payment levels.

Some drugs may not be available through the mail-order program. If you have any questions about this mail-order program, need assistance in determining the amount of your payment, or need to obtain the mail-order prescription form, you may access the website at www.bcbstx.com or contact Customer Service at the toll-free number on your Identification Card. Mail the completed form, your Prescription Order(s) and payment to the address indicated on the form.

If you send an incorrect payment amount for the Covered Drug dispensed, you will: (a) receive a credit if the payment is too much; or (b) be billed for the appropriate amount if it is not enough.

- Educational materials about the patient's particular condition and information about managing potential medication side effects,
- Syringes, sharps containers, alcohol swabs and other supplies with every shipment for FDA approved self-injectable medications, and

A list identifying these Specialty Drugs is available by accessing the website at www.bcbstx.com or by contacting Customer Service at the toll-free number on your Identification Card. Your cost will be the appropriate Drug Copayment indicated on the Schedule of Coverage and any applicable pricing differences.

Your Cost

The Calendar Year Deductible shown on your Schedule of Coverage must be satisfied by each Participant each Calendar Year before benefits will be available.

Drug Coupons, Rebates or Other Drug Discounts

Drug manufacturers may offer coupons, rebates or other drug discounts to Participants, which may impact the benefits provided under this Plan. The total benefits payable will not exceed the balance of the Allowable Amount remaining after all drug coupons, rebates or other drug discounts have been applied. The Participant agrees to reimburse BCBSTX any excess amounts for benefits that we have paid you and for which you are not eligible due to the applications of drug coupons, rebates or other drug discounts.

About Your Benefits

Day Supply

Benefits for Covered Drugs are provided up to the maximum day supply limit as indicated on your Schedule of Coverage. The Copayment Amounts applicable for the designated day supply of dispensed drugs are also indicated

PHARMACY BENEFITS

on your Schedule of Coverage. The Carrier has the right to determine the day supply. Payment for benefits covered under this Plan may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum day supply limitation.

If you are leaving the country or need an extended supply of medication, call Customer Service at least two weeks before you intend to leave. (Extended supplies or vacation override are not available through the mail-order Pharmacy but may be approved through the retail Pharmacy only. In some cases, you may be asked to provide proof of continued enrollment eligibility under the Plan.)

Dispensing/Quantity Versus Time Limits

The maximum quantity of a given prescription drug indicates the number of units to be dispensed and is determined based on pertinent medical information and clinical efficacy and safety. Quantities of some drugs are restricted regardless of the quantity ordered by the Health Care Practitioner. To determine if a specific drug is subject to this limitation, you may access the website at www.bcbstx.com or contact Customer Service at the toll-free number on your Identification Card.

If a Prescription Order is written for a certain quantity of medication to be taken in a time period directed by a Health Care Practitioner, the Prescription Order will only be covered for a clinically appropriate pre-determined quantity of medication for the specified amount of time. Dispensing limits are based upon FDA dosing recommendations and nationally recognized clinical guidelines.

If you require a Prescription Order in excess of the dispensing limit established by BCBSTX, ask your Health Care Practitioner to submit a request for clinical review on your behalf. The Health Care Practitioner can obtain an override request form by accessing our website at www.bcbstx.com. Any pertinent medical information along with the completed form should be faxed to Clinical Pharmacy Programs at the fax number indicated on the form. The request will be approved or denied after evaluation of the submitted clinical information. BCBSTX has the right to determine dispensing limits. Payment for benefits covered under this Plan may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum quantity limitation.

Step Therapy

Coverage for certain designated prescription drugs may be subject to a step therapy program. Step therapy programs favor the use of clinically acceptable alternative medications that may be less costly for you prior to those medications on the step therapy list of drugs being covered under the Plan.

When you submit a Prescription Order to a Participating Pharmacy for one of the designated medications, the Pharmacist will be alerted if the online review of your prescription claims history indicates an acceptable alternative medication has not been previously tried. If so, a toll free number will be provided to you for your Health Care Practitioner to call and obtain additional program and criteria information. A list of step therapy medication and possible alternatives are available to you and your Health Care Practitioner on our website at www.bcbstx.com.

Non-Participating Pharmacies do not file your claims electronically and, therefore, will not have this online messaging. Should you elect to have your Prescription Order filled at a non-Participating Pharmacy, it is important that you access our website at www.bcbstx.com or contact the Customer Service Helpline telephone number shown in this Benefit Booklet or on your Identification Card prior to using one of these Pharmacies since Prescription Orders obtained through a non-Participating Pharmacy may be denied for reimbursement based upon this criteria.

Prior Authorizations

Coverage for certain designated prescription drugs is subject to prior authorization criteria. This means that in order to ensure that a drug is safe, effective, and part of a specific treatment plan, certain medications may require prior authorization and the evaluation of additional clinical information before dispensing. A list of the medications which require prior authorization is available to you and your Health Care Practitioner on our website at www.bcbstx.com.

PHARMACY BENEFITS

When you submit a Prescription Order to a Participating Pharmacy for one of these designated medications, the Pharmacist will be alerted online if your Prescription Order is on the list of medication which requires prior authorization before it can be filled. If this occurs, your Health Care Practitioner will be required to submit an authorization form. This form may also be submitted by your Health Care Practitioner in advance of the request to the Pharmacy. The Health Care Practitioner can obtain the authorization form by accessing our website at www.bcbstx.com. The requested medication may be approved or denied for coverage under the Plan based upon its accordance with established clinical criteria.

Non-Participating Pharmacies do not file your claims electronically and, therefore, will not have this online messaging. Should you elect to have your Prescription Order filled at a non-Participating Pharmacy, it is important that you access our website at www.bcbstx.com or contact the Customer Service Helpline telephone number shown in this Benefit Booklet or on your Identification Card prior to using one of these Pharmacies since Prescription Orders obtained through a non-Participating Pharmacy may be denied for reimbursement based upon these criteria.

Right of Appeal

In the event that a requested Prescription Order is denied on the basis of quantity versus time dispensing limits, step therapy criteria, or prior authorization criteria with or without your authorized Health Care Practitioner having submitted clinical documentation, you have the right to appeal as indicated under the **Review of Claim Determinations** section of this Benefit Booklet.

Definitions

(In addition to the applicable terms provided in the **DEFINITIONS** Section of the Benefit Booklet, the following terms will apply specifically to this **PHARMACY BENEFITS** section.)

Allowable Amount means the maximum amount determined by BCBSTX to be eligible for consideration of payment for a particular Covered Drug.

1. As applied to Participating Pharmacies, the Allowable Amount is based on the provisions of the contract between BCBSTX and the Participating Pharmacy in effect on the date of service.
2. As applied to non-Participating Pharmacies, the Allowable Amount is based on the Participating Pharmacy contract rate.

Brand Name Drug means a drug or product manufactured by a single manufacturer as defined by a nationally recognized provider of drug product database information. There may be some cases where two manufacturers will produce the same product under one license, known as a co-licensed product, which would also be considered as a Brand Name Drug. There may also be situations where a drug's classification changes from generic to Brand Name due to a change in the market resulting in the generic being a single source, or the drug product database information changing, which would also result in a corresponding change in Copayment obligations from generic to Brand Name.

Compound Medications mean those drugs that have been measured and mixed with U. S. Food and Drug Administration (FDA)-approved pharmaceutical ingredients by a pharmacist to produce a unique formulation that is Medically Necessary because commercial products either do not exist or do not exist in the correct dosage, size, or form. The drugs used must meet the following requirements:

1. The drugs in the compounded product are Food and Drug Administration (FDA) approved;
2. The approved product has an assigned National Drug Code (NDC); and
3. The primary active ingredient is a Covered Drug under the Plan.

GENERAL PROVISIONS

Agent

The Employer is not the agent of the Carrier.

Amendments

The Plan may be amended or changed at any time by agreement between the Employer and BCBSTX.

Assignment and Payment of Benefits

If a written assignment of benefits is made by a Participant to a Provider and the written assignment is delivered to the Carrier with the claim for benefits, the Carrier will make any payment directly to the Provider. Payment to the Provider discharges the Carrier's responsibility to Participant for any benefits available under the Plan.

Conformity with State Statutes

Laws in some states require that certain benefits or provisions be provided to you if you are a resident of that state when the contract that insured you is not issued in your state. Any provision of this Benefit Booklet which, on its effective date, is in conflict with applicable statutes of the state in which the Employee resides on such date, is hereby amended to conform to: (a) the minimum requirements of such statutes, or (b) the benefits or provisions of this Benefit Booklet to the extent they exceed such minimum requirements.

Disclosure Authorization

If you file a claim for benefits, it will be necessary that you authorize any health care Provider, insurance carrier, or other entity to furnish BCBSTX all information and records or copies of records relating to the diagnosis, treatment, or care of any individual included under your coverage. If you file claims for benefits, you and your Dependents will be considered to have waived all requirements forbidding the disclosure of this information and records.

Medicare

Special rules apply when you are covered by the Plan and by Medicare. Generally, the Plan is a Primary Plan if you are an active Employee, and Medicare is a Primary Plan if you are a Retired Employee.

Participant/Provider Relationship

The choice of a health care Provider should be made solely by you or your Dependents. BCBSTX does not furnish services or supplies but only makes payment for Eligible Expenses incurred by Participants. BCBSTX is not liable for any act or omission by any health care Provider. BCBSTX does not have any responsibility for a health care Provider's failure or refusal to provide services or supplies to you or your Dependents. Care and treatment received are subject to the rules and regulations of the health care Provider selected and are available only for sickness or injury treatment acceptable to the health care Provider.

BCBSTX, Network Providers, and/or other contracting Providers are independent contractors with respect to each other. BCBSTX in no way controls, influences, or participates in the health care treatment decisions entered into by said Providers. BCBSTX does not furnish medical, surgical, hospitalization, or similar services or supplies, or practice medicine or treat patients. The Providers, their employees, their agents, their ostensible agents, and/or their representatives do not act on behalf of BCBSTX nor are they employees of BCBSTX.

Refund of Benefit Payments

If BCBSTX pays benefits for Eligible Expenses incurred by you or your Dependents and it is found that the payment was more than it should have been, or was made in error, BCBSTX has the right to a refund from the person to or for

GENERAL PROVISIONS

whom such benefits were paid, any other insurance company, or any other organization. If no refund is received, BCBSTX may deduct any refund due it from any future benefit payment.

State Government Programs

1. If a Participant under the Plan is also a Medicaid recipient, any benefits for services or supplies under the Plan will not be excluded solely because benefits are paid or payable for such services or supplies under Medicaid. Any benefits available under the Plan will be payable to the Texas Department of Human Services to the extent required by the *Texas Insurance Code*; and
2. All benefits paid on behalf of a child or children under the Plan must be paid to the Texas Department of Human Services where;
 - a. The Texas Department of Human Services is paying benefits pursuant to provisions in the *Human Resources Code*; and
 - b. The parent who is covered under the Plan has possession or access to the child pursuant to a court order, or is not entitled to access or possession of the child and is required by the court to pay child support; and
 - c. The Carrier receives written notice at its Administrative Office affixed to the benefit claim when the claim is first submitted, that the benefits claimed must be paid directly to the Texas Department of Human Services.

Member Data Sharing

You may, under certain circumstances, as specified below, apply for and obtain, subject to any applicable terms and conditions, replacement coverage. The replacement coverage will be that which is offered by BCBSTX, or, if you do not reside in the Plan Service Area, by the Blue Cross and/or Blue Shield Plan whose service area covers the geographic area in which you reside. The circumstances mentioned above may arise in various circumstances, such as from involuntary termination of your health coverage sponsored by the Group/Employer. As part of the overall plan of benefits that BCBSTX offers you, if you do not reside in the Plan Service Area, BCBSTX may facilitate your right to apply for and obtain such replacement coverage, subject to applicable eligibility requirements, from the Blue Cross and/or Blue Shield Plan available in the service area in which you reside. To do this we may (1) communicate directly with you and/or (2) provide the Blue Cross and/or Blue Shield Plan whose service area covers the geographic area in which you reside, with your personal information and other general information relating to your coverage under this Plan to the extent reasonably necessary to enable the appropriate Blue Cross and/or Blue Shield Plan to offer you coverage continuing through replacement coverage.

