Congrats!

The benefit of prioritizing your health and wellness at work goes far beyond boosting morale and team building.

The health and wellness programs offered by TRS-ActiveCare can help reduce stress, prevent illnesses and improve emotional and mental health. **The best part is... they're FUN!**

The winner of the fall TRS-ActiveCare Wellness Spotlight is...  
**Irving ISD!**

Irving ISD’s wellness team wasn’t just walking the walk – they hit the ground running! In 2024 IISD worked hard to create a strong culture of wellness by:

- opening their Magda A. Hernandez Institute of Wellness and Professional Learning offering a **meditation and wellness room, well-being and fitness coordinators, exercise classes and professional learning spaces**
- hosting **monthly wellness social hours** spotlighting health and wellness resources and educational events on **women’s health and family planning**
- coordinating annual **mobile mammogram screenings**
- planning an **annual benefits fair** to highlight wellness partners

They aren’t stopping there! IISD worked closely with their District Ambassador at Blue Cross and Blue Shield of Texas and was awarded funding from BCBSTX to be the **very first Texas ISD to construct an outdoor fitness court.**

IISD is doing an incredible job advocating for the wellbeing of their workforce and the hard work is paying off! Thank you for being a great role model for wellness.
