Blue Cross Group Medicare Advantage

Lista de medicamentos cubiertos a través de su empleador 2026

(Lista de medicamentos con cobertura)

Aviso para los asegurados existentes: Esta Lista de medicamentos cambió con respecto a la del año pasado. Revise este documento para asegurarse de que todavía incluye los medicamentos que usted toma.

Cuando en esta Lista de medicamentos se hace referencia a “nosotros”, “nos” o “nuestro”, significa HCSC Insurance Services Company (HISC). Cuando se hace referencia a “la cobertura” o “nuestra cobertura”, significa Blue Cross Group Medicare Advantage.

Este documento incluye una Lista de medicamentos para nuestro plan que está vigente desde septiembre de 2025. Para obtener una Lista de medicamentos actualizada, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha en la que actualizamos la Lista de medicamentos por última vez, aparece en la portada y en la contraportada.

Generalmente tiene que acudir a farmacias de la red para tener derecho a su cobertura para medicamentos con receta. Los beneficios, la lista de medicamentos, la red de farmacias o los copagos/coseguros pueden cambiar el 1.º de enero de 2026 y ocasionalmente durante el año.

¿Qué es la lista de medicamentos de Blue Cross Group Medicare Advantage?

En este documento, los términos “lista de medicamentos” y “vademécum” se refieren a lo mismo. Es una lista de medicamentos con cobertura seleccionados por Blue Cross Group Medicare Advantage en consulta con un equipo de profesionales médicos que representa las terapias de medicamentos con receta que se consideran una parte necesaria de un programa de tratamiento de calidad. Blue Cross Group Medicare Advantage generalmente cubrirá los medicamentos incluidos en nuestra lista de medicamentos, siempre y cuando el medicamento sea médicamente necesario, la receta médica se surta en una farmacia de la red de Blue Cross Group Medicare Advantage y se cumplan otras reglas de la cobertura. Para obtener más información acerca de cómo surtir sus medicamentos con receta, revise su *Evidencia de cobertura*.

¿Puede haber cambios en el formulario?

La mayoría de los cambios en la cobertura de medicamentos ocurren el 1.º de enero, pero “nosotros” o Blue Cross Group Medicare Advantage podemos agregar o eliminar medicamentos de la lista de medicamentos durante el año, trasladarlos a diferentes niveles de gastos compartidos o agregar nuevas restricciones. Al realizar estos cambios, debemos seguir las reglas de Medicare. Las actualizaciones de la lista de medicamentos se publican mensualmente en nuestro sitio web aquí: <http://www.bcbstx.com/medicare>

Cambios que pueden afectarle este año: En los casos que aparecen a continuación, los cambios en la cobertura durante el año lo afectarán:

- **Sustituciones inmediatas de ciertas versiones nuevas de medicamentos de marca y productos biológicos originales.** Es posible que eliminemos inmediatamente un medicamento de nuestra lista de medicamentos si lo estamos reemplazando con una nueva versión determinada de ese medicamento que aparecerá en el mismo nivel de gastos compartidos o en uno más bajo y con las mismas o menos restricciones. Cuando agregamos una nueva versión de un medicamento a nuestro vademécum, podemos decidir mantener el medicamento de marca o producto biológico original en nuestro vademécum, pero trasladarlo de inmediato a un nivel diferente de costos compartidos diferente o agregar nuevas restricciones.

Podemos realizar estos cambios inmediatos solo si agregamos una nueva versión genérica de un medicamento de marca o si agregamos ciertas versiones biosimilares nuevas de un producto biológico original que ya estaba en la lista de medicamentos (por ejemplo, agregamos un biosimilar intercambiable que puede sustituirse por un producto biológico original de una farmacia sin una receta nueva).

Si actualmente está tomando el medicamento de marca o el producto biológico original, es posible que no le informemos con anticipación antes de realizar un cambio inmediato, pero más adelante le proporcionaremos información sobre los cambios específicos que hemos realizado.

Si hacemos dicho cambio, usted o la persona que le receta puede solicitarnos que hagamos una excepción y sigamos cubriendo el medicamento que se está cambiando. Para obtener más información, consulte la sección a continuación “¿Cómo solicito una excepción a la Lista de medicamentos de Blue Cross Group Medicare Advantage?”

Algunos de estos tipos de medicamentos pueden ser nuevos para usted. Para obtener más información, consulte la sección a continuación titulada “¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?”.

