1 Benefits are reduced when non-participating providers are used. This is a summary of benefit highlights only. All benefits shown indicate member responsibility.

 3 All percentages shown are of allowable amount for covered services.  
 4 Members may have lower out-of-pocket costs for some services provided by non-emergency freestanding outpatient facilities than the out-of-pocket costs for services provided in a hospital setting. See your Summary of Benefits and Coverage for additional details.
