2026 Supplemental Drug List

PLEASE READ:

THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN

This supplemental drug list was updated in October 2025. For more recent information or other questions, please contact Blue Cross Group Medicare AdvantageSM Customer Service at 1-855-380-8542, or for TTY users 711, 8 a.m. – 8 p.m., local time, 7 days a week. If you are calling from April 1 through September 30, alternate technologies (for example, voicemail) will be used on weekends and holidays.

Your plan includes a supplemental drug benefit that covers a number of drugs that are excluded from coverage under the Medicare Part D program. Since supplemental drugs are excluded from the Part D program, the amount you spend on supplemental drugs does not count toward your Part D true out-of-pocket (TrOOP) expenses. These drugs do not qualify for lower Part D catastrophic copays.

Like your covered Part D drugs, your cost for these drugs is based on the tier each drug is in. You can find the tier number next to the drug name in the chart below. You can find the cost for each drug tier by checking the benefit chart in your Evidence of Coverage. If you receive extra help to pay for your prescriptions, you will not get extra help to pay for these drugs.

This is not a complete list of drugs covered by your plan. For the full list of your covered Part D drugs, please refer to the Comprehensive Formulary posted on www.myprime.com. Sign in and go to 'Find medicines' to see your retiree group plan Comprehensive Formulary. You will need to create an account the first time you use this service. For additional questions, please call customer service.

KEY

Generic drugs are shown in lower-case *italics*.

Brand name drugs are shown in CAPITAL letters.

Some covered drugs may have additional requirements or limits on coverage.

These requirements and limits may include:

QL = Quantity Limits