- **Si se retira un medicamento del mercado.** Si el fabricante retira un medicamento de la venta o si la Administración de Alimentos y Medicamentos (FDA, en inglés) determina que un medicamento se retire por motivos de seguridad o eficacia, podemos retirar de inmediato el medicamento de nuestro vademécum y luego notificaremos a los miembros que lo usan.

Otros cambios. Podemos hacer otros cambios que afecten a los asegurados que actualmente toman un medicamento. Por ejemplo, podemos agregar un nuevo medicamento genérico para reemplazar un medicamento de marca que actualmente está en la lista de medicamentos, agregar un nuevo biosimilar para reemplazar un producto biológico original que está en la lista de medicamentos, o imponer nuevas restricciones, o trasladar un medicamento que mantenemos en la lista de medicamentos a un nivel de gastos compartidos más alto, o ambas cosas, después de agregar un medicamento correspondiente. Podemos hacer cambios en función de nuevas pautas clínicas. Si eliminamos medicamentos de nuestra lista de medicamentos, si agregamos autorizaciones previas, cantidades límite o restricciones a las terapias escalonadas para un medicamento, o si cambiamos un medicamento a un nivel más alto de gastos compartidos, tenemos que notificar a los asegurados afectados sobre el cambio al menos 30 días antes de que el cambio entre en vigencia. O bien, cuando el asegurado solicite resurtir el medicamento, puede recibir un suministro del medicamento para 30 días y un aviso sobre el cambio.

Si hacemos dichos cambios, usted o la persona que le receta puede solicitarnos que le hagamos una excepción y sigamos cubriendo el medicamento que ha estado tomando. La notificación que le proporcionemos también incluirá información sobre cómo solicitar una excepción y puede encontrar información en la siguiente sección titulada “¿Cómo solicito una excepción a la lista de medicamentos de Blue Cross Group Medicare Advantage?”.

Cambios que no le afectarán si actualmente está tomando el medicamento. En general, si está tomando un medicamento de nuestra Lista de medicamentos cubiertos a través de su empleador 2026 que estaba cubierto al comienzo del año, no interrumpiremos ni reduciremos la cobertura de dicho medicamento durante el año de cobertura 2026, excepto según lo descrito anteriormente. Esto significa que estos medicamentos permanecerán disponibles con los mismos gastos compartidos y sin nuevas restricciones para aquellos asegurados que los tomen durante el resto del año de cobertura. No recibirá ningún aviso directo este año acerca de los cambios que no lo afecten. No obstante, el 1 de enero del año siguiente, estos cambios lo afectarían, y es importante que revise la lista de medicamentos del nuevo año de beneficios para ver si hay cambios en los medicamentos.

La lista de medicamentos adjunta entró en vigor a partir del 09/30/2025. Para obtener información actualizada sobre los medicamentos cubiertos por Blue Cross Group Medicare Advantage, comuníquese con nosotros. Nuestra información de contacto aparece en la portada y en la contraportada. Las publicaciones de la lista de medicamentos se actualizan y publican mensualmente en línea con los cambios aplicables, incluidos los cambios negativos. La dirección web se encuentra en la portada y contraportada de esta lista de medicamentos.

¿Cómo uso la lista de medicamentos?

Hay dos maneras de encontrar un medicamento en la lista:

Problema de salud

La lista de medicamentos comienza en la página 1. Los medicamentos incluidos en esta lista de medicamentos están agrupados por categorías según el tipo de problema de salud que tratan. Por ejemplo, los medicamentos que se usan para tratar un problema de salud cardíaco figuran dentro de la categoría Agentes cardiovasculares. Si sabe para qué se usa su medicamento, busque el nombre de la categoría en la lista que comienza en la página 1. Luego, busque el medicamento debajo del nombre de la categoría.

Lista alfabética

Si no está seguro sobre qué categoría consultar, debe buscar su medicamento en el Índice que comienza en la página 144. En el Índice se proporciona una lista alfabética de todos los medicamentos incluidos en este documento. Se incluyen tanto los medicamentos de marca como los genéricos. Busque en el Índice y encuentre su medicamento. Al lado del medicamento, verá el número de la página en la que puede encontrar información sobre la cobertura. Encuentre la página indicada en el Índice y busque el nombre del medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Blue Cross Group Medicare Advantage cubre tanto los medicamentos de marca como los genéricos. Un medicamento genérico está aprobado por la FDA y tiene el mismo ingrediente activo que el medicamento de marca. Generalmente, los medicamentos genéricos tienen la misma efectividad y suelen costar menos que los medicamentos de marca. Existen medicamentos genéricos disponibles que reemplazan a los medicamentos de marca. Los medicamentos genéricos generalmente pueden sustituirse por el medicamento de marca en la farmacia sin necesidad de una nueva receta, según las leyes estatales.

¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?

En el vademécum, cuando nos referimos a medicamentos, esto podría significar un medicamento o un producto biológico. Los productos biológicos son medicamentos más complejos que los medicamentos habituales. Dado que los productos biológicos son más complejos que los medicamentos típicos, en lugar de tener una forma genérica, tienen alternativas que se denominan biosimilares. Por lo general, los biosimilares funcionan igual de bien que los productos biológicos originales y podrían costar menos. Existen alternativas biosimilares para algunos productos biológicos originales. Algunos biosimilares son biosimilares intercambiables y, según las leyes estatales, pueden sustituirse por el producto biológico original en la farmacia sin necesidad de una receta nueva, al igual que los medicamentos genéricos pueden sustituirse por medicamentos de marca.

- Para obtener información sobre los tipos de medicamentos, consulte la Evidencia de Cobertura Sección 3.1 del Capítulo 5 de “La Lista de medicamentos contiene los medicamentos de la Parte D que están cubiertos”.

¿Existe alguna restricción sobre mi cobertura?

Algunos medicamentos con cobertura pueden tener requisitos adicionales o límites en la cobertura. Estos requisitos y límites podrían incluir lo siguiente:

- **Autorización previa:** Blue Cross Group Medicare Advantage requiere que usted o la persona que le receta obtengan una autorización previa para ciertos medicamentos. Esto significa que usted deberá obtener la aprobación de Blue Cross Group Medicare Advantage antes de comprar sus medicamentos con receta. Si no obtiene la aprobación, Blue Cross Group Medicare Advantage posiblemente no cubra el medicamento.
- **Cantidades límite:** Para ciertos medicamentos, Blue Cross Group Medicare Advantage limita la cantidad de medicamentos que cubrirá. Por ejemplo, Blue Cross Group Medicare Advantage proporciona 60 tabletas por 30 días por receta médica para losartan de 25 mg. Esto puede ser además de un suministro estándar para un mes o tres meses.
- **Terapia escalonada:** En algunos casos, Blue Cross Group Medicare Advantage requiere que pruebe ciertos medicamentos para tratar su problema de salud antes de cubrir otro medicamento para ese problema. Por ejemplo, si tanto el medicamento A como el medicamento B tratan su problema de salud, Blue Cross Group Medicare Advantage podría no cubrir el medicamento B a menos que intente usar el medicamento A primero. Si el medicamento A no funciona para usted, entonces Blue Cross Group Medicare Advantage cubrirá el medicamento B.

Puede averiguar si su medicamento tiene algún requisito o límite adicionales al consultar la lista de medicamentos que comienza en la página 1. También puede obtener más información acerca de las restricciones que se aplican a medicamentos específicos con cobertura visitando nuestro sitio web. Hemos publicado documentos en línea en los que se explican nuestras restricciones de autorización previa y terapia escalonada. También puede solicitarnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha en la que actualizamos la lista de medicamentos por última vez, aparece en la portada y en la contraportada.

Usted puede solicitar a Blue Cross Group Medicare Advantage que haga una excepción a estas restricciones o límites, o pedir una lista de otros medicamentos similares que podrían tratar su problema de salud. Consulte la sección “¿Cómo solicito una excepción a la lista de medicamentos de Blue Cross Group Medicare Advantage?” que se encuentra en la página iv para obtener información acerca de cómo solicitar una excepción

¿Qué sucede si mi medicamento no está en la lista de medicamentos?

Si su medicamento no está incluido en esta lista de medicamentos con cobertura, primero debe comunicarse con el Servicio al Cliente y preguntar si su medicamento tiene cobertura.

Si descubre que Blue Cross Group Medicare Advantage no cubre su medicamento, usted tiene dos opciones:

- Puede solicitar a Servicio al Cliente una lista de medicamentos similares que estén cubiertos por Blue Cross Group Medicare Advantage. Cuando reciba la lista, muéstresela a su médico y pídale que le recete un medicamento similar que esté cubierto por Blue Cross Group Medicare Advantage.

- Puede solicitar a Blue Cross Group Medicare Advantage que haga una excepción y que cubra su medicamento. Consulte a continuación la información sobre cómo solicitar una excepción.

¿Cómo solicito una excepción a la lista de medicamentos de Blue Cross Group Medicare Advantage?