New Medical Technology

Blue Cross and Blue Shield of Texas keeps abreast of medical breakthroughs, experimental treatments and newly approved medication. The medical policy department evaluates new technologies, medical procedures, drugs and devices for potential inclusion in the benefit packages we offer. Clinical literature and accepted medical practice standards are assessed thoroughly with ongoing reviews and determinations made by our Medical Policy Group.

Subrogation

If the Carrier pays or provides benefits for you or your Dependents under this Plan, the Carrier is subrogated to all rights of recovery which you or your Dependent have in contract, tort, or otherwise against any person, organization, or insurer for the amount of benefits the Carrier has paid or provided. That means the Carrier may use your rights to recover money through judgment, settlement, or otherwise from any person, organization, or insurer.

For the purposes of this provision, *subrogation* means the substitution of one person or entity (the Carrier) in the place of another (you or your Dependent) with reference to a lawful claim, demand or right, so that he or she who is substituted succeeds to the rights of the other in relation to the debt or claim, and its rights or remedies.

Right of Reimbursement

In jurisdictions where subrogation rights are not recognized, or where subrogation rights are precluded by factual circumstances, the Carrier will have a right of reimbursement.

If you or your Dependent recover money from any person, organization, or insurer for an injury or condition for which the Carrier paid benefits under this Plan, you or your Dependent agree to reimburse the Carrier from the recovered money for the amount of benefits paid or provided by the Carrier. That means you or your Dependent will pay to the Carrier the amount of money recovered by you through judgment, settlement or otherwise from the third party or their insurer, as well as from any person, organization or insurer, up to the amount of benefits paid or provided by the Carrier.

Right to Recovery by Subrogation or Reimbursement

You or your Dependent agree to promptly furnish to the Carrier all information which you have concerning your rights of recovery from any person, organization, or insurer and to fully assist and cooperate with the Carrier in protecting and obtaining its reimbursement and subrogation rights. You, your Dependent or your attorney will notify the Carrier before settling any claim or suit so as to enable us to enforce our rights by participating in the settlement of the claim or suit. You or your Dependent further agree not to allow the reimbursement and subrogation rights of the Carrier to be limited or harmed by any acts or failure to act on your part.

GENERAL PROVISIONS

Coordination of Benefits

Coordination of Benefits (“COB”) applies when you have health care coverage through more than one Health Care Plan. The order of benefit determination rules govern the order in which each Health Care Plan will pay a claim for benefits. The Health Care Plan that pays first is called the primary plan. The primary plan must pay benefits in accord with its policy terms without regard to the possibility that another plan may cover some expenses. The Health Care Plan that pays after the primary plan is the secondary plan. The secondary plan may reduce the benefits it pays so that payments from all plans equal 100 percent of the total Allowable Expense.

For purposes of this section only, the following words and phrases have the following meanings:

Allowable Expense means a health care expense, including deductibles, coinsurance, and copayments, that is covered at least in part by any Health Care Plan covering the person for whom claim is made. When a Health Care Plan (including this Health Care Plan) provides benefits in the form of services, the reasonable cash value of each service rendered is considered to be both an Allowable Expense and a benefit paid. In addition, any expense that a health care provider or Physician by law or in accord with a contractual agreement is prohibited from charging a covered person is not an allowable expense.

Health Care Plan means any of the following (including this Health Care Plan) that provide benefits or services for, or by reason of, medical care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts:

Group, blanket, or franchise accident and health insurance policies, excluding disability income protection coverage; individual and group health maintenance organization evidences of coverage; individual accident and health insurance policies; individual and group preferred provider benefit plans and exclusive provider benefit plans; group insurance contracts, individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care; medical care components of individual and group long-term care contracts; limited benefit coverage that is not issued to supplement individual or group in force policies; uninsured arrangements of group or group-type coverage; the medical benefits coverage in automobile insurance contracts; and Medicare or other governmental benefits, as permitted by law.

Health Care Plan does not include: disability income protection coverage; the Texas Health Insurance Pool; workers’ compensation insurance coverage; hospital confinement indemnity coverage or other fixed indemnity coverage; specified disease coverage; supplemental benefit coverage; accident only coverage; specified accident coverage; school accident-type coverages that cover students for accidents only, including athletic injuries, either on a “24-hour” or a “to and from school” basis; benefits provided in long-term care insurance contracts for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services; Medicare supplement policies; a state plan under Medicaid; a governmental plan that, by law, provides benefits that are in excess of those of any private insurance plan; or other nongovernmental plan; or an individual accident and health insurance policy that is designed to fully integrate with other policies through a variable deductible.

Each Contract for coverage is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

BCBSTX has the right to coordinate benefits between this Health Care Plan and any other Health Care Plan covering you.

The rules establishing the order of benefit determination between this Plan and any other Health Care Plan covering you on whose behalf a claim is made are as follows:

1. The benefits of a Health Care Plan that does not have a coordination of benefits provision shall in all cases be determined before the benefits of this Plan.

GENERAL PROVISIONS

2. If according to the rules set forth below in this section the benefits of another Health Care Plan that contains a provision coordinating its benefits with this Health Care Plan would be determined before the benefits of this Health Care Plan have been determined, the benefits of the other Health Care Plan will be considered before the determination of benefits under this Health Care Plan.

