## Annual Enrollment is coming soon

Health insurance protects participants when they're sick, injured, and need care. But TRS-ActiveCare plans are designed to help them get and stay healthy, too.

All TRS-ActiveCare plans include valuable features that make them stand out, including:

- 100% covered preventive care
- broad provider networks
- extensive mental health benefits
- specialty drug coverage
- wellness benefits including \$0 cost one-on-one health coaching; Ovia Health® for prenatal care, pregnancy and parenting support; and the Fitness Program

### What's new this year

Changes for the 2022-23 plan year make TRS-ActiveCare even better:

- The Member Rewards program is expanded to include all TRS-ActiveCare plans and more than 100 new services.
- The maximum out-of-pocket cost for insulin is capped at \$25 for a 31-day supply and \$75 for a 61-to-90-day supply.
- Regional ratings help TRS-ActiveCare provide competitive rates that reflect the health care costs where participants work.
- Regional ratings give your district access to the purchasing power and stability of TRS-ActiveCare and maintain the same selection of plans with broad, quality-based provider networks.

### Choosing a plan

Annual Enrollment is the only time this year participants can choose their health plan. They'll want to compare the 2022-23 TRS-ActiveCare plans to figure out which coverage is best for them. You can see information about the plans [here](#).
