

DEADLINE EXTENSION FOR MEDICAID MANAGED CARE ORGANIZATION LONG-TERM SERVICES AND SUPPORTS PROVIDERS

The deadline for LTSS providers serving managed care members (“MCO LTSS providers”) required to enroll through the Medicaid MCO LTSS provider enrollment process has been extended to **September 1, 2018**.

Background: An MCO LTSS provider is any provider who provides LTSS services under a specific NPI and taxonomy combination through Medicaid Managed Care, but does not have an active TPI through TMHP, an API through this process, or an enrollment through DADS (Legacy).

Action: To allow sufficient time for application processing, MCO LTSS providers are strongly advised to submit applications as soon as possible. The MCOs will cease claims processing effective **September 1, 2018**, for any MCO LTSS provider who has not successfully completed the enrollment process.

Application: To enroll, providers must email provider's business name, tax identification number, National Provider Identifier (NPI) and taxonomy code to [MCO LTSS Provider Re-Enrollment@hhsc.state.tx.us](mailto:MCO_LTSS_Provider_Re-Enrollment@hhsc.state.tx.us).

Additional Information:

- Webpage: <https://hhs.texas.gov/about-hhs/communications-events/news/2017/07/update-aca-mco-ltss-provider-enrollment-process>
- Attachments: LTSS Taxonomies, Quick Tips

Providers who have completed enrollment and are receiving denials due to non-enrollment should follow the respective MCO’s claims and appeals process or contact the MCO.
