

## DO I NEED TO COMPLETE THE 1095 FORM?

If you had health insurance last year, you may need to complete the 1095. How you enrolled in your health insurance will determine who sends it to you.

### Did you have health insurance last year?

#### YES, I ENROLLED IN MY HEALTH PLAN...

NO

##### Through the Health Insurance Marketplace.

The Marketplace sends you **1095-A**. You can also find a copy by logging into your Marketplace account at [healthcare.gov](https://healthcare.gov).

##### Directly with Blue Cross and Blue Shield of Texas (BCBSTX).

BCBSTX sends you **1095-B**. If you didn't get your form, call the number on the back of your ID card.

##### Through my job.

- If you had an insured group health plan with BCBSTX, we send you a **1095-B** form.
- If you had a self-insured group health plan with BCBSTX, your employer sends you your appropriate 1095 form(s).

##### I didn't have health insurance last year.

You will not need a 1095 form to fill out your taxes. Instead, you may have to pay a penalty when you file.
