It includes useful information like:

- Using your member ID card
- Exploring your wellness solutions
- Understanding your plan's coverage
- Getting help when you need it.

Please review the information about your coverage and next steps, starting on page 4.

The 65 Plus Medicare Advantage Plan (PPO) is an open access Medicare Advantage PPO plan.

On occasion, you may receive automated communications that reference the plan name 'Blue Cross Group Medicare Advantage Open Access (PPO)SM.' This plan name is the same as the 65 Plus Medicare Advantage Plan (PPO).

Let's Get Started

Make the most of your plan by taking the next steps.

Step 1

Check Your Member ID Card

You can use your benefits starting on your effective date.

Use your 65 Plus Medicare Advantage Plan (PPO) ID card from Blue Cross Group Medicare Advantage whenever you receive a medical service or benefit covered by your plan. When you receive your ID card, review the following:

Effective date

Your confirmation letter will show your effective date — the date your coverage begins. The letter can be used as proof of insurance if you have not received your member ID card by your effective date.

Personal information

Make sure the information on the member ID card is accurate.

- Be sure to show the new card to your providers and pharmacy. Remind them that your old ID and number are no longer valid.
- Keep your ID cards safe like you would a credit or debit card.
- Update the Customer Service number you have saved in your phone with the number listed on the back of your new card.
- If something is wrong on your ID card, call us.

Step 2

Step 3

Understand Your Plan's Network

Selecting a provider.

Your 65 Plus Medicare Advantage Plan (PPO) gives you the freedom to seek care across the country. You can use network providers but have the flexibility to go outside the network for the same cost. No referral is needed. Your providers must 1) accept Medicare; 2) agree to see you as a patient; and 3) agree to submit claims to the plan. Review the Evidence of Coverage for details. All in-network providers have met our strict professional standards. While your plan lets you get care from any provider who accepts Medicare, we encourage you to choose in-network providers when possible.

Be sure to tell the provider's office that you are in a Group Retiree Medicare Advantage Open Access PPO plan.

Call ahead and be prepared.

We recommend that you confirm with providers that they accept your 65 Plus Medicare Advantage Plan (PPO) and will submit claims directly to the plan. At your appointment, show the office staff the **'Your Providers, Your Personal Network'** flyer that is included with this Welcome Guide. Detailed plan information, including cost-sharing that applies to services, can be found in your Evidence of Coverage.

We work closely with your provider to deliver care.

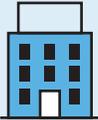

Before you can be covered for certain high-cost medical services, your doctor may need to get authorization from the plan. You may first need to try other clinically appropriate or cost-effective treatments.

Our plans follow government guidelines in this area to ensure you receive the most appropriate, cost-effective care available.

Your Options for Care.

With several choices for accessing medical advice and treatment, it can be challenging to know who to call when. Picking the best option can give you peace of mind and save you time and money.

 24/7 Nurseline	Nurses can answer questions about ailments and medications and assist you in deciding where to go for care. Call 24/7 Nurseline at 1-800-631-7023 TTY 711 to connect with registered nurses at no additional cost.
 Virtual Visits (MDLIVE®)	See and talk to a doctor or therapist on your computer, tablet, or cellphone for non-emergency medical conditions. To activate your account, free of charge, you can: <ul style="list-style-type: none">• Call MDLIVE at 1-866-954-3584 TTY users call 1-800-770-5531• Go to www.mdlive.com/bcbstx-medicare• Text BCBSTXMEDICARE to 635-483• Download the MDLIVE app
 Virtual primary care	Your primary care provider knows your medical history best and may provide virtual options.
 Doctor's office	Your primary care provider can provide routine and preventive care and treatment for a current health issue or refer you to a specialist.
 Urgent care center	Urgent care can be a good choice for minor health issues that require timely attention but are not emergencies. It is a convenient choice after hours or if you can't get in to see your primary care provider.
 Emergency room	If you need immediate treatment for a critical condition or life-threatening illness, call 911 or go to the nearest ER.

Step 4

Review Your Evidence of Coverage

The EOC explains:

- Your rights and responsibilities.
- What's covered.
- Your costs.

We encourage you to review your EOC. It lists the coverage, costs and extra health and wellness benefits that are provided by your 65 Plus Medicare Advantage Plan (PPO). It's an important legal document, so keep it in a safe place. It can be found on BAM (see Step 2) or you can call Customer Service for a printed copy.

If you have questions about your covered benefits, call us.

Step 5

Schedule Your Annual Wellness Visit

Digital Cards

You should receive an email with your non-refundable and non-exchangeable digital gift card within 24 hours of placing your order. Be sure to check your spam folder in the event your email provider has blocked the delivery. The process for checking balances will vary by retailer. Information about checking balances for the chosen retailer will be provided along with the gift card code sent via email.

If your gift card is denied during a transaction, first check the balance of the card. If there is still a balance on the gift card, or the retailer won't accept it, call Customer Service at the number on the back of your member ID card. They will work with the retailer to resolve the issue.

Forms You May Need

You may need these forms during the year. All forms can be found on BAM at mybam.bcbstx.com.

- **Appointment of Representative**

This form lets you choose someone to make decisions on your behalf. It also lets them get your health information such as Explanation of Benefits and bills (if you have a premium). This form may also be used to let the Plan share your health information with a third party such as another health plan or provider. Having this completed form on file is vital for caregivers.

- **Authorization to Disclose Protected Health Information**

Use this form to allow the Plan to share your PHI with a person or entity you choose.

- **Coverage Determination**

If the Plan will not cover a medical service, you may ask for a coverage determination. Choose the form that matches your request.

In-Home Health Assessment

As part of our commitment to your health and wellbeing, your Medicare Advantage group retiree plan includes an optional, In-Home Health Evaluation by a licensed and credentialed clinician (certified nurse practitioner, physician assistant or medical doctor) from one of our trusted partners listed on page 18. All members can receive an In-Home Health Evaluation. There is no obligation or cost.

The 45-to-60-minute IHE or telehealth visit provides extra time outside of a Primary Care Provider for you to discuss your physical, emotional and mental health in the comfort of your home. This evaluation can help you discuss health concerns, learn more about disease management programs and have your home checked for possible safety issues.

You will first receive a letter from our partner, followed by phone calls on behalf of the plan to further explain IHE and steps for scheduling a visit.

All clinicians will answer COVID-19 screening questions before entering your home. CDC guidelines are being followed to ensure the safety of both you and the clinician.

Annual Notice of Change

Near the end of the plan year, you'll receive an ANOC from Blue Cross Group Medicare Advantage. This notice outlines the premium and benefit changes (if any) for your plan. These changes will begin at the start of the new plan year. Review this document carefully.

Explanation of Benefits

You'll receive a statement called an EOB. How often you receive it depends on how often you fill your prescriptions or see your provider. This statement is not a bill. It simply details what you have paid and indicates the level of benefits you've used. Review these details to be sure they are correct. If you think there are errors, call Customer Service at the number on the back of your member ID card. If you think you are the victim of fraud, report it immediately.

We partner with the following vendors to help you take care of your health and wellness. Please know these are our trusted partners in providing you unparalleled care.
