

Have your district's employees selected their health plans yet? | view in [Web Browser](#)

Hello,

Have your district's employees selected their health plan for 2021-22? We'll be emailing them next week reminding them to consider their plan options for the new school year. Take this opportunity to encourage them to review the plans and enroll in the plan that works best for their families.

Employees who don't actively choose a new plan for 2021-22 during your district's enrollment, will automatically be enrolled in the same plan they had in the 2020-21 plan year.

Now is also an excellent time to tell them about the many wellness benefits at the heart of this year's TRS-ActiveCare plans, including:

- **\$0 one-on-one wellness coaching**—Employees can work with a dietician, manage their cholesterol, get help quitting smoking, and more.
- **Gym memberships as low as \$19/month**—in-person, online, and hybrid options
- **Therapy and mental health services**—in-person, online, or by phone

Watch and share the [TRS-ActiveCare video](#) for more information!

Have you pointed out the advantages of the TRS-ActiveCare Primary and Primary+ plans to your district's employees? Those on the TRS-ActiveCare HD plan may not be aware that the two physician-directed plans let them access care quickly when they need it, know they have a doctor who has their back, and get great value with built-in cost-savings.

Encourage them to find more information about these plans here:
