Network Participation

Out of network providers must seek prior authorization for all services. The exceptions are for emergency services, emergency ambulance services, stabilization, and services provided by Indian Health Services (IHS).

Notification Requirements

In cases of an emergency, notification is required within one business day of admission.

Medical Necessity

Medical necessity must be met for all services regardless if prior authorization is required. All services are subject to retrospective review and recoupment in accordance with State and Federal rules and regulations.

Inpatient Facility Admission Summary

Prior authorization required for all planned (elective) inpatient hospital care (surgical, non-surgical, behavioral health and/or substance abuse). Elective admissions must have prior authorization **before** the admission occurs.

All unplanned inpatient hospital care (surgical, non-surgical, behavioral health and/or substance abuse). Notification must be made within one business day of admission to the facility.

All admissions to a skilled nursing facility, a long term acute care hospital (LTACH) or a rehabilitation facility.

All residential treatment program admissions.

Limitations Of Covered Benefits by Member Contract

The table below includes information on benefit prior authorization requirements for non-emergency services provided to Blue Cross and Blue Shield of Texas Medicaid members. Medical necessity, as defined in the Member Handbook, must be determined before a benefit prior authorization number will be issued. Claims received that do not have a benefit prior authorization number may be denied. Independently contracted providers may not seek payment from the Blue Cross and Blue Shield of Texas Medicaid member when services are deemed not to meet the medical necessity definition in the Member Handbook and the claim is denied.
