#### How personal, local health care supports employees

Regionally rated plans tailored to meet the needs of educators.

- Blue Cross and Blue Shield of Texas (BCBSTX) has a nationwide network and the largest network of doctors in Texas, making health care accessible.
- Coverage is more personal with many programs that customize care.
- Plans are competitively priced to reflect costs in your area while maintaining access to the purchasing power of TRS.

#### Size = strength

TRS supports your district and employees with Texas-sized negotiating power.

- 90% of districts opted to remain in TRS-ActiveCare after the passage of State Bill 1444 (SB 1444).
- Lower-cost plans may actually cost your district and employees more. They typically have smaller networks with fewer provider choices and limit or exclude specialty medications.
- TRS-ActiveCare offers comprehensive coverage, while other health plans may provide only catastrophic coverage or coverage with scaled-down benefits.

#### New this year

- no-cost specialty medication program that can save employees hundreds of thousands of dollars
- no-cost pain relief pilot programs