The order of benefits for your claim relating to **paragraphs 1 and 2** above, is determined using the first of the following rules that applies:

1. **Nondependent or Dependent.** The Health Care Plan that covers the person other than as a Dependent, for example as an employee, member, policyholder, subscriber, or retiree, is the primary plan, and the Health Care Plan that covers the person as a Dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Health Care Plan covering the person as a dependent and primary to the Health Care Plan covering the person as other than a dependent, then the order of benefits between the two plans is reversed so that the Health Care Plan covering the person as an employee, member, policyholder, subscriber, or retiree is the secondary plan and the other Health Care Plan is the primary plan. An example includes a retired employee.
2. **Dependent Child Covered Under More Than One Health Care Plan.** Unless there is a court order stating otherwise, Health Care Plans covering a Dependent child must determine the order of benefits using the following rules that apply.
 - a. For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (i) The Health Care Plan of the parent whose birthday falls earlier in the Calendar Year is the primary plan; or
 - (ii) If both parents have the same birthday, the Health Care Plan that has covered the parent the longest is the primary plan.
 - b. For a Dependent child whose parents are divorced, separated, or not living together, whether or not they have ever been married:
 - (i) if a court order states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Health Care Plan of that parent has actual knowledge of those terms, that Health Care Plan is primary. This rule applies to plan years commencing after the Health Care Plan is given notice of the court decree.
 - (ii) if a court order states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of 2.a. must determine the order of benefits.
 - (iii) if a court order states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of 2.a. must determine the order of benefits.
 - (iv) if there is no court order allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - (I) the Health Care Plan covering the custodial parent;
 - (II) the Health Care Plan covering the spouse of the custodial parent;
 - (III) the Health Care Plan covering the noncustodial parent; then
 - (IV) the Health Care Plan covering the spouse of the noncustodial parent.
 - c. For a Dependent child covered under more than one Health Care Plan of individuals who are not the parents of the child, the provisions of 2.a or 2.b. must determine the order of benefits as if those individuals were the parents of the child.
 - d. For a Dependent child who has coverage under either or both parents' Health Care Plans and has his or her own coverage as a Dependent under a spouse's Health Care Plan, paragraph 5. below applies.
 - e. In the event the Dependent child's coverage under the spouse's Health Care Plan began on the same date as the Dependent child's coverage under either or both parents' Health Care Plans, the order of benefits must be determined by applying the birthday rule in 2.a. to the Dependent child's parent(s) and the Dependent's spouse.

GENERAL PROVISIONS

- 3. Active, Retired, or Laid-off Employee.** The Health Care Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The Health Care Plan that covers that same person as a retired or laid-off employee is the secondary plan. The same would hold true if a person is a Dependent of an active employee and that same person is a Dependent of a retired or laid-off employee. If the Health Care Plan that covers the same person as a retired or laid-off employee or as a Dependent of a retired or laid-off employee does not have this rule, and as a result, the Health Care Plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if paragraph 1. above can determine the order of benefits.
- 4. COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another Health Care Plan, the Health Care Plan covering the person as an employee, member, subscriber, or retiree or covering the person as a dependent of an employee, member, subscriber, or retiree is the primary plan, and the COBRA, state, or other federal continuation coverage is the secondary plan. If the other Health Care Plan does not have this rule, and as a result, the Health Care Plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if paragraph 1. above can determine the order of benefits.
- 5. Longer or Shorter Length of Coverage.** The Health Care Plan that has covered the person as an employee, member, policyholder, subscriber, or retiree longer is the primary plan, and the Health Care Plan that has covered the person the shorter period is the secondary plan.
- 6.** If the preceding rules do not determine the order of benefits, the allowable expenses must be shared equally between the Health Care Plans meeting the definition of Health Care Plan. In addition, this Health Care Plan will not pay more than it would have paid had it been the primary plan.

When this Health Care Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Health Care Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Health Care Plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all Health Care Plans for the claim equal 100 percent of the total Allowable Expense for that claim. In addition, the secondary plan must credit to its plan deductible (if applicable) any amounts it would have credited to its deductible in the absence of other health care coverage.

If a covered person is enrolled in two or more closed panel Health Care Plans and, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one closed panel Health Care Plan, COB must not apply between that Health Care Plan and other closed panel Health Care Plans.

When benefits are available to you as primary benefits under Medicare, those benefits will be determined first and benefits under this Plan may be reduced accordingly. You must complete and submit consents, releases, assignments and other documents requested by BCBSTX to obtain or assure reimbursement by Medicare. If you fail to cooperate or enroll in Part B, Part D and, if eligible, Part A of the Medicare program, you will be liable for the amount of money We would have received if you had cooperated or enrolled.

If inpatient care began when you were enrolled in a previous Health Care Plan, after you make your Copayment under this Plan, BCBSTX will pay the difference between benefits under this Plan and benefits under the previous contract or insurance policy for services on or after the effective date of this Plan.

Benefits provided directly through a specified Provider of an employer shall in all cases be provided before the benefits of this Plan.

For purposes of this provision, BCBSTX may, subject to applicable confidentiality requirements set forth in this Plan, release to or obtain from any insurance company or other organization necessary information under this provision. If you claim benefits under this Plan, you must furnish all information deemed necessary by Us to implement this provision.

GENERAL PROVISIONS

None of the above rules as to coordination of benefits shall delay your health services covered under this Plan.

Whenever payments have been made by BCBSTX with respect to Allowable Expenses in a total amount, at any time, in excess of 100% of the amount of payment necessary at that time to satisfy the intent of this Part, We shall have the right to recover such payment, to the extent of such excess, from among one or more of the following as We shall determine: any person or persons to, or for, or with respect to whom, such payments were made; any insurance company or companies; or any other organization or organizations to which such payments were made.

You must complete and submit consents, releases, assignments and other documents requested by Us to obtain or assure reimbursement under workers' compensation. If you fail to cooperate, you will be liable for the amount of money BCBSTX would have received if you had cooperated. Benefits under workers' compensation will be determined first and benefits under this Plan may be reduced accordingly.

GENERAL PROVISIONS

Termination of Coverage

Termination of Individual Coverage

Coverage under the Plan for you and/or your Dependents will automatically terminate when:

1. Your portion of the group premium is not received timely by BCBSTX; or
2. You no longer satisfy the definition of an Employee as defined in this Benefit Booklet, including termination of employment; or
3. The Plan is terminated or the Plan is amended, at the direction of the Employer, to terminate the coverage of the class of Employees to which you belong; or
4. A Dependent ceases to be a Dependent as defined in the Plan.

However, when any of these events occur, you and/or your Dependents may be eligible for continued coverage. See **Continuation Privilege** in the **GENERAL PROVISIONS** section of this Benefit Booklet.

The Carrier may refuse to renew the coverage of an eligible Employee or Dependent for fraud or intentional misrepresentation of a material fact by that individual.

Coverage for a child of any age who is medically certified as *Disabled* and dependent on the parent will not terminate upon reaching the limiting age shown in the definition of Dependent if the child continues to be both:

1. *Disabled*, and
2. Dependent upon you for more than one-half of his support as defined by the Internal Revenue Code of the United States.

