

Earn Cash with Member Rewards

Did you know that prices for the same quality medical services can differ by thousands of dollars in the same region and health plan network? Blue Cross and Blue Shield of Texas provides **Member Rewards**, a program that gives you cash rewards when you choose a lower-cost, quality option for certain medical services.

- Compare Member Rewards to where you park your car — the \$30 lot or the \$15 one just a few blocks away.
- Member Rewards lets you shop for health care services in a similar way. As the example in the chart shows, you can save money depending on the option you choose.
- Best of all, your coinsurance or out of pocket costs may be lower based on the provider you choose. Not only are you earning a cash reward, but you're also lowering your cost to see the chosen provider.

Reward Eligible Procedure	Provider A Cost	Provider B Cost
X-Ray of Chest	\$29	\$102
MRI of Lower Spine	\$620	\$1,389
Mammogram	\$194	\$370
Colonoscopy	\$1,412	\$2,239

Examples shown are for illustration purposes and may not represent costs for procedures in your area.
