

Where to Go for Care

Sometimes it's clear where to go for care. If you have signs of a heart attack, it's best to go to the emergency room. But what if you have a sore throat? Stomach cramps after a sushi meal? Or lower back pain?

If you know where to go, you may save yourself time and money.

It's easy to find independently contracted, in-network providers:

- Go to **FindADoctorTX.com**
- Choose "Log in to Search" under "Personalized Search" to find doctors and hospitals in your plan's network
- If you need help, call Customer Service at the number on your ID card

Virtual Visits

- Got an itchy rash?
- Sinuses stopped up?
- Fighting a fever?

Online appointments via MDLIVE® put a doctor's care at your fingertips 24/7. Services are available in English and Spanish with translation services available in other languages. Call **888-921-0309** or go to [our website](#).

Good for: health exams, colds, flu, minor injuries

Average Wait: short

Cost: in network \$

Primary Care Physician

- Is your blood pressure high?
- Are allergies making you miserable?
- Can't sleep?

Your go-to provider is a good place to start. Some even offer telemedicine. Your doctor will tell you if you need to see a specialist.

Good for: health exams, shots, cough, sore throat

Average Wait: check with office

Cost: in network \$ out of network \$\$

Urgent Care Center¹

- Sprain your ankle?
- Have a monster migraine?
- Can't stop coughing?
- Need non-emergency care right away, but your doctor's office isn't open?

These centers may offer care evenings, weekends and holidays.

Good for: back pain, vomiting, animal bite, asthma

Average Wait: often less than ER

Cost: in network \$\$ out of network \$\$\$

Hospital ER

- Worried you may be having a heart attack?
- Did you black out after a nasty fall?

ER doctors and staff treat serious and life-threatening health issues 24/7.

Good for: chest pain, bleeding, broken bones

Average Wait: varies

Cost: \$\$\$\$

Note: Many sites of care now offer telemedicine options for your visit. Check with your primary care physician to see if they offer telemedicine visits.

Know the Difference: Freestanding ER vs. Urgent Care Center

Freestanding ERs look a lot like urgent care centers, but may not be affiliated with an in-network hospital. That means you could end up with a hefty bill (or several bills). You might even be sent to a hospital ER for care! Here are ways to spot a freestanding ER:

1. Look for "Emergency" on the building exterior.
2. Check the hours. If it's open 24/7, it's a freestanding ER. Urgent care centers close at night.
3. Confirm it's not connected to a hospital.
4. Ask if it follows the copay, coinsurance and deductible payment model.

If you need emergency care, call 911 or seek help from any doctor or hospital immediately.

1. The closest urgent care center may not be in your network. Be sure to check Provider Finder® to make sure the center you go to is in-network.

Virtual Visits may be limited by plan. For providers licensed in New Mexico and the District of Columbia, Urgent Care service is limited to interactive online video; Behavioral Health service requires video for the initial visit but may use video or audio for follow-up visits, based on the provider's clinical judgment. Behavioral Health is not available on all plans. MDLIVE is a separate company that operates and administers Virtual Visits for Blue Cross and Blue Shield of Texas. MDLIVE is solely responsible for its operations and for those of its contracted providers. MDLIVE® and the MDLIVE logo are registered trademarks of MDLIVE, Inc., and may not be used without permission.

Information provided in this flier is not intended as medical advice, nor meant to be a substitute for the individual medical judgment of a doctor or other health care professional. Please check with your doctor for individualized advice on the information provided. Coverage may vary depending on your specific benefit plan and use of network providers. For questions, please call the number on your member ID card.

Members are strongly advised to search and verify the network status of any health care provider or facility before receiving care to avoid unexpected charges. Network participation may change, and it is the member's responsibility to review whether a provider is in network at the time of service.

Examples given for each care scenario are not intended as an exhaustive list. You may seek care and be treated for other conditions or illnesses other than those cited as examples.