Disabled means any medically determinable physical or mental condition that prevents the child from engaging in self-sustaining employment. The disability must begin while the child is covered under the Plan and before the child attains the limiting age. You must submit satisfactory proof of the disability and dependency through your Employer to the Carrier within 31 days following the child's attainment of the limiting age. As a condition to the continued coverage of a child as a *Disabled* Dependent beyond the limiting age, the Carrier may require periodic certification of the child's physical or mental condition but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

Termination of the Group

The coverage of all Participants will terminate if the group is terminated in accordance with the terms of the Plan.

Extension of Benefits

If this Contract terminates (as described in the Employer's Contract), any Participant who is *Totally Disabled* on the effective date of the termination of the Contract shall be entitled to receive benefits as described in this Benefit Booklet, subject to the benefit limitations and maximums, for the continued treatment of the condition causing the *Total Disability*. Benefits will be available for the period of the *Total Disability* or for 90 days following the termination date of the Contract, whichever is less.

However, if your coverage under the Plan is replaced with coverage issued by a *Succeeding Carrier* which provides substantially equivalent or greater benefits than those provided by this Contract, this extension of benefits for *Total Disability* is not applicable.

Succeeding Carrier means an insurer that has replaced the coverage of BCBSTX with its coverage.

Total Disability or *Totally Disabled* means as applied to:

1. An Employee, the complete inability of the Employee to perform all of the substantial and material duties and functions of his occupation and any other gainful occupation in which the Employee earns substantially the same compensation earned prior to disability; and
2. A Dependent, confinement as a bed patient in a Hospital.

GENERAL PROVISIONS

Continuation Privilege

Any Participant whose insurance under the Contract has been terminated for any reason except involuntary termination for cause, including discontinuance of the Contract in its entirety or with respect to an insured class, and, who has been continuously insured under the Contract or any group policy providing similar benefits which it replaces for at least three consecutive months immediately prior to termination shall be entitled to such privilege as outlined below:

Continuation of group coverage must be requested in writing and provided to either the Employer or Contractholder within 60 days following the later of:

1. The date the group coverage would otherwise terminate; or
2. The date the Participant is given notice of the right of continuation by either the Employer or the group Contractholder.

A Participant electing continuation must pay the amount of contribution required to the Employer or Contractholder, plus two percent of the group rate for the insurance being continued under the contract. The first payment must be made within 45 days after the initial election of coverage. All subsequent payments must be made no later than 30 days after the payment due date.

Continuation may not terminate until the earliest of:

1. The date on which the maximum continuation period is exhausted, which is:
 - a. For covered persons not eligible for COBRA continuation coverage, nine months after the date of state continuation coverage; or
 - b. For covered persons covered under COBRA continuation coverage, six additional months following any period of COBRA continuation coverage;
2. The date on which failure to make timely payments would terminate coverage;
3. The date on which the group coverage terminates in its entirety;
4. The date on which the covered person is or could be covered under Medicare;
5. The date on which the covered person is covered for similar benefits by another hospital, surgical, medical, or major medical expense insurance policy, or hospital or medical subscription contract or medical practice or other prepayment plan or any other plan or program;
6. The date the covered person is eligible for similar benefits whether or not covered therefor under any arrangement of coverage for individuals in a group, whether on an insured or uninsured basis; or
7. Similar benefits are provided or available to such person, pursuant to or in accordance with the requirements of any state or federal law, other than COBRA continuation coverage.

Additional Continuation for Certain Dependents - State

If coverage terminates as the result of an Employee's death, retirement, or divorce, a Dependent's coverage can continue. The Dependent must have been covered under the Contract for at least one year, except in the case of a Dependent who is an infant under one year of age. Continuation does not require evidence of insurability.

Continuation under this provision will not apply if continuation is required under the Consolidated Omnibus Budget Reconciliation Act of 1985. In addition, continuation is not available when coverage terminates due to any of these circumstances:

GENERAL PROVISIONS

1. The Contract is canceled; or
2. The Dependent fails to make any timely premium payments.

Continuation ends after the earliest of the following:

1. The third anniversary of the severance of the family relationship or the retirement or death of the Subscriber;
2. The insured fails to make premium payments within the time required to make the payments;
3. The insured becomes eligible for substantially similar coverage under another plan or program, including a group health insurance policy or contract, hospital, or medical service subscriber contract, or medical practice or other prepayment plan; or
4. The Contract is canceled.

Notification Requirements

The Dependent must notify the Carrier within 15 days of the Employee's death, retirement, or divorce. The Carrier will immediately provide written notice to the Dependent of the right to continue coverage and will send the election form and instructions for premium payment.

Within 60 days of the Employee's death, retirement, or divorce, the Dependent must give written notice to the Carrier of the desire to exercise the right of continuation or the option expires. Coverage remains in effect during the 60-day period provided premium is paid.

COBRA Continuation - Federal

Under the provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), Participants may have the right to continue coverage after the date coverage ends. Participants will not be eligible for COBRA continuation if the Contractholder is exempt from the provisions of COBRA; however, the Participant may be eligible for State Continuation as addressed under **Additional Continuation for Certain Dependents - State**.

Please check with your Employer or Human Resources Department to determine if Domestic Partners are eligible for COBRA-like benefits in your Plan. Coverage may be available under the state continuation provisions. For specific criteria or necessary forms required to establish eligibility for benefit coverage under this Plan, contact your Employer or Human Resources Department.

SAMPLE

Minimum Size of Group

The Group must have normally employed more than twenty (20) employees on a typical business day during the preceding Calendar Year. This refers to the number of full-time and part-time employees employed, not the number of employees covered by a Health Benefit Plan.

Loss of Coverage

If coverage terminates as the result of termination (other than for gross misconduct) or reduction of employment hours, then the Participant may elect to continue coverage for eighteen (18) months from the date coverage would otherwise cease.

A covered Dependent may elect to continue coverage for thirty-six (36) months from the date coverage would otherwise cease if coverage terminates as the result of:

1. divorce from the covered Employee,
2. death of the covered Employee,

GENERAL PROVISIONS

3. the covered Employee becomes eligible for Medicare, or
4. a covered Dependent child no longer meets the Dependent eligibility requirements.