Puede solicitar a Blue Cross Group Medicare Advantage que haga una excepción a nuestras reglas de cobertura. Existen varios tipos de excepciones que puede solicitarnos.

- Puede solicitarnos que cubramos un medicamento, incluso si no está en nuestra lista de medicamentos. Si lo aprobamos, este medicamento tendrá cobertura con un nivel predeterminado de gastos compartidos y usted no podrá solicitarnos que proporcionemos el medicamento a un nivel inferior de gastos compartidos.
- Puede solicitarnos que cubramos un medicamento de la lista de medicamentos con un nivel inferior de gastos compartidos, si este medicamento no está en el nivel de medicamentos especializados. Si se aprueba, esto reducirá el monto que tiene que pagar por su medicamento.
- Puede pedirnos que eximamos una restricción de cobertura, como autorización previa, terapia escalonada o un límite de cantidad en su medicamento. Por ejemplo, para ciertos medicamentos, Blue Cross Group Medicare Advantage limita la cantidad del medicamento que cubriremos. Si su medicamento tiene una cantidad límite, puede solicitarnos que eximamos el límite y cubramos un monto mayor.

Por lo general, Blue Cross Group Medicare Advantage solo aprobará su solicitud de una excepción si los medicamentos alternativos que están incluidos en la lista de medicamentos de la cobertura, el medicamento con los gastos compartidos más bajos o la aplicación de la restricción no sería tan eficaz para usted o le causaría efectos adversos.

Usted o la persona que le receta deben comunicarse con nosotros para solicitarnos una excepción a la lista de medicamentos, incluida una excepción a una restricción sobre la cobertura. ***Cuando solicita una excepción, la persona que le receta deberá explicar los motivos médicos por los cuales necesita la excepción.*** Por lo general, tenemos que tomar nuestra decisión dentro de las 72 horas posteriores a la recepción de la declaración de respaldo de la persona que le receta. Puede pedir una decisión acelerada (rápida) si cree, y nosotros estamos de acuerdo en, que su salud podría verse gravemente afectada al tener que esperar hasta 72 horas para una decisión. Si estamos de acuerdo, o si la persona autorizada para extender recetas solicita una decisión rápida, debemos darle una decisión a más tardar 24 horas después de que obtengamos la declaración de respaldo de la persona autorizada para extender recetas.

¿Qué puedo hacer si mi medicamento no está en el vademécum o tiene una restricción?

Como asegurado nuevo o continuo de nuestra cobertura, es posible que esté recibiendo medicamentos que no se encuentran en nuestra lista de medicamentos. O bien es posible que esté usando un medicamento que está en nuestra lista de medicamentos, pero tiene una restricción sobre la cobertura, como una autorización previa. Debe hablar con la persona autorizada para extender recetas sobre solicitar una decisión de cobertura para demostrar que cumple con los criterios de aprobación, cambiar a un medicamento alternativo que cubramos o solicitar una excepción al vademécum para que cubramos el medicamento que toma. Mientras usted y su médico determinan la medida correcta para usted, es posible que cubramos su medicamento en ciertos casos durante los primeros 90 días que usted esté asegurado por nuestra cobertura.

Para cada uno de sus medicamentos que no esté en nuestra lista de medicamentos o tenga una restricción sobre la cobertura, cubriremos un suministro temporal de 30 días. Si su receta médica es por menos días, permitiremos resurtidos para proporcionar un suministro máximo de 30 días del medicamento. Si la cobertura no es aprobada, después de su primer suministro de 30 días, no pagaremos por estos medicamentos, incluso si ha sido miembro del plan por menos de 90 días.

Si es un residente de un centro de atención médica a largo plazo y necesita un medicamento que no está incluido en nuestra lista de medicamentos o si su capacidad para obtener su medicamento es limitada, pero ya han pasado más de los primeros 90 días desde que su cobertura entró en vigencia, cubriremos un suministro de emergencia de 31 días de ese medicamento mientras tramita una excepción a la lista de medicamentos.

Puede experimentar cambios entre un tratamiento y otro. Durante este cambio de nivel de atención, quizá se le receten medicamentos no incluidos en nuestra cobertura. Si esto ocurre, usted y su médico tienen que usar los procesos de apelaciones y excepciones de su cobertura. Sin embargo, cuando se le admita en un centro de atención médica a largo plazo o se le dé el alta, quizá no tenga acceso a los medicamentos que recibió previamente. Puede volver a surtir su receta al ser admitido o dado de alta para evitar una interrupción en la atención.
