Routine Checkups Give Babies a Healthy Start

All children need a Well Child checkup every year. Medicaid members receive a Texas Health Steps. CHIP members receive Wellness Checkups.

As part of a STAR or STAR Kids Early and Periodic Screening, Diagnostic and Treatment (EPSDT) checkups schedule, babies should see the doctor:

- At least six times from birth to 15 months
- At least two times from 15 to 30 months

At a CHIP Well Child visit, the doctor will:

- Check your child's height and weight
- Make sure vaccines are up to date
- Answer your questions