COBRA continuation under the contract ends at the earliest of the following events:

1. The last day of the eighteen (18) month period for events which have a maximum continuation period of eighteen (18) months.
2. The last day of the thirty-six (36) month period for events which have a maximum continuation period of thirty-six (36) months.
3. The first day for which timely payment of premium is not made to the Plan with respect to the qualified beneficiary.
4. The date upon which the Employer ceases to provide any group health plan to any Employee.
5. The date, after the date of the election, upon which the qualified beneficiary first becomes covered under any other employer group health benefit plan.
6. The date, after the date of the election, upon which the qualified beneficiary first becomes entitled to Medicare benefits.

Extension of Coverage Period

The eighteen (18) month coverage period may be extended if an event which could otherwise qualify a Participant for the thirty-six (36) month coverage period occurs during the eighteen (18) month period, but in no event may coverage be longer than thirty-six (36) months from the initial qualifying event.

If a Participant is determined to be disabled as defined under the Social Security Act and the Participant notifies the Employer before the end of the initial eighteen (18) month period, coverage may be extended up to an additional eleven (11) months for a total of twenty-nine (29) months. This provision is limited to Participants who are disabled at any time during the first sixty (60) days of COBRA continuation and only if the qualifying event is termination of employment (other than for gross misconduct) or reduction of employment hours.

Notice of COBRA Continuation Rights

The Employer is responsible for providing the necessary notification to Participants as required by the Consolidated Omnibus Budget Reconciliation Act of 1985 and the Tax Reform Act of 1986.

For additional information regarding your rights under COBRA continuation, refer to the Continuation Coverage Rights Notice in the **NOTICES** section of this Benefit Booklet.

ALLOWABLE AMOUNT NOTICE

IMPORTANT TO YOUR COVERAGE

To pay less out-of-pocket expenses for your health care costs and to receive a higher level of benefits, it is to your advantage to use In-Network Providers. If you use contracting Providers, you will not be responsible for any charges over the Allowable Amount as determined by BCBSTX. What follows is an example of how much you would pay if you use an In-Network Provider and how much you would pay if you use a non-contracting Out-of-Network Provider. To make the example easier to follow, assume the Allowable Amount is the same (Note: In most cases, however, the non-contracting Allowable Amount will be less than the contracting Allowable Amount, meaning your total payment responsibility will be even greater):

EXAMPLE ONLY

	In-Network 90% of eligible charges \$250 Deductible	Out-of-Network 80% of eligible charges \$500 Deductible
Amount Billed	\$20,000	\$20,000
Allowable Amount	\$5,000	\$5,000
Deductible Amount	\$250	\$500
Plan's Coinsurance Amount	\$4,275	\$3,600
Your Coinsurance Amount	\$475	\$900
Non-Contracting Provider's additional charge to you	None	\$15,000
YOUR TOTAL PAYMENT	\$725 to a Network Provider	\$16,400 to a Non-Contracting Out-of-Network Provider

SAMPLE

Even when you consult an In-Network Provider, ask questions about the Providers rendering care to you "behind the scenes." If you are scheduled for surgery, for example, ensure that your Network surgeon will be using a Network facility for your procedure and a Network provider for your anesthesia services.

If you choose to receive services from an Out-of-Network Provider, inquire if the Provider participates in a contractual arrangement with BCBSTX or any other Blue Cross and/or Blue Shield Plan. Providers who do not contract with BCBSTX may bill the patient for expenses over the Allowable Amount. ¹Refer to *PARPLAN* in the **HOW THE PLAN WORKS** portion of your booklet for more information.

Out-of-Area Services

Blue Cross and Blue Shield of Texas, a division of Health Care Service Corporation, herein called BCBSTX has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs.” Whenever you obtain healthcare services outside of BCBSTX service area, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program, and may include negotiated National Account arrangements available between BCBSTX and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside our service area, you will obtain care from healthcare Providers that have a contractual agreement (i.e., are “participating Providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, you may obtain care from non-participating healthcare Providers. Our payment practices in both instances are described below.

A. BlueCard® Program

Under the BlueCard® Program, when you access covered healthcare services within the geographic area served by a Host Blue, we will remain responsible for fulfilling our contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare Providers.

Whenever you access covered healthcare services outside BCBSTX’s service area and the claim is processed through the BlueCard Program, the amount you pay for covered healthcare services is calculated based on the lower of:

- the billed covered charges for your covered services; or
- the negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare Provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare Provider or provider group that may include types of settlements, incentive payments, and/or other medical charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price we use for your claim because they will not be applied retroactively to claims already paid.

Federal law or the laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If federal law or any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered healthcare services according to applicable law.

B. Negotiated (non-BlueCard Program) National Account Arrangements

As an alternative to the BlueCard Program, your claims for covered healthcare services may be processed through a negotiated National Account arrangement with a Host Blue.

NOTICE

The amount you pay for covered healthcare services under this arrangement will be calculated based on the lower of either billed covered charges or negotiated price (Refer to the description of negotiated price under Section A., BlueCard Program) made available to us by the Host Blue.

C. Non-Participating Healthcare Providers Outside BCBSTX Service Area

For non-participating healthcare Providers outside our service area please refer to the Allowable Amount definition in the **DEFINITIONS** section of this Benefit Booklet for payment information.

The minimum number of inpatient hours is not required if the covered person receiving the treatment and the attending physician determine that a shorter period of inpatient care is appropriate.

Prohibitions: We may not (a) offer the covered person a financial incentive to forego breast reconstruction or waive the coverage and/or benefits shown above; (b) condition, limit, or deny any covered person's eligibility or continued eligibility to enroll in the plan or fail to renew this plan solely to avoid providing the coverage and/or benefits shown above; or (c) reduce or limit the amount paid to the physician or provider, nor otherwise penalize, or provide a financial incentive to induce the physician or provider to provide care to a covered person in a manner inconsistent with the coverage and/or benefits shown above.

This benefit does not require a covered female who is eligible for maternity/childbirth benefits to:

- b. Remain in a hospital or other health care facility for the minimum number of hours following birth of the child.

