KEEP YOUR DOCTOR AND SAVE MONEY.

You may be spending too much on your health care.

We noticed your current doctor is in the [TRS-ActiveCare Primary](#) and [TRS-ActiveCare Primary+](#) plans' provider network. Switch from the TRS-ActiveCare HD plan in the 2021-22 plan year to keep your doctor while saving money.

TRS-ActiveCare's 2021-22 Annual Enrollment is almost over. You only have a short time to make this change. Check with your district for your specific Annual Enrollment dates.

TRS-ActiveCare Primary and TRS-ActiveCare Primary+ have cost-savings built in, so you'll save in several ways:

- \$30 copays for in-network doctor visits, mental health services, and physical therapy
- \$70 copay for in-network specialist care
- lower deductibles for medical care and prescriptions
- specialty drug coverage
- no-cost virtual health
- preventive care covered at 100%
- wellness benefits that make being healthy easy

TRS-ActiveCare Primary also has the lowest total premiums of any TRS-ActiveCare plan while still having a broad network that includes your doctor.

TRS-ActiveCare Primary and TRS-ActiveCare Primary+ are physician-directed plans. That means your current doctor will continue to manage your care and refer you to specialists as needed.

Remember, Annual Enrollment is the one time of year you can choose a different health plan unless you have a qualifying event like marriage, divorce, or a new baby. **If you don't actively change your plan for 2021-22 before Annual Enrollment ends, you'll be re-enrolled in the TRS-ActiveCare HD plan.** Don't miss out on the chance to choose the plan that best fits your needs.
