The Affordable Care Act (ACA) includes a provision that gives Health Insurance Marketplace members who receive advanced premium tax credits (APTC) also known as subsidies, a three-month grace period to pay their premium.

- **Grace Period Overview:**
  - The three-month grace period is only required for enrollees who have made one full premium payment during the benefit year and who are receiving the APTC.
  - The health plan is responsible for adjudicating claims during the first month after a member enters the grace period. The claims adjudicated are for dates of service rendered within the first month of this grace period.
  - During the second and third months of the grace period, issuers have the choice of either pending the claims or adjudicating the claims and seeking a refund if the member doesn’t pay all outstanding premium payments.
  - If a member fails to pay all outstanding premiums by the end of the three-month grace period, the health plan must terminate the member’s coverage.
  - For additional details, go to www.Healthcare.gov.

- **How will BCBSTX make providers aware?**
  - Eligibility and Benefits Determination will include a paid through date and be provided by:
    - Electronic and/or clearinghouse compliant with the HIPAA 270/271
    - Interactive Voice Response (IVR) / automated telephone system
    - Provider Customer Service
  - Reminders to check for grace period status will be included on correspondence related to predeterminations, prior authorizations and referrals