If a covered mother or her newborn child is discharged before the 48 or 96 hours has expired, we will provide coverage for post-delivery care. Post-delivery care includes parent education, assistance and training in breast-feeding and bottle-feeding and the performance of any necessary and appropriate clinical tests. Care will be provided by a physician, registered nurse or other appropriately licensed health care provider, and the mother will have the option of receiving the care at her home, the health care provider's office or a health care facility.

- Reasonable expenses related to periodic re-evaluation of the care of an individual covered under the plan who has incurred an acquired brain injury, has been unresponsive to treatment, and becomes responsive to treatment at a later date, at which time the cognitive rehabilitation services would be a covered benefit.

The fact that an acquired brain injury does not result in hospitalization or acute care treatment does not affect the right of the insured or the enrollee to receive the preceding treatments or services commensurate with their condition. Post-acute care treatment or services may be obtained in any facility where such services may legally be provided, including acute or post-acute rehabilitation hospitals and assisted living facilities regulated under the Health and Safety Code.

NOTICE

CONTINUATION COVERAGE RIGHTS UNDER COBRA

NOTE: Certain employers may not be affected by CONTINUATION OF COVERAGE AFTER TERMINATION (COBRA). See your employer or Group Administrator should you have any questions about COBRA.

INTRODUCTION

You are receiving this notice because you have recently become covered under your employer's group health plan (the Plan). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.**

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage may be available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage.

For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

WHAT IS COBRA CONTINUATION COVERAGE?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a qualified beneficiary. You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes enrolled in Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they will lose coverage under the Plan because any of the following qualifying events happens:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes enrolled in Medicare (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

If the Plan provides health care coverage to retired employees, the following applies: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary with respect to the bankruptcy. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

WHEN IS COBRA COVERAGE AVAILABLE?

The Plan will provide COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, in the event of retired employee health coverage, commencement of a proceeding in bankruptcy with respect to the employer, or the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

YOU MUST GIVE NOTICE OF SOME QUALIFYING EVENTS

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. Contact your employer and/or COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

HOW IS COBRA COVERAGE PROVIDED?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child's losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

DISABILITY EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of

COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. Contact your employer and/or the COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

SECOND QUALIFYING EVENT EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months if notice of the second qualifying event is properly given to the Plan. This extension may be available to the spouse and dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated or if the dependent child stops being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

- You may obtain a current directory of preferred providers at the following website: www.bcbstx.com or by calling the Customer Service number on the back of your ID card for assistance in finding available preferred providers. If the directory is materially inaccurate, you may be entitled to have an out-of-network claim paid at the in-network level of benefits.

- If the amount you owe to an out-of-network hospital-based radiologist, anesthesiologist, pathologist, emergency department physician, or neonatologist is greater than \$1,000 (not including your copayment, coinsurance, and deductible responsibilities) for services received in a network hospital, you may be entitled to have the parties participate in a teleconference, and if the result is not to your satisfaction, in a mandatory mediation at no cost to you. You can learn more about mediation at the Texas Department of Insurance website: www.tdi.texas.gov/consumer/cpmmediation.html.

NOTICE

Grandfathered Health Plan Disclosure

This group health plan believes this coverage is a “grandfathered health plan” under the Affordable Care Act. As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that the policy may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to your Employer or the Plan Administrator.

If your group health plan is subject to the Employee Retirement Income Security Act (ERISA), you may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans. For nonfederal governmental plans, inquiries may be directed to the U.S. Department of Health and Human Services at www.healthreform.gov.

Description of Your Health Care Account

Capitalized words within this document are defined terms in the BlueEdge PPO Benefit Booklet that accompanies this Description of Your Health Care Account. Whenever the terms are used in this document, the meaning is consistent with the definition provided in the Benefit Booklet.

Your Employer has chosen to provide a BlueEdge Health Care Account (HCA) with your PPO health coverage. An HCA is a fund that your Employer establishes for each member or family enrolled in the BlueEdge consumer driven health plan. This document provides details regarding how this integral part of your health care benefit package works.

Each year, as you incur charges for services covered under the PPO plan that are subject to the Calendar Year Deductible, the HCA – not you – pays the Allowable Amount for those services until the account is depleted. When the HCA balance reaches zero, any additional charges you incur for services covered under the PPO plan are then subject to the “self-pay corridor” portion of the Deductible. The “self-pay corridor” is the difference between the Calendar Year Deductible and the Employer-funded HCA. It is the member’s (your) responsibility portion of the Calendar Year Deductible that must be satisfied before benefits under the PPO health coverage begin.

Family Coverage

All family members covered under the PPO health care coverage can use the HCA; there are no limits on the amount any one family member can use from the family HCA. Claims for Eligible Expenses are paid from the HCA as long as there is a remaining balance. Once the family HCA balance is depleted, any other charges incurred for Eligible Expenses are applied to the family “self-pay corridor” Deductible and are your responsibility to pay until the family Calendar Year Deductible is satisfied.

Your HCA Activity and Amounts

You can view your HCA online at Blue Access[®] for Members (BAM), the BCBSTX secured website for members at www.bcbstx.com/members, in the Benefits Highlights for your BlueEdge plan, or you can ask your Employer. You can also track claims activity and your HCA balance online through Blue Access for Members. To access the system, follow the directions to create a user ID and password.

Expenses Eligible for HCA Payment

Only the Allowable Amount for Eligible Expenses incurred under the PPO plan for claims that are subject to the Calendar Year Deductible is eligible for HCA payment. Refer to the PPO benefit booklet attached to this description of your BlueEdge HCA for information regarding Eligible Expenses under your plan.

Preventive Care

In addition to the HCA, your PPO plan provides preventive care benefits that are paid at 100% with no Calendar Year Deductible when services are received from Network Providers. There is no maximum dollar limit on preventive care services. The claims are paid directly from the PPO plan and not from the HCA. There are no out-of-pocket costs to you as long as you receive preventive care services from Network Providers.

If you receive preventive care services from Out-of-Network Providers, the Calendar Year Deductible will apply to the charges incurred. Only the Allowable Amount as determined by BCBSTX will apply to the Calendar Year Deductible. This amount is paid from your HCA if there is a remaining balance. If the HCA balance is zero, you will be responsible for the “self-pay corridor” portion of the Deductible.

