Look at the boxes below and find the one for your child's age. They will tell you when to take your child to each Texas Health Steps Checkup.

Birth to 9 Months

- Babies need checkups when they are three to five days old, two weeks old, then at 2, 4, 6, and 9 months old.
- Doctors make sure babies are healthy and growing as they should.
- During a checkup, the doctor will look at your baby from head to toe, checking for health problems
- During a checkup, the doctor may do tests to check for other problems.
- Babies can also get free vaccines at a checkup to protect them from disease.
- Dental checkups start at the age of six months and then every three to six months.
- The dentist or doctor might put fluoride on your child's teeth during a dental or medical checkup.

1 to 4 Years

- Children need medical checkups at 12, 15, and 18 months old, and at 2, 2 1/2, 3, and 4 years old.
- During a checkup, the doctor may do tests to check for other problems.
- Toddlers can also get free vaccines at a checkup to protect them from disease.
- During the checkup, the doctor will ask you questions about what your child is learning to do and how they are getting along with others.
- Children need dental checkups every three to six months unless the dentist needs to see them more often.

5 to 10 Years

- Children need medical checkups at 5, 6, 7, 8, 9, and 10 years old.
- Children will get vaccines to help protect them from disease.
- During a checkup, the doctor may do tests to check for other problems.
- Finding and treating health problems can help your child do better in school.
- Children need dental checkups every six months.
- Dentists can put special coatings on children's teeth (called "sealants") that help protect their teeth.

11 to 20 Years

- Teens and young adults need to have a checkup each year.
- During a checkup, the doctor may do tests to check for other problems.
- During checkups, doctors talk to teens about eating habits, exercise, ways to prevent injury, and how to have a healthy lifestyle.
- During a medical checkup, the doctor will ask if your teen has any worries that may cause problems with their mental or physical health. This medical checkup is not the same as a sports physical exam.
- Your teen will need to see the dentist every six months.

If the doctor or dentist finds a health problem during a checkup, your child can get the care he or she needs, such as:

- Eye tests and eyeglasses
- Hearing tests and hearing aids
- Other health and dental care
- Treatment for other medical conditions