In addition, you will be responsible for paying the Out-of-Network Provider for any billed charges over the BCBSTX Allowable Amount and you may be asked to pay for services at the time they are received.

HCA Claims and Payments

BlueEdge provides a seamless approach to claims processing – paying claims automatically from the BlueEdge HCA (as long as a balance remains) or the PPO plan. The HCA pays up to the Allowable Amount for Eligible Expenses incurred under the PPO plan for claims applied to the Calendar Year Deductible until the HCA balance is depleted. You are not required to pay for services at the time they are received or submit claims for HCA reimbursement as long as you receive services from Network Providers.

Claims Processing

Network: Network Providers submit claims directly to BCBSTX for you. BCBSTX pays the Provider and sends you an Explanation of Benefits that shows the amount paid by your HCA, the remaining HCA balance, and any amount you may owe the Provider, as well as any benefits payable under the PPO plan.

Out-of-Network: When you receive services or supplies from Out-of-Network Providers, you must submit a Member claim form to BCBSTX following the procedures described in the PPO Benefit Booklet that accompanies this document. BCBSTX will process the claim and determine any amounts payable from the HCA or the PPO plan and any amounts you must pay. Again, only the BCBSTX Allowable Amount will be applied to the Calendar Year Deductible and payable by any remaining HCA balance. You will be responsible for any Deductible amounts (if the HCA is depleted), any charges over the BCBSTX Allowable Amount, and any services that are limited or not covered under the PPO plan.

All terms and conditions of the PPO plan apply equally to claims paid by the Health Care Account.

Rolling Over HCA Balances

If there is a balance in your HCA at the end of the Calendar Year, that amount rolls over to the next Calendar Year and is added to your Employer's annual contribution. The total can be used toward charges applied to the next year's Calendar Year Deductible. The higher the balance in your HCA, the less you will pay out-of-pocket for covered health care services.

If, at some point, the HCA balance equals the Calendar Year Deductible, the Deductible is completely paid by the HCA. You do not have to pay any portion of the Calendar Year Deductible. Once the PPO benefits begin, your only expense is the Coinsurance Amounts for Eligible Expenses up to the Coinsurance Stop-Loss Amount that applies to the PPO plan – as long as you use Network Providers.

Rollover Example: \$1,500 Calendar Year Deductible with a \$750 HCA

In this example, the HCA would pay the first \$750 in services applied to the Calendar Year Deductible and you would pay (self-pay corridor) the next \$750 to satisfy the \$1,500 Calendar Year Deductible. If the entire HCA is not used in the first year, the remaining balance rolls over to the second year and is added to the annual contribution from your Employer.

If you have a remaining HCA balance of \$200 at the end of the first year, it rolls over and is added to the next year's contribution of \$750, for a total HCA balance of \$950 at the beginning of the second year.

As the HCA is larger than in the first year, it will pay a larger portion of the Calendar Year Deductible and you will pay less to meet the Calendar Year Deductible.

In the second year, the HCA would pay the first \$950 in Eligible Expenses applied to the Calendar Year Deductible and you would pay the next \$550 (\$1,500 minus \$950) to satisfy the \$1,500 Calendar Year Deductible.

Prior Year's Claims

Any HCA balance rolled over on January 1 is added to the annual HCA contribution from your Employer and can be applied to claims for Eligible Expenses incurred on or after January 1. Claims for charges incurred prior to January 1 can only be paid from HCA funds that were available at the time the charges were incurred.

HCA Balance Maximum

After the initial funding, individual or family HCA contributions are made annually on January 1, up to the HCA balance maximum. The maximum is equal to the individual or family Calendar Year Deductible as shown on the BlueEdge Benefit Highlights.

If the annual Employer HCA contribution would make the balance greater than the Calendar Year Deductible, the Employer only contributes the difference between the Calendar Year Deductible and the existing HCA balance – making the new balance equal to the Calendar Year Deductible. Once the maximum HCA balance is reached, the Employer does not make an annual contribution until the HCA balance is less than the maximum on the next January 1. At that time, annual contributions begin again, subject to the HCA balance maximum.

Changes in Family Status

If you have a change in your family status as described in the **WHO GETS BENEFITS** section of your PPO benefit booklet on a date other than January 1, your HCA may be adjusted. If you have a...

Change from Individual to Family Coverage in the First Half of the Calendar Year - through June 30: The difference between the individual HCA amount and the family HCA amount is added to your HCA balance.

Change from Individual to Family Coverage in the Second Half of the Calendar Year - on or after July 1: Half of the difference between the individual HCA amount and the family HCA amount is added to your HCA balance.

SAMPLE

Change from Family to Individual Coverage at Any Time during the Calendar Year: Your HCA balance is not adjusted but the next contribution made to your HCA balance is based on individual coverage.

Continuation Provisions

The continuation provisions (e.g., COBRA) described in the PPO benefit booklet that accompanies this document will also apply to the HCA. When an event qualifies you to continue coverage under the PPO plan and you elect to continue your coverage, your HCA does not change. Your health care claims continue to be paid and contributions continue to be made to your HCA as long as your PPO coverage continues.

Portability and Termination Provisions

When you are no longer covered under the BCBSTX PPO plan that includes an HCA, whether you choose another plan offered by your Employer or you leave the company (after any continuation coverage expires), your HCA balance is only used to pay for claims with service dates prior to the date your coverage terminated.

Any balance that remains in your HCA after claims have been paid is retained by the Employer. However, should your current Employer choose another BCBSTX PPO plan that includes an HCA and you enroll in that plan, your HCA balance will transfer to the new plan.

Flexible Spending Account Coordination

When a Flexible Spending Account program (FSA) is also offered by your Employer, the FSA may be used to cover out-of-pocket expenses, such as any Deductible amounts not paid by the HCA, any Coinsurance Amounts required by the PPO plan, and any other eligible non-covered services payable under your FSA. Refer to separate information regarding your FSA.

The HCA must be used first for covered expenses applied to the Deductible before the FSA can be used. You will have to submit any claims to the FSA for reimbursement according to the procedures provided to you by your Employer. Automatic claim cross-over services for FSA claims is not available to plan enrollees.
